Item 5: Public comments

Citizen Karen Walker expressed her concern of not having absentee ballots available yet in the Town Office.

New Business:

Item 6: Approval and signing of the Amended Warrant

Chairman Tammy Olson stated that the warrants were all approved at the Public Hearing. There has been some discrepancy between how we used to do things and how we have to do things for the first three years out of the RSU, because of this we had to redo the warrant and that is why we are here tonight to approve the amended warrant with the school budget completely broken down item by item. These warrants will be posted, to be voted on at the Annual Town Meeting on June 11th at 8:00pm at the Veazie Community School along with all the other budget items. Assuming whatever gets approved the night of the 11th, we will then have to vote on a separate date that will be set by the Council. Then there will be a separate election where you will all come to the Town Office, like you will on the 11th to vote for the Committee and Council members.

It's unfortunate that we weren't able to match up the dates, but it will all straighten it self out in time.

Manager Mark Leonard added that this will have to occur for the three years, this being year one and two additional years where we will have to hold two separate voting processes.

Councilor Joseph Friedman made a motion, seconded by Councilor Brian Perkins for the approval and signing of the Amended Warrant. No discussion. Voted 4-0-0. Motion carried.

Agenda Items

For June 11, 2013

Item 7 - We have been contacted by LHS on the purchase of our previous voting machine. They have offered \$100.00. I would look for your guidance on the sale of this piece of equipment. It has been replaced by a newer version and is of no use to the Town.

Item 8- We have received the contract from Branter, Thibodeau and Associates for year end services to be provided. They are requesting review, and if you approve, the signature of the Chairman of the Council and me as the Town Manager.

Item 9- I have received an offer letter from William Collins as the County Administrator for Penobscot. As you will see from the letter they are offering \$30,000.00 for the purchase of the 1991 Central States Fire Truck. This is below the \$40,000.00 that was requested at the May 20, 2013 meeting. I have spoken with Mr. Collins and other Staff from Penobscot County and they are willing to enter into negotiations with the Town and the desire is to complete the purchase before July 1 as that is when the funds need to be expended. I am looking if you want to simply refuse the offer, if you want either me or someone else from the council or a combination to enter into negotiations or if you want to table the matter until we receive a report from the fire department reorganizational committee.

Item 10- Attached is an email from Mr. Kennedy inquiring what action is being taken reference the floor. I have contacted CES, as requested, and spoke to Peter Toole and requested a copy of the inspection they had completed several years ago. At the time of this writing I have not received the report. Mr. Toole did relay that he would have to research archived files to locate the requested document. Another solution that Mr. Kennedy is offering is to lay over the existing flooring with a thin type of plywood and then varnish this flooring. He has recently seen this at another location and thought that it looked much better than the tile flooring and this type of installation would be his preference at this point. He has provided pricing for this with out glue and screws to be approximately \$1,900.00. This is below the \$2,500.00 that was approved. I also believe that this type of application would negate the question if asbestos exists in the current flooring or not. I would look for your guidance on how you want me to proceed.

On the sale of the Community Center we have contacted the third Realtor again and asked for his evaluation. We were told that he was out of State but would email the requested information on Monday when he returns. If it is received I will provide the information at the Council Meeting

Item 11- As requested I sent a letter to Mr. Loomis with your decision on his complaint. As of this writing I have not heard from him and if I don't hear from him by June 10 I will be asking that Code Enforcement follow up with him as was outlined in the letter.

Item 12- For your review are the contracts with Bangor Savings Bank to take over investment services for the Town which was approved at a previous council meeting. Upon your review and approval I will sign the documents and return so the service can begin.

Item 13- As of this writing I have heard from three citizens that are interested in sitting on the Fire Department reorganization committee which meets the requirements that we were requested. We also sent out a request in the newsletter but have not received any interest since the mailing. I'm looking for your guidance on how you want to proceed. As of this writing the citizens interested are Hayley Martin Ireland, John Manter and Bill Reed. I'm unsure who will represent the Fire Department or the Council.

Dear Mark:

Thank you for the chance to present the Gateway Senior Center to the Town Council. I am enclosing our revised brochures for anyone who wants one. Please give some to Rob Young for seniors. If he wants more, let me know and I will send more.

Is it okay to say that we are collaborating with the town of Veazie? Let me remind you that we would like to have someone from Veazie with an interest in services for seniors, such as the Parks and Recreation Director , to represent Veazie on our Advisory Board. We anticipate that there will be two meetings per year.

Also, I would like to contact Rob Young directly about planning a party with Veazie seniors so that they can complete a survey that assesses their needs at our senior center. We could probably arrange to bring appetizers and wine, as well as the written survey.

Again, thanks for letting us speak to the council.

Regards,

Good morning.

Checking in to see if we can make a plan to get rolling. I would really like to do the wood floor. For a couple reasons. It would look much better, less labor overall and should be more durable. With listed prices...the wood alone would cost \$1700. Varnish \$200. Still need to price screws and glue.

Thanks

Mr. Loomis,

I am writing this as a follow up to your complaint that was both emailed to me and also dropped off at the Veazie Town Office on May 15, 2013 reference your dissatisfaction with a decision that had been made not to pick the items that you had placed in front of your home located at 1044 Main Street.

On May 20, 2013 I presented this complaint to the Veazie Town Council for determination on how they wanted to proceed. After discussion it was determined by the members of the Council that the items you have placed beside the road will not be picked up by any employee of the Town of Veazie or any sub contractor that the Town of Veazie contracted with. They have requested that you remove the items by no later than June 10, 2013, because of the many concerns that you outlined in your original complaint. Failure to comply with this request will result in further action by the Town of Veazie's Code Enforcement Officer. It is my hopes that you will be able to resolve this in a timely manner.

If you have any questions, concerns or comments reference this letter please don't hesitate to contact me at the town office or I can be reached by calling 207-947-2781 ext 14.
