2014 ANNUAL TOWN REPORT - TOWN OF WASHINGTON NH
State of New Hampshire
TOWN WARRANT
2015

To the inhabitants of the Town of Washington, in the County of Sullivan in said state qualified to vote in Town affairs; You are hereby notified to meet at Camp Morgan Lodge, 18 Wolf Way in said Washington on Tuesday, the tenth (10th) day of March 2015 at eight of the clock in the forenoon until seven of the clock in the evening, for ballot voting of Town Officers and all other matters requiring a ballot vote: and, to meet at Camp Morgan Lodge, 18 Wolf Way in said Washington, on Saturday, the fourteenth (14th) day of March 2015 at ten of the clock in the forenoon, to act upon Articles 2 through

ARTICLE 1.

- 1.0 To choose all necessary Town officers for the ensuing year.
- 2.0 (By ballot) Are you in favor of eliminating the board of assessors as elected officers?
- 3.0 To hear reports any and all reports from officers, committees, boards and take action thereto.

ARTICLE 2. To see if the municipality will vote to raise and appropriate the sum of \$1,752,000.00 (gross budget) for the rehabilitation of the Meetinghouse/Town Hall in accordance with the construction plans dated 10/01/2012, and to authorize the issuance of not more than \$1,752,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and further, to raise and appropriate an additional sum \$92,000.00 The selectmen recommend this appropriation. (2/3 ballot vote required).

ARTICLE 3. To see if the municipality will vote to raise and appropriate the sum of \$1,667,000.00 (gross budget) for the construction and original equipping of a new safety building, and to authorize the issuance of not more than \$1,667,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon and further, to raise and appropriate an additional sum \$89,000.00 The selectmen recommend this appropriation. (2/3 ballot vote required).

ARTICLE 4. To see if the Town will vote to appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) from the Forest Account for the Forest Committee use.

ARTICLE 5. To see if the Town will vote to require a two third (2/3) vote of Town Meeting before sale of any Town Forest property, when recommended by the Forest Committee and concurred by the Selectmen. If adapted, henceforth it would requires a two third (2/3) vote of Town Meeting to change this article.

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of Four Hundred Thirty Six Thousand Nine Hundred Seventy Dollars (\$436,970.00) to defray the costs of General Government for the ensuing year. This article is exclusive of all other warrant articles.

BINDING DECISIONS FROM PREVIOUS MEETINGS

- 78-6: Mandates that the Planning Board members be elected, rather than nominated as theretofore.
- 78-30: Authorizes the appointment of a deputy tax collector.
- 78-33: Names the various sections of the East Washington Cemetery.
- 78-34: Requires perpetual care on cemetery lots subsequently sold.
- 79-20: Elected a five member Parks & Recreation Commission, appointed by the Selectmen.
- 79-23: Requires new untrained assessors to attend Department of Revenue Administration training during their first year in office.
- 80-11: Transfers to the Town responsibility for maintenance of the security light on the Marlow side of Ashuelot Pond.
- 80-14: Addition at Shedd Free Library was dedicated to Preston R. Rolfe and room in Shedd Free Library dedicated to Zaida E. Cilley.
- 80-26: Continues the 1961 policy on selling real estate and surplus equipment, provided that the latter is advertised and the former was acquired by tax collector's deed.
- 81-21: Identifies the Camp Morgan campfire area as the Hubie Williams Campfire Site.
- 81-28: The town clerk's copy of the annual checklist is to be retained in the Archives.
- 82-18: Makes Town Meeting approval necessary before structurally altering Town buildings.
- 84-27: Permits Washington to enter into an agreement with neighboring towns for mutual communication and dispatch services.
- 85-25: Prohibits parking in front of the Town buildings on the Common.
- 87-18: Prohibits consumption of alcohol on Town property.
- 87-27: Establishes a Capital Improvement Plan.
- 87-36: States that the Tax Collector will be paid an annual salary. (Previously a percentage of the tax income.)
- 89-24, 25: Covers tax exemptions for the elderly and the blind.
- 90R: Covers several tax exemptions for the use of certain types of energy and for veterans.
- 90-24: Establishes a Capital Reserve Fund for structures and equipment used in recycling Town Meeting to expend.
- 92-37: Permits the Selectmen to accept gifts to the Town, other than money, for any public purpose.
- 93-25: Makes the Rescue Squad part of the Fire Department, but with its own By-laws, etc.
- 94-5: Establishes a Health Insurance Reimbursement Account under the General Fund Trust Fund.
- 94-33: Permits the Library trustees to apply for, expend, etc., money from various sources.
- 94-34: Permits Selectmen to issue tax-anticipation notes.
- 95-36: Permits Selectmen to apply for, expend, etc., unanticipated money.
- 95-37: Permits Selectmen to dispose of surplus property other than real estate.
- 96-14: Establishes a Capital Reserve Fund for fire apparatus.
- 96-26: Permits Trustees to accept donations of personal property to the library.
- 96-35: Permits the Selectmen to convey Town real estate up to 10 acres.
- 99-6: Makes the position of selectman and police officer incompatible.
- 99-7: Establishes capital reserve fund for cruiser replacement.
- 00-12: Establishes Town forests.
- 00-26: Establishes capital reserve fund for Highway maintenance equipment.
- 01-12: Established the Rescue Squad Intercept Fund Reimbursement Account- Selectmen as agents to expend.
- 01-13: Established the Rescue Squad Reserve Fund- Selectmen as agents to expend.
- 02-B1: Established the Noise Ordinance.
- 02-B3: Established the Wireless Telecommunications Facilities Ordinance.
- 02-B4: Established the Impact Fee Ordinance.

2014 ANNUAL TOWN REPORT - TOWN OF WASHINGTON NH

- 02-6 Established the Capital Reserve Fund for Revaluation- Selectmen to expend.
- 02-9: Established a Conservation Commission under the provision of RSA 36-A.
- 04-20: Revenue from the Land Use Change Tax to be deposited to the Conservation Fund.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Washington
Washington, New Hampshire

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Washington as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 1-B to the financial statements, management has not recorded the capital assets and related accumulated depreciation in the governmental activities, and accordingly, has not recorded depreciation expense on those assets. Accounting principles generally accepted in the United States of America require that capital assets, including infrastructure, be capitalized and depreciated, which would increase the assets, net position, and expenses of the governmental activities. The amount by which this departure would affect the assets, net position, and expenses of the governmental activities is not reasonably determinable.

Adverse Opinion

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the government-wide financial statements of the Town of Washington, as of December 31, 2013, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

*Town of Washington
Independent Auditor's Report*

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Washington as of December 31, 2013, and the respective changes in financial position, and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Management's Discussion and Analysis - Management has omitted a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information - Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Washington's basic financial statements. The combining and individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Archives Committee Report
2014

When the Selectmen or other town officials need to consult an old document or when the Town Clerk needs information on old vital statistics, the Archives Committee is the committee they call for help. The Archives Committee is charged with overseeing the preservation and storage of old Town Records and is under the jurisdiction of the Selectmen and the Town Clerk. Located in the basement of the Shedd Free Library, the Town Archives are in a relatively fireproof area, but in a place too far from the town officials who need to use them. We believe that there is a long-standing need for the Town Records to be stored in a safe and more accessible space and that the present space should be returned to the Library, which desperately needs it.

2014 was a relatively quiet year in the Archives with the usual requests for birth, death, or marriage certificates and genealogical and historical information. We are, however, very pleased to announce a new member of the Committee: Noah Denslow, who teaches history at Hillsboro-Deering High School was appointed this year as a member by the Board of Selectmen. He is interested in historical documents, their restoration, preservation, storage, and use, and we feel very fortunate to have him join our Committee.

Respectfully submitted,

Grace Jager
Thomas Talpey
Noah Denslow

Ashuelot River Local Advisory Committee

Washington Lempster Marlow Gilsum Sullivan Surry Keene Swanzey Winchester
Hinsdale

2014 Annual Report

The Ashuelot River Local Advisory Committee (ARLAC) was established in 1994, one year after the Ashuelot River was enrolled into the State Rivers Management and Protection Program. Members are nominated by local municipal officials and appointed by the Commissioner of the NH Department of Environmental Services (DES). This year we participated in both regional and state-wide meetings for Local Advisory Committees.

The volunteer **Ashuelot River water quality monitoring program** continued for its fourteenth season, in conjunction with the DES Volunteer River Assessment Program (VRAP). ARLAC members, working with community volunteers, participated in a spring training session, leading into monthly sampling May through September.

- We sampled 11 sites along the River's 64-mile length, and 3 sites along the South Branch in Swanzey.

