## **NEW BUSINESS:**

### **1. Kristen Lane**

Discussed, this is not a public safety issue.

### **3. Sidewalk maintenance**

Discussed and all agreed that there needs to be wording for holding residents responsible for removal of snow from their sidewalks. Sean will put a policy together for Public Safety Committee to review at the next meeting.

### **4. King Street**

This is a public way and discussions were held on whether to shut the street off or finish it. Bill Kessler said from a fire safety view the town will have to either finish King Street or put a cistern in and a cul-de-sac they cannot just block it off. Fire apparatus cannot turn around at the end.

The committee members agreed that before this went before the Board of Selectmen they should contact Ocean State Power. Benn Sherman and Bill Kessler will contact Brandon at Ocean State Power and discuss what the options are.

The committee needs to take care of the public safety issues in this area.

### **5. Street Lights**
