The meeting minutes for the 14 March 2011 meeting approved, 4-0-0

Discussed a list of open space in Wareham. The Conservation Agent needs to review the properties held by the Conservation Commission to determine their status. Discussed the stewardship on land that the Town holds Conservation Restrictions. We believe that the Decas CR and the Marks Cove CR are the only properties where the Town is the sole holder of a CR. The Town co-holds several CRs with other agencies. The list was emailed to the Conservation Agent for review.

The Swifts Beach Association is working on a Conservation Restriction Draft for the Town property at Swifts Beach. The CR was submitted to the Selectmen. No action taken.

The next Open Space Committee meeting is scheduled for 9 May 2011.

Meeting adjourned 6:30 PM, 4-0-0

Respectfully submitted by Kevin Bartsch
