2. Faye suggests web page should be updated with the following paragraph-The Uxbridge Historic District Commission was established to encourage the preservation of the historic buildings that contribute to the cultural heritage of the town of Uxbridge. These unique and non-renewable resources help to maintain a sense of place and time in our neighborhoods and town center. They inform our understanding of the past, and through their maintenance, rehabilitation and reuse, they will continue to play a role in shaping a vital and dynamic community into the future. Historic preservation is integral to protecting the quality of community character which makes Uxbridge an attractive place for visitors and residents alike.
