Citizens Forum:

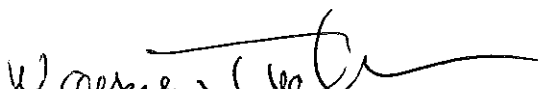

Mr. Ernest Ebbeling spoke to the members of the Board regarding the operation of the septic system installed at 237 Sutton Street. Mr. Ebbeling believes that the system, although there is no proof, is emptying septage waters on to his property at 223 Sutton Street. Water emptying in to this garden area has been a common occurrence throughout the years. This year there is a higher volume of groundwater from excessive rains this spring. No resolution was established.
