**New Business:**

**1. Available Funds:**

- Discussion took place regarding available funds. Barry stated according to last fiscal report as of June 30, 2015, the account held \$5112.00. The state funds awarded for the new fiscal year is \$4300.00
- Discussion took place regarding using funds – question – should we allocate full amount of \$5112 available or the state award amount of \$4300
- Per Barry – we will use \$4300 as a guideline

**2. Issue regarding application from previous year funding:**

- Barry had concern from a particular approved applicant and funds from last year's appropriations. Per council rules, event must take place by end of September. Approved Applicant was told that he could plan the event in December and still be available. Approved Applicant was told at some point after September that funds were not available for event held in December. He did not hold event and was subsequently not happy with outcome.
- Barry to find out from town accountant if funds were still available in the account as they were not used by this approved applicant. If funds were still available, can the previously approved fund still be used by Approved Applicant?
