

**Minutes Uxbridge Board of Health meeting Thursday, September 6, 2007 9 AM  
Room 204 Town Hall 21 South Main Street, Uxbridge, MA 01569**

**In attendance: Susan A. Smith, Chairman, Cay Den Herder, Member and Joyce Gareri, Animal Control**

**Guests: David Parker, 91 Rockmeadow Road, nuisance livestock, cows, endangering public.**

Mr. Parker told the Board that he is replacing the current barbed wire with a heavier gauge and also replacing the metal poles with telephone poles. The upper pasture, where the animals have been escaping from, is now closed off. The lower pasture will be secured this weekend.

The Board advised Mr. Parker that he would have to replace his barbed wiring with electric fencing if the improvements fail to keep the cows secured. The Board will follow-up with a site visit to check the progress of the repairs.

**Andrew and Linda Capistran, 220 Sutton Street**, came to this meeting to speak with the Board regarding an outside wood burning furnace that a neighbor has installed and is causing them to be unable to enjoy their outside deck or have their windows opened due to the smoke, soot and stench emanating from the unit.

The Board will have the Health Agent further investigate the complaint.

**Adjournment: 9:40 a.m.** Cay Den Herder moved to adjourn today's meeting. Susan Smith seconds the motion. The vote was unanimous.

The next meeting is scheduled for September 20, 2007 at 9:00 a.m.

Respectfully submitted,  
Denise Delannoy, Secretary, for the Uxbridge Board of Health