- We obtained E. coli samples from June through September, and total phosphorous samples from July through September.
- The cost of lab analyses was covered by contributions from Conservation Commissions along the River and DES.
- 170+ hours were logged by 17 volunteers. New volunteers are welcome!
- A quick look at this year's results:

E.coli--most samples met the "class A" (potential water supply) level for surface waters; upstream of the Keene Wastewater Treatment plant and the waters down to the Cresson Bridge occasionally failed "class A" but still met the "class B" standard. The Ashuelot River is classified as "class B," meaning that it is considered suitable for fishing, swimming and other recreational uses.

Total Phosphorus--no samples reached the "level of concern."

pH levels— continued an upward trend with readings in the 6.10+ range, and many reaching 6.5+. The upper reaches (Marlow & north) tend to be the most acidic, with readings as low as 5.71. Acceptable level is 6.5-8.0.

Dissolved oxygen, chloride, turbidity, and specific conductance remained within the standard.

As mandated by DES, **ARLAC reviews and comments on state permit applications** within the River corridor that have potential impacts on the River. Included this year were:

- 11 Wetland, Shoreland or Alteration of Terrain projects in Marlow, Surry, Keene, Swanzey, Winchester, and Hinsdale.
- 6 site visits.
- 5 NHDOT projects in Keene, Swanzey, and Winchester.
- Low Impact Hydropower Institute certification of Ashuelot Hydro projects.
- Support for procurement of Aquatic Mitigation Funds for restoration of a Falls Brook culvert in Swanzey.
- Advocacy for River access with a new canoe/kayak access established at the new Swanzey-Winchester Rte 10 bridge.

We strive to educate ourselves on a broad array of issues associated with the River and its watershed. We hope to be a resource that works well between the interests and concerns of the citizens in the watershed and State authorities. Activities included:

- A presentation by Dr. Denise Burchsted on West Street Dam fluvial geomorphology and river restoration.
- 2013 River monitoring data analysis by Dr. Stephen Stepenuck.
- Review of the Dwarf Wedgemussel study at West Street in Keene.
- Participation in the Lempster Town Forest Spring Birdwalk.
- A winter hike along the Headwaters of the Ashuelot River in Washington.
- Serving as a resource to Keene State College students who were conducting senior projects.

The **Annual River cleanup** took place on two dates:

- October 4 in Swanzey; 12 volunteers collected 500 pounds of trash from the Ashuelot River.
- October 10 in Keene, in conjunction with the Keene State College Community Service Day; 110 volunteers removed 1,760 pounds of trash and 420 pounds of recyclable metal from the Ashuelot and Branch Rivers and Beaver Brook

We now have a Facebook presence as the *Ashuelot River Local Advisory Committee*.

River monitoring data can be viewed at des.nh.gov/organization/divisions/water/wmb/vrap/data.htm.

Current E.coli results can be viewed during the monitoring season at www.ctriver.us.

ARLAC meets the third Tuesday monthly at 7 p.m. at the Keene Public Library. We invite citizens and town officials to contact their local ARLAC representatives with any concerns or interest in participating as a town representative.

Respectfully submitted,
Barbara Skuly, Chairman

2014 Membership: Pablo Fleischmann, Gilsum; John Davis, Surry; Jim Holley & Brett Thelen, Keene; Barbara Skuly & Paul Daniello, Swanzey; Christopher John, Winchester.

Board of Assessors

This has been a transitional year. Upon the resignation of one member of the Board of Assessors, Guy Eaton was appointed to fill in for the remainder of the term. Due to this change, M&N Assessing was hired to complete the new construction and fieldwork for the remainder of 2014. They were also hired to complete the year's quota for data verification. An assessing clerk was hired to become familiar with assessing terms and duties.

The remaining two board members, Arline France and Lynn Cook decided to retire after 2015 town meeting. This leaves the town without a Department of Revenue (DRA) certified assessor or certified measurer and lister. At Town Meeting the voters will be asked to rescind the Board of Assessor on the ballot which will turn the assessing responsibilities over to the Selectmen as in almost every other town in New Hampshire. This means that the town will have to hire an outside assessing firm to do the assessing and present their values and recommendations to the selectmen for their approval or denial.

Becoming an assessor is not like the old days when Cook and France learned as they went. Classes are extensive and demand one's time and dedication. In addition, they are expensive and not offered often. To set market values on property, it takes a lot of experience, schooling and training. For this reason, the Assessing Board of New Hampshire has implemented stringent rules regarding all avenues of assessing. The following website lists all the requirements:

www.gencourt.state.nh/rules/state_agencies/asb.html

Chapter Asb 300 - certification of assessors

We ask for your support in rescinding the Board of Assessors on the ballot. Cook & France thank you for letting us serve you for twenty plus years. We have been very dedicated to our job and have enjoyed being here helping the people of Washington.

Our office hours are Thursdays 9am-2pm, (603) 495-3074. We can assist you with any questions concerning your Assessments, Exemptions and Tax Credits, Current Use, Intents to Cut and Excavation Intents.

Sincerely,

Arline R. France

Linda T. Cook

Guy L. Eaton
Appointed

Cemetery Trustees Report

Hearings were held pertaining to amendments to clarify or slightly change some of the Cemetery Rules. All meetings were well attended by the Trustees.

The Trustees were kept busy monitoring the performance of a new maintenance contractor. There will be another new contractor for 2015.

The Trustees and Selectmen have started proceedings to have two private cemeteries declared abandoned so that they can be identified, preserved and protected.

Phil Barker, Chmn.
Kitty West
Kathy West

WASHINGTON CONSERVATION COMMISSION 2014 Annual Report

The Washington Conservation Commission had another busy year, working on a large land conservation project, conducting environmental education programs and hikes and working with all town boards to watch over our town's valuable natural resources. We were sorry to lose long-time member Sandy Robinson, who made the decision to leave after 11 years on the Commission. She was a highly valued member who worked tirelessly to protect land and important resources in Washington. Thank you, Sandy.

This year's land protection project protects an abutting parcel to the Farnsworth Hill Forest creating a large, unfragmented block of conservation land that connects to other protected properties in Lemspter. This parcel is 245 acres and now known as the MacNeil Family Forest. It is owned by the Forest Society and gives us the opportunity to create a trail network that will connect across town lines. Prior to closing on the property a hike was conducted by Dave Anderson of the Forest Society and John Brighton (neighbor and one of the Land Stewards of the Farnsworth Hill Forest property). The hike was well attended and the history and stories of the farms and long-past inhabitants of the property were told along the way. John Brighton read a special poem to the group, at the site of the old Penniman Schoolhouse. We congratulate John on receiving the Forest Society's Conservationist of the Year award for his dedicated effort to protect property in our area. Thanks to all who contributed to this project and helped make it happen. We look forward to working with others to protect their land and the special places in Washington, let us know if you have a project in mind.

Our educational initiatives for the year included a visit to the Washington Elementary School, in May. Commission members joined WES children for our spring "Vernal Pool" workshop. We presented new educational games and activities and everyone had a chance to handle the creatures and bugs we collected from local wetland areas. We visited two new pools on Lovewell Mountain Road and found a variety of creatures in them. We love working with the school to bring environmental education to our town's children and hope to plan more activities for the coming year.

Our "Soak Up the Rain" Presentation and Workshop was aimed at both adults and children. We worked with a wonderful group of folks from NH DES, who after presenting a program about storm-water runoff, worked with us to create a rain garden behind the lodge. The garden really does its job of soaking up the rain shed by the large roof of the lodge, while beautifying the pond side of the building. The Camp Morgan kids joined us to dig, move dirt and plant the garden and we thank director Yvonne Bachand for her help in making this a camp project and watering the garden afterward. Thanks to the DPW for helping with materials, staging and cleanup for the project. These are simple projects any

homeowner can do to mitigate storm-water runoff on their property. Contact us if you need information and how-to ideas or check out <http://soaknh.org>

CC members continue to pick up trash on our Adopt-a-Highway route covering more than 2 miles on Rt. 31, North.

The Commission conducted several hikes this year with member Arin Mills as our adventurous trail guide for two of them. We held a February snowshoe hike in East Washington and enjoyed hot cocoa and trail mix afterward around the campfire. The snow was deep, but the trail went through snowshoe hare country, with varied terrain and lots of interesting sights and tracks. In addition to the MacNeil Forest hike, we conducted a group hike out to Twin Bridge, passing through the Town Forest and ending at the bridge before returning.

We are planning another snowshoe hike in the coming year and other fair weather hikes, we hope you will come along and join us!

Our ongoing “Tracking Invasive Plants” project is picking up steam. Arin has mapped the invasive plant sightings that have come in to us and we will put the map online in the coming year. Thanks to those community members who have reported sightings to us. We would love to have more participation and a packet containing an invasive plant guide, reporting sheets and information for participants is available on our website. You can download the packet and report back about where you are finding invasive species growing in Washington.

