3.0 Old Business:

- 3.1 Camp Director Barbara Griffin reported that we have 88-registered campers and 13 swim only. Bill Cote health and safety advisor for the LGC came and inspected the camp area and thinks that the area is very safe but a sign □Swim at your own risk□ at the fence and □No Diving□ will be stenciled on the raft. Eaton advised that one of the lifeguards reported that the left buoys are out of site from the lifeguard chair. The raft will need to be moved out further to make it safe. Hanssen is working on getting more lines to move the buoys out to make the raft safe. Griffin reported to the members of an incident that had occurred during the past few days. Griffin reported that the counselors and the staff are working great. Griffin said that we are going to Canobie Lake Park this Friday with a rain date of next Friday. Griffin reported that the t-shirts are in. L□Hommedieu wanted to commend the Public Works Department who came down immediately and removed an unsafe pipe that was sticking out of the ground.
