

**Washington Energy Committee**  
**February 2014**

**Present:** Al Krygeris, Johanna Young and Andrew Hatch

- There was no meeting in December due to snowstorm. We will not hold a March meeting as Johanna will be out-of-town and we will have just met for Town Meeting that week.
- Upcoming conferences: the Local Energy Conference is to take place the second Saturday in April in Concord. Al and Andrew will attend. Johanna has a conflict with the date and cannot attend. Al and Andrew will update her after the meeting.
- Discussed which questions we will put in our survey for Town Meeting. Johanna will type up a draft and send to Andrew for final revisions and production. Andrew also volunteered to put some pictures and statistics about town energy savings from the solar panel on a display for town meeting. He suggested we also put the mission statement at the top. Johanna will email a copy of our mission statement to him. Johanna will also ask the Planning Board for responses to questions about energy on the recent town survey.
- Al and Andrew will get some prizes for the raffle. Al will go through last year's report to pull out statistics about energy expenditures.
- Our next meeting will be at the Town Hall at 7 p.m., April 10<sup>th</sup>.

Respectfully submitted by,

Johanna Young, Secretary Pro Temps