We are working on an update to the Natural and Cultural Resource Inventory to add to the Planning Board’s Master Plan update. The NRI was adopted as part of the Master Plan in 2006, when it was first completed. We plan to update the NRI maps using new data layers this year and we expect to work on this throughout the year.

In late August, member Johanna Young made her 4th annual memorial swim in honor of Rich Cook, swimming the length of Millen Pond. CC members, friends and family members followed along in their kayaks and canoes and the pond’s resident loon joined her for her swim. It was a beautiful morning on the water and her swim raised some money for conservation commission projects. Congratulations once again, Johanna!

Please visit our website to see our monthly meeting minutes, updates and to find out “What’s New in Nature?” at: http://www.washingtonnh.org/Pages/WashingtonNH_BComm/ConsCommission/index Everyone is welcome to attend our meetings on the 3rd Wednesday of the month, the Energy Committee’s meetings on the 2nd Thursday of the month, both at 7PM in the Town Hall. Join us for a hike or other activities. Feel free to call a member if you have questions, let us know your concerns or give us a report on what’s happening in nature in your part of town. Are you interested in the work we do? Join us as a member. Do you have a land protection project in mind? Give us a call. We appreciate the town’s interest and support for all of our efforts.

Members

Jed Schwartz, Chair

Arin Mills, Vice Chair

Nan Schwartz, Secretary

Don Richard

Johanna Young

Tom Taylor

Ken Eastman, Selectman representative

Carol Andrews, Life member and Land Protection Committee member

Washington Energy Committee – 12/29/14

Energy Committee Members: Johanna Young, Al Krygeris, Andrew Hatch, Scott Chausee

The Energy Committee met regularly throughout the year. Johanna stepped down as Chair in August, she has held that role since the inception of the Committee in 2007 and the members would like to thank her for all her efforts. Andrew was elected as Chair and Johanna continues to act as Secretary and takes the minutes. Johanna is also our liaison with the Conservation Commission. We were pleased to welcome a new member, Scott Chausee, who joined in October.

Town Meeting - we had a table display with information about the Energy Committee. We provided Town energy consumption statistics and a survey inviting input and opinion on what the Committee should prioritize. 20 people responded and all agreed that the Energy Committee should be consulted regarding energy efficiency on any capital projects. Most respondents also supported the notion that the Town should consider investing a little more up front on projects in order to generate energy savings over the long term.

Conferences – Al Krygeris and Andrew Hatch attended the NH Local Energy Committees Annual conference in Tilton in April. They also attended the Upper Valley Energy Committee Roundtable in White River Junction in May.

Washington Warm Neighbors – The idea is to provide free weatherization assistance to needy local residents using volunteer labor and donated materials. Many people, who can least afford it, have large energy bills because their homes are not well insulated. A pilot program was launched in May. We distributed flyers around the town and made public announcements; we also reached out to the Welfare Office. We received interest from both volunteers and those in need of assistance. A total of 3 homes received some weatherization assistance this fall. We have approached other communities who have experience doing this and plan to receive some advice and training. In 2015 we hope to expand the program and we are actively applying for grant funding. The Conservation Commission has confirmed that it can receive funds on our behalf. Anyone interested in being involved can contact Andrew Hatch on 495 1162 or leave a message at the Town Hall.

Solar Array - The solar panels at the Transfer Station have generated 61,126 KWH as of the 13th of Dec. 2014. We continue to look at ways to fully utilize all the electricity produced.

Camp Morgan – There are deficiencies in both the lighting and acoustics at Camp Morgan. Al Krygeris is working with the selectmen to assess the potential for assistance in energy efficiency improvements through PSNH.

The WEC meets every second Thursday of the month at the Town Hall and welcomes new members interested in alternative energy and energy efficiency. Anyone interested in making a donation to the Energy Committee should make their checks payable to Town of Washington Conservation Commission and write in the Memo line "for Energy Committee".

2014 Fire Department

Annual Report

As I write this report it reminds me that it was a busy year with 54 calls, and of the countless hours the building committee has committed to the future of the fire department.

We mourned the passing of Hans Eccard this past year; Hans was a life time member of the department. He played a key role in establishing the East Washington Station, of which the town was in need of due to long response times from the Center Station to East Washington.

The calls for the department varied from construction fires to auto accidents. Auto accidents have been on the higher side this year, especially in L.A.E. and on South Main Street (rte 31) from the transfer station to Windsor town line. Please take precautions when traveling these roads by allotting yourself more time to get to your destination.

Forestry calls were down this year due to good precipitation and better fire safety practices by residents. The town has acquired a self contained forestry sled this year, it was installed on a trailer by department members, and it is towed behind the UTV. It is fully equipped with a pump, water tank, real hose and hand tools. In any event of a forest fire the forestry sled can be unhitched near the fire so that the UTV can retrieve more water.

A vehicle exhaust system was installed in the Center Station. You may recall that the exhaust system was approved at last year's annual town meeting. The system eliminates carbon monoxide from the fire trucks when they are running in the station. Each truck bay has an exhaust hose which connects to the trucks' exhaust pipe while the trucks are running inside the station. This is a needed improvement and step in the right direction to help with Fire and Rescue health and safety.

We are happy to announce two new members to the Fire Department, John Antoniak along with Mathew Parquette. John has been very active since he joined and he is scheduled to attend self-contained breathing apparatus/personal protective equipment training in January. Mathew comes to us highly trained is already a certified firefighter.

The Fire Explorers are doing a great job. The Explorers participate in monthly training led by Sam Atkins who is also the Captain of the Explorers. Sam is also completing an internship at the Concord Fire Department. We are very proud of how far Sam has come, along with the other Explorers that are committed to learning and training to be our future firefighters.

I would like to thank all of the firefighters and the Explorers for their great attendance on all of the calls, trainings and fund raisers this year. As a reminder we are always looking for new volunteers both on the Fire Department along with new recruits for the Explorers. On behalf of myself and the members of the department; I say thank you to the residents and public for your support.

Respectfully,
Brian Moser
Chief, Washington Fire Dept.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdf.org.

This past fire season started in early April with the first reported fire on April 7th. April, which is the traditional start to our spring fire season, began very dry with unseasonably dry conditions continuing through the entire month. This dry pattern continued through the first half of May. 80% of our reported fires this season occurred during this six week period. The largest fire was 24 acres, occurring in the town of Tamworth. From mid May through early September, above average rainfall kept our total acreage burned statewide at 72 acres. This is the smallest amount of acreage burned statewide in several years. Late August through late September though brought a dry trend to northern areas, resulting in several deep-burning remote fires. Our fire danger days correlated well with the days that there were fires actually reported. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2014 season threatened structures, and a few structures were burned, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

ONLY YOU CAN PREVENT WILDLAND FIRE

Forestry Committee Report

The Washington Forestry Committee (WFC) is chartered with the overall management of the Washington Town Forests. Its charter includes the management of timber, firewood, and other natural resources through controlled planting, timber stand improvement, thinning, harvesting, reforestation, and other multiple use programs consistent with the public interest. The Washington Forest Committee operates under the authority of RSA 31:112. The Forestry Committee is also responsible for Management of several tracts of Washington conservation property, (which are technically not forest) because the Forestry Committee has the resources to manage these tracts for the Town's interest. This committee works closely in coordination with the Conservation Commission.

In 2014 the WFC was engaged in several tasks of public interest:

- a) The effort to update the Forestry Master Plan (last published in 1999) moved significantly forward with the development of the 2014 amendment which captures updated data needed to support logging operations. This working document is now available on the Forestry Web page.
- b) Concern by citizens for stricter increased protection of our Town Forest has resulted the WFC proposing an article this year to require a 2/3 town vote before the sale of any town Forest. This amendment to the existing restriction will assure a full town commitment before any Forest land is sold.
- c) A licensed professional forester has been engaged to manage the timber cut of the Farnsworth Hill town forest. This cut has been a long time in planning, and will provide necessary cut to maintain the forest health, improve habitat for large wildlife, and complement the efforts of the abutter's new SFPNH new conservation land. The selection of a logger and a commencement date is currently ongoing.
- d) The vision of a hiking trail from Washington's Farnsworth Hill Forest to Lempster's Silver Mountain in conjunction with the Washington and Lempster Conservation Commissions and with SFPNH is still coming together.

During 2014, the Camp Morgan Forest Trail continued to provide a wilderness adventure in uncut natural forest. This marked and maintained trail offers easy access at the Trail Head on Faxon Hill Rd where a resource map for a guided nature hike is available. This mile and a half loop trail offers a wonderful local hike for both seasoned hikers and families seeking both a summer and/or winter adventure.

