

**Westfield Meeting Minutes
September 20, 2010**

4-0-2

Present: M. Jane Donahue
Christopher Smith
James Franklin
Anthony Scarsciotti
Not present: Donna Hagopian-Barros
Donna Bronk
Richard Boucher

Meeting called to order at 6:35.

Tony inquired as to why the article went on from the committee rather than the citizen's petition. Jane Donahue replied she had the article put on the warrant from the committee because she felt the hurricane might be a distraction and town hall had closed early on that Friday.

Discussion ensued regarding Town Meeting and what negative ramifications Richard Heaton and the Zoning Board of Appeals issue might have on the article.

* *Discussion ensued regarding tabling the article until Spring Town Meeting.*
Discussion ensued again, regarding all the information provided to the committee by Mr Heaton. It was agreed that the information was verifiable primary source information. Tony Scarsciotti said he felt the information was accurate. Jane Donahue concurred. Chris Smith again brought up the issue of the tax title and the covenants on the deed. Tony explained the covenants stated the developer had given up his rights to further develop and reaffirmed the town's ownership and control of the property.

It was decided to approve minutes at the next meeting when everyone was here.

By consensus the four people present agreed not to take any votes and to wait for the next meeting to discuss further Town meeting strategy.

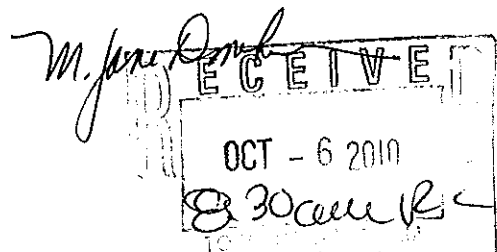

It was requested again that Pam Sequiera from Wareham Housing Authority be invited to return.

Next meeting will be Monday September 27th at the Multi Service Center at 6:30 pm.

Motion to adjourn by Jim Franklin, seconded by Tony Scarsciotti.

Meeting adjourned at 7:30

*Approved 6-0-0 on Sept 27th with *
amendment added -*
