DATE: Monday, March 7, 2011

TIME: 4:30 P.M.

PLACE: Wareham Town Hall, Conference Room 23, 54 Marion Road,

AGENDA: For the purpose of discussion an emergency petition pursuant to Chapter 31, section 44, to secure funding for the emergency repair for the Onset Stonebridge sewer pipeline. The reason that this is an emergency is that the pipeline is in imminent danger of rupture which would lead to a loss of sewer services to the Point Independence area and would result in a severe contamination of the bay.