The Washington Forestry Committee would like to acknowledge Allan Kygeris and express gratitude for his continuing efforts in support of the Forestry Committee in preserving and managing the Town's forest properties. As an unpaid advisor to the Committee, Allan has registered multiple hours visiting document repositories and researching boundary descriptions. Furthermore, Allan has generously given of his time to walk most of our protected forest tracts to visually identify boundary markings and record them both on maps and by GPS coordinates. His considerable education and experience in all aspects of cartography and computer-aided mapping techniques have advanced the accuracy of the Town's ownership records for forest land and provided valuable topographic information in support of our forestry management goals. Thank you, Allan, for this meaningful contribution of your time, energy, talents, and interest, focused on our Town's forestry resources.

HEALTH OFFICERS REPORT

Year ending December 31, 2014

Another year has passed with no major problems. The usually ongoing home inspections for occupancy, septic issues, EEE, and WNV are always present.

The General Store and the Elementary schools were inspected and found to be well within the standards for food handling and refrigeration.

We have continued to work with the Capital Area Public Health Network for public health and communicable diseases, for norovirus, percusses, and D68 as they are becoming more prevalent around the country. Our annual “Flu Clinic” was held in October. Our numbers are slowly going down as more and more pharmacy are giving shots, which is very convenient, but might eventually cause the VNA to require larger number in order to continue. Free flu shots were again offered to school students through the States DHHS Program.

The Local Government Center presented continuing education at the health officer’s conferences. The spring conference was on septic design and inspection, and the fall conference was on legalities when entering a private property for home inspections.

Many hours were given to the LEOP in updating the Emergency Manual, during the spring/summer time. It is our hope that next year we can present an Emergency Preparedness presentation for all who wish to attend.

We would like to Thank Bob Frazier for his years of “taking care” of the medical equipment that we have available for public use. Bob Williams has become the new contact person. We will continue to confer with him as needed.

Again, we thank you for your continued support. Please feel free to contact us with any questions or concerns you may have.

Historical Society Trust Funds -- 2014

In 1989 a charitable trust of \$2500, known as the Old District #5 School Trust, was registered by the Board of Directors of the Washington Historical Society with the Attorney General of the State of New Hampshire, pursuant to RSA 7:19. The interest from this trust is to be used for the repair and maintenance of the old school buildings in East Washington. The value of the CD in which the funds have been invested is \$2503.66 as of December 31, 2014. This year we earned \$8.74 interest.

In 1991 a bequest of \$3500 was made to the Town of Washington, in the will of Edna M. Gage, the interest from which was designated to be used for the maintenance of the exterior of the Old District #5 School House in East Washington. The value of the CD in which the funds have been invested is \$3502.04 as of December 31, 2014. This year we earned \$12.24 interest.

The interest monies are being spent on the prescribed maintenance which this coming year will be painting one side of the building.

The Historical Society currently has 172 dues paying members. This past year over 200 people attended the five programs with topics covering NH's Civil War Monuments, Antique Dolls, The State of the Loon, NH One-Room Rural Schools and the Secret of Cellar Holes. The Museum Exhibit this past year was Antique Dolls. This year the Museum hours were changed to coincide with the Farmers' Market, opening at 10am until 2pm. This was a great success.

Respectfully submitted,
Elaine G. Crandall, Treasurer

Joint Loss Management Committee 2014

The Town employee safety committee AKA the Joint Loss Management Committee is composed of associates from town operations with responsibilities for property, personnel administration and public facilities.

The members report to the Board of Selectmen and pursue throughout the year objectives to eliminate the potential for accidents in places of work and public assemblage. The committee meets, as necessary, to review accident incidents, identify alternative corrective actions, develop budget/expense implications and advise the Select Board on safety related policy and procedural issues.

The members are observant of opportunities to improve occupational practices that lead to a safer work environment. They note how training which is emphasized in area that contain machinery and equipment is beneficial in thwarting personal injury.

A paramount objective of the committee is the involvement of all Town Employees and volunteer staff in continuing commitment to personal safety.

This past year the committee member(s):

- Conducted internal operational reviews of work spaces and procedures and took corrective actions as warranted.
- Assisted the Parks and Recreation Commission representative with a pre- camp safety inspection in the Camp Morgan Beach area and at the lodge. This permitted the camp staff to respond to safety related suggestions before the summer camp and beach activity season began.

- Coordinated with New Hampshire State representatives and the town Health Officer to monitor and post as necessary the conditions of the water quality at the town's swimming locations. It should be noted during 2014 Citizen Observations and reports of possible safety issues in municipal facilities are meaningful. Contact any members listed below or Michelle Dagesse at the Town Hall, 603-495-3661 mdagesse@washingtongh.org

Park and Recreation 2014

Once again the Camp Morgan Program was lots of fun

Six weeks went by quickly and it was all done

We hosted the Annual Easter Egg Hunt once more

Over 50 children came out hoping for candy to score

If you took a walk on the common if you cared

And you would see the Civil War Monument was repaired

We placed a bench near the church if you were to halt

We named it for our old minister Reverend Bill Salt

We had a terrific concert by the Moose Mountain Jazz Band

Maybe next year more people would attend if it was better planned

So we look forward to 2015 with great anticipation

We will serve our community, our state and our nation

Thank you

WASHINGTON PLANNING BOARD Annual Report 2014

The Planning Board had a busy year holding twelve regular monthly meetings, a site walk and three public hearings. After public hearings, two business permits were granted and five minor business permits were granted, without requiring hearings. We also inspected and issued seven driveway permits, two sign permits and approved twelve mergers.

We created a new simplified permit application for minor home businesses to streamline the application process for businesses that meet the criteria and it is now available on the town website. We also added a question on business permits to determine whether there are deed restrictions that would prevent a business from operating on a particular property.

Our proposed “Recreational Vehicles” section for the Land Use Ordinance was approved by voters at Town Meeting in March and was incorporated in the newest version of the LUO.

The Planning Board revisited their “Rules of Procedure” and clarified the status of members serving on other committees in town.

The Master Plan Update subcommittee (MPUC) analyzed the completed Community Survey and Vision Questions responses, issued two reports, and made them available for the public, here: http://www.washingtonnh.org/Pages/WashingtonNH_BComm/planning/ComSurvey.

On June 21st, a “Community Visioning Workshop” was held, to delve deeper into issues identified in the survey. The event was well attended by the community and the committee wants to thank the Senior Group for providing lunch to the attendees. They would also like to thank the Student Facilitators who joined us and did an awesome job with the breakout “Focus” groups and the Elementary School artists who painted local scenes and wrote about their “Favorite Thing about Living in Washington” under the guidance of their Art Teacher, Jeanine Edmund. The display of paintings and writings moved to the Town Hall for the summer and we hope everyone got to see the student’s creative work. A Workshop report was issued by the workshop facilitator Dan Reedy of UNH Cooperative Extension and the MPUC made that available for the public, here:

http://www.washingtonnh.org/Pages/WashingtonNH_BComm/planning/WashingtonMasterPlanUpdateForum.pdf.

The MPUC is now back at work drafting the first three chapters of the updated Master Plan, utilizing all the input from the community, committees and boards and updating current and relevant information on the town in each chapter. The plan is that all MP chapters will be written this year and after a public hearing, will be published in 2015.

The Planning Board proposed a new “Community Events Sign”, after community input revealed that a major town problem is the lack of communication and awareness of community events. The Selectmen have put this in the budget for 2015 and if it passes the new sign will be along the Rt. 31 at the Transfer Station and will be made available to town groups to announce their events.

Under Town Meeting Article #29, the Planning Board wrote a set of surveys to send out to towns of similar size and demographics seeking information about their existing services and facilities. The responses were shared with the Selectmen and compiled into a spreadsheet for the public and presented at the public informational meeting in October.

We worked with Public Works director, Ed Thayer, to write a “Private Access, Maintenance and Installation Policy” to clarify the process and responsibilities of property owners in regard to driveways and private road accesses. After a public hearing this policy was adopted and added to the town planning and DPW documents.

The Capitol Improvement Program was updated following state law and presented to the Selectmen in December to aid in their budget development. This process is an important aid for planning of short and long-term capital projects for the town and its facilities. We thank all the town departments for their cooperation in the CIP process.

Please visit our website to find needed documents or permit applications, our monthly meeting minutes, and updates all year at:

http://www.washingtonnh.org/Pages/WashingtonNH_BComm/planning/index

You are always welcome to attend our meetings on the first Tuesday of each month at 6:30PM and feel free to call a member to have your questions answered or let us know your concerns. Thank you all for your continuing support.

