Mission Statement

The Upton Historical Commission was created at Town Meeting in 1963. The Commission's fundamental mission to identify, inventory, and preserve the unique historical heritage of Upton. Our goals and duties include:

- encouraging awareness among Upton's citizens of the town's historic heritage and resources
- advising property owners seeking to restore or maintain the historic character of their properties
- working with the community to place significant properties on the National Register of Historic Places and create historic districts where appropriate
- protect historically and archaeologically valuable sites
- assist the public in accessing historic documents and doing historical research
- fairly and reasonably implementing the town's Demolition Delay By-Law
- caring for Upton Heritage Park and the First Cemetery