Report of the Washington Police Department for 2014

Your police officers have been very active for 2014. As you will see on the pages following our calls for service have increased. Overall our call volume has increased by approximately 5%. Because of the increased time involved in investigation, report writing, evidence processing and the court process we have had less time on the road to conduct motor vehicle work. This has resulted in a drop in motor vehicle activity from 2013 to 2014 by about 10%.

The police department tries to remain as active in the community as we can. We had a very successful Toys for Tots drive at the end of 2013. During the year we participated in 3 Drug Enforcement Administration Drug Take Back events, as well as 1 drug collection cooperatively with the Town's Hazardous Waste Collection Day. During the summer two of our youth, Ainsley Bruno and Lucy Beckwith, attended the NH Police Cadet Training Academy. Ainsley graduated from the Leadership session and Lucy from the Basic. Lucy is also interning with the department for the school year.

We have been very fortunate to have such a wonderful relationship with the school staff and been a regular presence there. Working with the 4/5 class we were able to turn an April Fool's prank into a lesson on the NH Court process (they won't TP the cruiser in 2015!) Chief Marshall reads to each of the classes at least once a month. The Student of the Month program has continued and is now in its 15th school year, thank you to all the sponsors! Ofc. Puchtler taught the DARE program to the 4/5 class in the last half of the 13/14 school year.

We often think that drugs and the problems that accompany them are limited to the larger town and cities that surround us. Unfortunately we learned that such is not the case when we had a string of burglaries in the Bailey Rd. area. After investigation we were able to arrest 3 individuals for many of the crimes and are still investigating others. Happily, our barometer of traffic safety, motor vehicle collisions, shows we were safer this year than last year with fewer crashes and only 1 injury this year.

We have made the best possible use of grant funding and were able to provide an extra 180 hours of traffic enforcement patrol by applying for and being awarded two NH Highway Safety grants. These grants cover the officers' wages and benefits so there is no expense to the town other than cruiser fuel.

We also applied for a Bureau of Justice Assistance grant to get 3 new bullet resistant vests for officers. The new vests are worn externally to be able to get out of them during office hours and have a chance to cool down and recover during the hot weather.

Training has been a focus of activity for the officers. Chief Marshall has attended many emergency management and planning classes, Ofc. Corrigan is working toward upgrading his EMT certification to Advanced level, Ofc. Puchtler is current with Court process and instructor development, and Ofc. Moser uses his skills as Fire Chief to control scenes and resolve situations.

The current roster of the Department has been the same for 7 years, unheard of for a department and community of this size. We attribute this to the support and spirit of community we receive from the citizens, other town departments, selectmen, school staff and our neighboring agencies. We think of ourselves as a full service agency that will not use the phrase "it's not our job". In addition to law enforcement and traditional police duties: 2 of us are EMTs; 3 are firefighters- 1 the Fire Chief; we can operate heavy equipment; operate amateur radio gear; instruct residents and police officers; pick up stray dogs, chase off bears and remove snakes. All of our activity logs and monthly statistics are posted on the web page.

If you have not subscribed to Nixle.com or the Police Department e-newsletter to get community message and emergency information I encourage you to do so soon. Communication is key to a safe and effective response in an emergency, to let the citizens know of community events and to prepare for potentially hazardous conditions. I use these tools regularly to keep residents updated. There is no cost to subscribe to either service so I encourage all to register and subscribe.

Again, thank you to everyone mentioned for your support of the police department. We look forward to serving you in 2015. On behalf of Ofc Brian Moser, Ofc. John Corrigan, Ofc. Tim Puchtler, Intern Lucy Beckwith and Custodian Deb DeFosse,

Respectfully submitted-
Chief Steven I. Marshall (smarshall@washingtonnh.org)

Fuel used (gallons)	2,063

**2014 Public Works
Annual Report**

The public works department completed many projects in 2014. The largest project this year was the installation of a new corrugated poly lined culvert under Bailey Rd. at the intersection of Woodpecker Rd. The existing 36" steel culvert had failed and was inadequate in size for significant rain events to handle the flows. It was replaced with a new metal culvert measuring 8 feet wide by 6.5 feet tall and will meet the 100 yr flood flows required today by the State Wetlands board. Being constructed of polymer coated steel it has a 40 year or more life expectancy. All work was completed by the public works department which significantly reduced the project costs. This project resulted from flooding rains in July 2012 that collapsed the existing culvert. Public works applied for mitigation funds through FEMA and was awarded \$17,000.00 dollars towards the replacement of the culvert.

Washington endured 5" inches of rain in 2 hours from a major flooding event in early August this year causing several road closures and damaged culverts. With the help of other town departments and several local contractors, we were able to open all roads in two days. Washington Emergency Services activated the Emergency Operations Center which coordinated the response from all town departments. The flooding was not county wide therefore we were unable to meet the threshold for the Federal Emergency Management Agency to declare a federal disaster for Sullivan county. Washington sustained \$46,000.00 dollars in damages and was unable to qualify for federal reimbursement funds. I would like to thank all the Town departments and first responders as well as the local contractors for their outstanding dedication to our Town during these disasters.

Roadside ditching was completed before another mile of East Washington Rd. was overlaid with 1 inch of hot mix asphalt last summer. This will surely reduce the road salt required to melt snow and ice this winter as well as shedding water from the cracks in the roadway. A two mile stretch of East Washington Rd was chip sealed and will provide a flexible membrane to seal cracks in the road helping to reduce frost heaves. We propose to finish the last mile of East Washington Rd. with a hot mix overlay and chip seal the entire length of Washington Drive in 2015.

The public works department is responsible for maintenance on 9 bridges in the Town of Washington. The State of New Hampshire Department of Transportation inspects all town bridges on class V highways. The frequency of the inspections depends on the condition of the bridge. At the very least they will be inspected every two years and red listed bridges are inspected every year. A red listed bridge means it has a deficiency to some degree that was found during an annual inspection. Two of our bridges are still on the State of NH Municipal Red List. Ayers Pond Rd. bridge and the Smith Pond Rd. bridge remain to be rehabilitated in the future. The Ayers Pond Rd. Bridge will be designed and permitted in 2015 with replacement options scheduled for 2016 or 2017.

The Valley Rd. culvert at Barden Pond outlet has NH DES wetland permit approval and will be replaced in 2015 with a new 34 foot long by 24 foot wide Timber Bridge with new abutments and guardrails. The existing 8 foot diameter culvert pipe is rotted at the invert and is substantially undersized for the rain events that are all too common these days.

Public works partnered with the NH Department of Transportation last fall to stabilize the Mill Pond shoreline and East Washington Road shoulder embankment. High water and poor road drainage resulted in sloughing of the embankment and it was beginning to undermine the roadway. NH DOT provided the wetlands permit and paid for a hired excavator while Washington public works supplied miscellaneous materials and boulders from the town gravel pit. This was a successful cooperative effort that resulted in a stable rock retaining wall with built in granite steps for the occasional trout fishermen to enjoy.

The public works department has a long history of replacing equipment with the aide of the Federal Surplus property program. This practice dates back over 30 years and has been an overwhelming success for the department and the tax payer. This year was no exception. The department's 30 year old loader was in need of major brake work that was going to cost more to repair than the value of the machine. We were able to purchase a much newer John Deere loader that was like new for \$25,000.00 dollars. The old loader will be retired and sold as soon as the new one is placed in service. A new loader of equivalent size and capacity would have cost the town well over \$200,000.00 dollars.

Likewise the department's two dump trucks are 17 and 30 years old. A 2010 Freightliner all wheel drive truck with only 800 miles on it became available in the US and was purchased by the town for \$3,500.00. An additional \$2,500.00 dollars was spent to truck it to Washington from New York. The public works crew stripped the truck, painted, fabricated and outfitted the chassis last summer. We repurposed the salt spreader and plow hitches from an older truck and put the truck in service last winter. Total cost to the taxpayer was about \$40,000.00 dollars. A new truck outfitted with this equipment would have cost in excess of \$180,000.00 dollars.

The departments backhoe is scheduled for replacement next year. The town has historically replaced the backhoe every 10 years. We have been doing this since the late 70's. This year however we propose to put off the replacement of the backhoe for 5 more years and purchase a rubber tired excavator. We believe that purchasing an excavator will reduce the daily demand on the backhoe and allow us to keep it for a longer period of time. We would like to use the capitol reserve fund for highway equipment to make payments to fund the excavator. We currently fund the capitol reserve account annually with \$40,000.00 dollars and a purchase would not increase the tax rate beyond what is presently funded annually. The town has never owned an excavator but after renting one for a month last Fall feels it will be a very valuable asset. The efficiency and portability allowed by a rubber tired excavator is unmatched when it comes to culvert repair and replacement, lifting, roadside ditching, and general excavation activities.

I would like to thank our employees, other departments and the townspeople for their continued support of the public works department.

Respectfully Submitted, Edward G. Thayer, Public Works Director

Rescue Squad 2014

2014 has been an unusual year for rescue. Our calls have been about 30% less than usual for what reason, no one can speculate. As a result, our expenses have been less. Therefore, we will be able to return more of what was appropriated back to the general fund. We will however, be asking for the same amount this next year as we have no reason to expect the call volume to be so far below our five year average of around one hundred and ten calls a year.

We lost two of our long time members this season, both Nancy Tanner and Jenn Read retired. Both were Intermediate EMT's and were among our highest trained individuals.

We did gain one new member, Lisa Williams, an EMT. We are planning to sponsor an EMT class this Spring in Washington in the hope of picking up half a dozen or more new members. With so many of our members working out of town, it is difficult to provide staffing for the ambulance during the weekday. An additional appropriation for this class will be in the budget for the Town Meeting in March. Anyone wishing to join the squad and enroll in the class should contact one of the rescue members or me for information. Classes will be Tuesday and Thursday evenings with an occasional Saturday.

Our 12 year old ambulance is two years past our scheduled replacement date. After the regular appropriation in March, sufficient funds will be available in capital reserve from town funds and those raised by the squad to allow us to order a replacement vehicle. Approximately 40% of the cost of the ambulance comes from funds raised by or donated to the rescue squad. All donations are greatly appreciated.

In December we held our first Member Appreciation Dinner. The Senior group graciously agreed to provide the set-up and cook for us. Selectman, Guy Eaton, acted as MC, composed a poem and presented all past and present rescue members in attendance with a red rose. Kathy Doolin, a former Washington Rescue Captain and a member of the State Department of Safety, Bureau of EMS read a letter signed by the Director of NH Fire Standards and Training and EMS. The letter congratulated the squad for its long term commitment to excellence and dedication to the Town of Washington, and for the many members who had gone on to a career in the fire or medical field.

Almost 40 past and present rescue members attended including Alan Toczko, who, along with myself were the original members of the Squad when it was formed in 1981. Life time member plaques were handed out to four of our past members who had contributed significantly to the Squad during their tenure. In addition to their long time service each had served as an officer.

Four of our members attained the Advanced EMT level this season. Advanced is a new level replacing the Intermediate, but requiring additional training and testing. The Intermediate level will be completely phased out in 2017. Any Intermediate, who has not attained the Advanced certification, will revert back to Basic EMT at that time.

We want to thank the town for its continued support this past year, and look forward to serving you to the best of our ability again in 2015.

Bob Wright Rescue Captain:

Board of Selectmen 2014

The tax rate increase \$17.60 to \$19.18 per thousand is largely due to a school increase because of less grant monies and the Selectmen also authorized a cost of living increase to our very deserving town employees.

Bridge culvert repairs continued to be an issue for the public works department and the Selectmen. Property owners weighed in (some favorably, some not) on these repairs and led to legal involvement and coordination with the planning board and conservation commission, as well as a state representative. Most of the issues involving these projects have been resolved but it's notable to understand the amount of legal and administrative time involved. As we try to involve more people as volunteers and elected offices, these problems highlight the changing atmosphere throughout the country.

Camp Morgan: The Selectmen continue to keep the high standards for the lodge. Yvonne Bachand has assumed custodial duties and she has been complemented by many. Ron Roy asked to take on caretaker responsibilities and the Selectmen contracted with him to work the continuing maintenance problems that crop up from time-to-time. The energy committee was asked to look into the lighting situation as many of the plastic light diffusers are starting to become safety hazards. The energy committee is coming up with some interesting alternatives. The conservation commission asked to use the lakeside exposure for a training and conservation opportunity and they constructed a 48 foot rain garden to accept runoff water. Future landscaping is being explored and will hopefully be discussed at town meeting.

Article 29: In accordance with the voters' passing of Article 29 last year, the Selectmen, in coordination with the planning board, asked for surveys from a dozen towns. There were 7 responses and most were partial information. Although the data was recorded, the results were inconclusive. Information meetings were held in August and October and were fairly well attended.

Primex Inspection: Our workmen's compensation company (PRIMEX) was asked to do a worksite inspection of all town buildings. The NH Department of Labor has increased their inspection of town workplaces and this was one way to get ahead of that future inspection. All the buildings were inspected and found to be fairly safe. Discrepancies were noted and most have been corrected.

Cable Offer: Granite State Communications contacted the Selectmen to see if there was any interest in providing a basic cable capability to residents through the phone lines.

Public meeting for use of General funds: Torrential rains this last summer caused extensive damage to our roads and culverts. The total cost of repairs was \$45,000.00 and this could not be covered by the DPW budget or FEMA. The NH Department of Revenue advised that money from the general fund could be used for this purpose if a public hearing was conducted. That hearing was held and the funds were committed.

Milestone Construction began work on the west side of town hall. All the clapboards were removed and replaced. Insulation was added where needed and the doors were refurbished. Town hall employees are starting to notice the difference in the building. Although a primer was applied to both sides of the boards before installation, the contractor will apply a final coat of stain in the spring.

Assessors: "If the voters elect to convert the current assessor organization to a contractor and clerk, the Selectmen will be taking on the "official" responsibilities for assessment decisions. The Selectmen have worked with the proposed contractor, coordinated with the current assessing team, and consulted legal advice on this contract.

Both of the Selectmen's appointed boards (Meeting House and Safety Committee) have worked hard to bring better proposals to this year's meeting.

ANNUAL REPORT OF THE SHEDD FREE LIBRARY 2014

In October, I started my 20th year as Library Director! Time does indeed fly especially when we are so very busy with all of the following activities.

New to the Library this year:

Building Upgrades and improvements

Patio table and chairs donated for the Marcellus Liotta Memorial Patio by Pat Liota, arriving just in time for the Ice Cream Social and Jim Hofford's poetry reading. We plan to install a pergola over the patio next year and maybe some plantings to cover it.

New water filtration system from Capitol Well to ensure all drinking water good, paid fully by the Library not the Town

Alarm system work

Other New Services/Events

Operated the Library with over 120 hours of volunteer time; 4597 hours with paid staff

Deleted all videos but for some of the children's

Continued our Saturday Hours from 10:00-4:00

Continued to update our link to the town website monthly www.washingtonnh.org thanks to Steve Marshall

Applied for and received our Kids, Books and the Arts Grant from the State Library; Hired "Mad Science" who performed scientific experiments at the elementary school as a kick-off to our Summer Reading Program: Fizz, Boom, Read, Held our 2nd Annual Ice Cream Social as another kick-off to the Summer Reading Program where Jim Hofford gave us a reading from his latest poetry book Four Score ... and More

Welcomed a new custodian: Katie Sherin

Installed timer light for back entry-way to make the walkway more visible at night

Installed new deadbolt lock for front door & new latch (keeping the antique lock)

Acquired new color wireless printer

Received our copy of Can I Take Wooley to the Library, Ms. Reeder? Sold at the Christmas Fair. This book is based on our library with wonderful illustrations of the Library

A visit from Newbury Award Winner, Cynthia Lord, who said that "we have a gem of a library and gems of librarians!"

Welcomed a new custodian: Katie Sherin

Workshops Attended

Annual CHILI'S Workshop for children's literature, showcasing performers for the Kids, Books & the Arts Grant

Children's Book Reviews

2014 ANNUAL TOWN REPORT - TOWN OF WASHINGTON NH
WOTM CO-OP

On-Line webinar for Inter-Library Loans

NHLTA conference

Small Libraries' Conference

Continuing Activities and /or Events by:

Reading to the elementary school once a month which included Pre-School, Kindergarten, 1st & 2nd grades, and 2nd & 3rd grades

Donating and presenting Birthday Books to all the schoolchildren and staff

Hosting another Summer Reading Program

Reading at Camp Morgan once a week as part of the Summer Reading Program

Story Time continuing to be from 4-5 on Thursdays with special events during holidays

Having Trick or Treat on Halloween at the Library

Holding monthly Book Discussions

Attending Senior Lunches with monthly Town Calendars and books

Keeping Wednesdays open in the summer from 10:00 – 1:00 June, July & August

Exhibiting monthly/bi-monthly exhibits: Lynn Hendrickson's beaded jewelry, Paintings by Paul Carrier, Cut Glass by Tara Van Meter, Paintings by Lou Frost, Photographs by Sarah Holdner and Hand-Made Books by Chris Krone from Tintagel Antiques

Holding Friends' Meetings the 3rd Wednesday of the month from May through October

Participating in the July Flea Market on the Town Common with our Annual Book/Bake Sale

Printing Town Calendars of Monthly Events

Submitting Annual State Report in April (similar to a mini-Town Report)

Continuing to weed the shelves so that we can continue to buy the newest fiction and non-fiction

Submitting Annual Report for the Town Report in December

Continuing to be a Drop-Off Site for the Town Food Bank

Continuing to collect aluminum pop-tops to send to the Shriners' Burn Center in Boston

Continuing to collect Box-Tops for Education for the school

Continuing to subscribe to the Downloadable Books from the State Library available to all Library card holders

Participating again in Grand Pal's Day at the school

Holding Yoga classes at Camp Morgan Lodge Wednesdays at 9, unless posted differently

Walking Group during the winter months Mondays at 9 and Friday at 9

The Friends Assisted With:

Buying Birthday Books for the school children, New Baby Books

(65 since 2003) and children's books for the Christmas Baskets

Library open again on Wednesdays due to Lisa Williams volunteering

Bought passes to the Fells in Newbury and Montshire Museum in Norwich; were given passes to the Old Fort # 4 in Charlestown

Participated in the Annual Flea Market on the Town Common July 4th with their Bake Sale

Bought Subway coupons to give to teens who helped with the Book Sale

Bought supplies for the Summer Reading Program (Including the Ice Cream Social supplies)
Thanks to the new people at the store for supplying the ice cream and ice cream cones as prizes for books read!

Bought supplies for Story Time

Paid for half of the cost of the Summer Reading performer that wasn't covered by the State Grant

Held their Annual Picnic at Priscilla Iosch's home; attendees brought donations to give to the Food Pantry

Selling home-made Pumpkin Pies for Thanksgiving

Participated in the Christmas Fair with their "Tiffany's in Washington" jewelry table

Number of Members: 28

And now we find ourselves at the end of another great year! But they're all pretty good! We welcome your comments and suggestions (although we hold the rights to use them or not!) For this is indeed **YOUR** Town Library. Please do come in and take advantage of all our services including: Wi-Fi always on, Access to the Internet through DSL, Inter-Library Loans for books, etc. we don't have, Photocopying, Wireless Printer for you to access with your devices, E-mail service, Delivery of Library materials through our Out Reach Program available to Seniors and others, Printing and delivery of the Monthly Town Calendars since 1995, Updating Events on the Town Website, Free Notary Services, Free Faxes, DVD's, CD's, Subscribing to the State Downloadable Audio and Print E-Books from the, and last but not least, we still have those non-technological things called **BOOKS!** We are indeed a multi-service Library! We especially enjoy incorporating events in Town with the Library to help create a better sense of community, to make people feel welcome to share their thoughts, life concerns and books. This is more than a job to serve you; it is also our continued privilege.

Many, many thanks to our entire staff: Brenda Gilliland Assistant Librarian, Sue Toczko, Substitute Librarian, Katie Sherin, Lisa Williams and other volunteers and of course, our Board of Trustees, for helping us to have another successful year.

Jo Ellen Wright

Library Director

2014 Supervisors of the Checklist Annual Report

There were 5 elections this year to keep the supervisors busy. Also, Yvonne & Mary went to Election Law training in Goffstown in August.

Our thanks go to Marianne Garvin for her time with us. She chose not to run for election again.

Elizabeth Sargent was elected as our new supervisor this year.

As of November 2014, voters listed are:

UND=372 REP=263 DEM=102 for a total of 737 registered voters

Respectfully submitted,

Yvonne Bachand
Mary Krygeris
Elizabeth Sargent

2014 TRUSTEES of TRUST FUNDS Annual Report

The Trustees of the Trust Funds met four times during the year to review reports and conduct regular business. Our funds continue to be invested and managed by the Charter Trust Company of Peterborough.

In February we reviewed and then signed the MS9 and MS10 report forms of our investments that were then submitted to the office of the Attorney General and the Department of Revenue. These reports showed our total assets to be \$1,138,490.50. We also signed an annual report for the town auditors regarding our investment policies and procedures.

In May we reviewed documents closing the account of the Washington Volunteer Rescue Squad, Inc., and accepted these funds into a new account to be administered by the Trustees of the Trust Funds. These documents included a letter to the Charitable Trusts Unit of the Department of the Attorney General detailing the closing of the former account and transfer of the funds to the TTF of the Town of Washington. We also requested from the Attorney General's office originating documents regarding three of our oldest accounts: the Penniman Fund (est. 1913), the Atwood Fund (est. 1918), and the Tubbs Union Fund (est. 1926), but subsequently received a response that the state did not have copies of these document.

In June Arline France attended the 2014 Seminar for Town Trustees sponsored by the state and reported to the other trustees about a new ruling (HB 297) that would allow expenses incurred (management fees) for Capital Reserve Funds to be charged against these funds rather than be paid by a separate appropriation. We approved requests for distribution of funds from the School Board (\$500 from the Lawrence Brothers Scholarship Fund) and the Selectmen for \$38,966.28 of Capital Reserve Funds for Fire Apparatus (\$6,500), Highway Equipment (\$29,669.060, and Bridge construction (\$7,797.22).

In October we received another request for Bridge funds (\$32,156.49). Charter Trust representatives met with us for the second half of this meeting. They reported that most towns were continuing with the town appropriation of management fees rather than adopting HB297 and deducting fees from Capital Reserve Funds. At this meeting, we raised the question with Charter Trust about the fees we were paying for management of our Capital Reserve Funds vs. the low interest rates these funds were earning. It was suggested that we could move some of these funds to CDs or Treasury Notes to earn a higher rate of interest. We discussed dividing the monies in thirds and investing them for short and longer terms to reflect projected needs/spending plans. Our Charter Trust representative went over the Investment Review of the Town of Washington Trust Fund. The total value of the Common Fund was \$715,111.07 (on 9/30/2013 it was \$596,877). We added contributions of \$68,153, withdrew \$8,310, and earned interest and dividends of \$12,065. At this meeting, we also signed the Investment Objectives statement for Charter Trust for the year ahead.

At the end of December the Town of Washington Trust Funds totals \$1,283,359.82

WELFARE DEPARTMENT

RSA 165:1 states **“Whenever a person in any town is poor and unable to support himself, he shall be relieved and maintained by the overseers of public welfare of such town, whether or not he has a residence there.”**

The Town appropriation provides for the basic services mandated by the RSA, including heat, food, shelter, and emergency medical support. During 2013, the following assistance was provided to 7 families:

Electricity	\$	839.17
Fuel		944.41
Health Services		31.98
Miscellaneous		<u>149.62</u>
Total	\$	1,965.18

When receiving assistance, the recipient agrees to repay the town for benefits received whenever able. In 2013, we received reimbursements in the amount of \$320.00.

The Food Pantry continues to be filled throughout the year with many donations of foods and household items from individuals as well as those collected from food drives sponsored by the LAE Women’s Group, Shedd Free Library, Washington Congregational Church members, and the families of Washington Elementary School. There were more than 59 visits to the Food Pantry in 2014, representing 17 families of 34 adults and 17 children.

Many generous cash donations were received totaling \$2,313. These funds were used to meet special needs and to purchase additional Food Pantry items in the amount of \$2,237.83. Remaining funds will continue to support the Food Pantry and special needs of the Welfare Office in 2015.

This year members of the Washington Congregational Church brightened the holidays with Thanksgiving dinner baskets for 6 families, Christmas food baskets for 12 families, and Christmas gifts of clothing and toys to 25 children of those families. Included in each holiday gift basket was a special book for each child, thanks to the Friends of the Shedd Free Library.

Last minute requests for assistance resulted in two additional families receiving similar benefits, thanks to last minutes offers by generous families to help. What a pleasant coincidence that they just happened to match—two requests and two offers.

The Welfare Office and Food Pantry are staffed by appointment and every effort is made to accommodate a client's needs. Please do not hesitate to call and see how we might assist you or someone you are concerned about.

For assistance or information, please call the Welfare Office at 495-0262. Messages left on the confidential phone mail service will be answered promptly. If you choose to communicate with the office by e-mail, please be advised that your message may not be protected by your rights to confidentiality. Applications for assistance are available online at www.washingtonnh.org in the Documents Section or may be picked up from the Welfare Office brochure racks in Town Hall. Information about other service agencies is available at the Welfare page on the Town of Washington Website.

Once again we thank the townspeople for their generous and continued support.

Respectfully submitted,

Carolyn Russell

Sharon Oliveira

Tom Marshall

2014 Washington Transfer Station
Annual Report

Recycling Markets remained relatively stable in 2014. Commingled containers still cost us a small fee per ton to tip at the Keene recycling Center. And mixed fibers have had its ups and downs. We receive revenue for recycled items like scrap steel, copper, aluminum and lead acid batteries. This was the first year in 10 that the price per ton for light iron showed a decrease. This year Washington has received approximately \$10,000 dollars in recycling revenue. This revenue is set-aside in a trust fund to offset equipment replacement costs like containers. The current balance in this trust fund is about \$52,687.00 dollars.

Washington has entered into an agreement with the Upper Valley Lake Sunapee Regional Planning Commission to participate in a household hazardous waste collection in the summer of 2015. This will be a regional collection and other member towns will be able to attend. Washington will pay only for those households that participate at the collections which will be hosted this year in Newport, Lebanon, and Sunapee. Other towns will be billed separately. By participating in a regional collection, several towns split the set up fee therefore reducing Washington per household cost by approximately half. Look for more information this summer.

The household hazardous waste collection hosted by Washington in 2014 was a huge success. Over 80 households from Washington participated marking the collection as the most attended in our history. Participants from Goshen, Lempster, New London, Newberry and Sunapee also attended. The HHW collection in 2011 that Washington conducted on its own cost \$7,500.00. By partnering with other local towns the total cost to Washington for the 2014 collection was \$4,798.00.00, a significant savings.

Scale fees are assessed at .06 cents per pound for bulky items and construction and demolition debris. Theses fees are deposited into the town general fund and used by the Selectmen to offset taxes for the next year. Washington received approximately \$12,500.00 dollars in scale revenue this year. In addition to the scale revenue, Washington receives about \$10,000.00 dollars in Reimbursements from the Town of Stoddard for use of our transfer station per year which is also deposited into the Town General fund to help offset the cost of the transfer station.

The Town stopped accepting oversized wood and logs in 2014. Per State law, we may not burn any wood over 5" in diameter in the burn pile. Because there used to be a market for the oversized wood, we used to accept it and haul it to get chipped or ground. Now it costs the town to dispose of this wood and therefore we stopped accepting it. We apologize for the inconvenience and confusion this may have created last year.

The household trash compactor is running smoothly, however, the power unit that supplies the Rotary Phase three phase power to operate it failed last year. As a result we investigated a new technology that uses a power inverter to supply the current required for the compactor. It is a very efficient way to generate 3 phase and will ultimately save the Town money for a long time. I would like to extend my gratitude to all the residents and townspeople for their continued recycling efforts. Should you have any ideas or comments please share them with us.

Below is a comparison of wastes collected at the Transfer Station for 2013 and 2014:

Recyclables

	<u>2013</u>	<u>2014</u>	
Commingled cans, bottles, plastic	68	63.5	Tons
Commingle paper, cardboard	49	52	Tons
Scrap steel	45	65.5	Tons
Construction Demolition	94	95	Tons
Lead acid batteries	2	1	Tons
Cathode Ray tubes/ Electronics	11	10.5	Tons
Used oil for recycle	1400	860	Gallons
Used antifreeze for recycle	50	45	Gallons
Air conditioners and refrigerators	66	86	Units
Automotive Tires	7.5	7	Tons
Propane Tanks	.64	.75	Tons

Land filled Waste

	<u>2013</u>	<u>2014</u>	
Household compactor waste	386	374	Tons
Land filled Bulky waste	140	164	Tons

Respectfully submitted,
 Edward G. Thayer
 Public Works Director

**UPPER VALLEY LAKE SUNAPEE
 REGIONAL PLANNING COMMISSION**

The Upper Valley Lake Sunapee Regional Planning Commission (UVLSRPC) has been providing professional planning assistance to municipal boards since 1963, when it was formed as the Upper Valley Development Council. The Commission is one of nine regional planning commissions in New Hampshire created to coordinate inter-municipal planning, act as a liaison between local and state/federal agencies, and to provide advisory technical assistance on land use and development issues. The Commission serves 27 communities in Grafton, Sullivan, and Merrimack County.

In 2014, the Commission was engaged in more than 30 local, regional and statewide planning projects. The year was highlighted by the completion of the draft UVLSRPC Regional Plan (available online at regionalplan.uvlsrpc.org). The vision, goals, and strategies presented in the plan are the result of the largest public outreach process ever undertaken by the UVLSRPC. Public input included guidance from the UVLSRPC Regional Plan Advisory Committee, analysis of the 27 municipal master plans from the region's communities, participation at special events around the region, meetings with municipal leaders, an online forum specific to the UVLSRPC region, and a telephone survey of residents of the region. While the UVLSRPC Regional Plan is advisory in nature, purpose, and effect, the plan is intended to strengthen the decision-making capacity of local governments by providing information and guidance that can support municipal master plans and policies.

The Commission also adopted the UVLSRPC Regional Broadband Plan in 2014. Broadband access remains a substantial challenge for both rural communities and businesses in our region. The Broadband Plan details the availability of (and gaps in) broadband services throughout our region, and identifies a series of strategies to achieve 20 Mbps Download/10 Mbps Upload speeds in all areas of our region by 2020. The Regional Broadband Plan is available online at www.uvlsrpc.org.

Christine Frost, who had served as Executive Director of the UVLSRPC since 2007, departed to become the Executive Director of the North Country Council. Rachel Ruppel, the Commission's GIS Coordinator since 2007, relocated to Bend, Oregon with her family. Similarly, Yutian Zhang, the Commission's Finance Manager since 2009, relocated to New Jersey with his family. We thank Christine, Rachel, and Yutian for all of their contributions to the Commission and wish them the best of luck in their new endeavors! Nathan Miller, the Commission's Planning Director, was promoted to Executive Director in March 2014. The Commission also welcomed Gregori Somoff as Finance Manager, Amber Boland as GIS Coordinator, and Meghan Butts as Assistant Planner.

Please feel free to contact me at (603) 448-1680 or e-mail me at nmiller@uvlsrpc.org to share your thoughts.

Sincerely,

Nathan Miller, AICP
Executive Director

Washington Web Managers' Annual Report for 2014

www.washingtonnh.org

Hopefully by now you have all had a chance to cruise around the town's new web site. It went on-line at the end of 2013 and has been constantly updated and modified during 2014. The goal of the site is to make town government as accessible as possible. We realize that often residents' work schedules do not coincide with business hours for the town offices. Most of the various forms and documents that one would need to seek for information and permits can be downloaded from the web site and submitted electronically. A new addition to the home page is a list of "Public Notices and Meetings" and information on any upcoming public meeting can be posted here.

During emergencies, or threat of emergencies, communication between the residents and your Emergency Management Team is vital. The Town has several means to do this. First, check the home page for notices. You will see a big red box across the header that will provide instructions and information for all users. We also encourage all to subscribe to the various newsletters posted by Selectmen, Police Chief and Library Director as well as Selectmen Minutes. Simply go to the "*Subscribe to E-Alerts*" in the link box on the left of the page. We also recommend you subscribe to the emergency notification alert system at nixle.com. All these services are free and your email address is private.

As we head towards Town Meeting please refer to the web site on the projects related to the Master Plan, Town Meetinghouse and Safety Services Building. Minutes, plans and accurate information will be posted on these pages. Please rely on these sources for your decision making process and not the "I heard that..." network for learning about these projects.

We encourage town residents, property owners and others with interest in Town events to share information to be posted with us. Each Department has a web presence, but we strive to make this a site for all. We will post a link to your business if it is in town, share your photos, and list things to do in the area. Simply send one of us your information or picture and we will post it on the appropriate page.

Please contact either of us with suggestions of what we could add to the web site to make this as convenient as possible for the user to navigate around and conduct business with the town.

Respectfully,

Nan Schwartz- nschwartz@washingtonnh.org
Steve Marshall- smarshall@washingtonnh.org
Co-Web Managers

**State of New Hampshire
Minutes of Washington Town Meeting
March 11, 2014**

All portions of this report typed in bold were sent to the State DRA as a legal record of this meeting.

Moderator Barbara Gaskell called the 238th unbroken March tradition of the Annual Meeting to order at 9:23 AM. The Pledge of Allegiance was recited and Moderator Gaskell introduced the Town Officials. Moderator Gaskell explained the procedures for voting, noting that the State now requires residents to show a photo ID in order to get a ballot.

Moderator Gaskell showed that the ballot box was empty and locked it. She noted that the polls would open at 10:00 AM. She also pointed out that there were two special ballots this year, one to vote on whether the Town should change the Town meeting to a two-day meeting, and one from the Planning Board to see if the town would like to adopt language to the Land Use Ordinance regarding motor homes. There was a record crowd in attendance in anticipation of the two bond articles to be voted on this year.

Before the meeting started, Janice Philbrick announced that the Washington Fire Department Auxiliary is selling Rada Cutlery to raise funds for the Explorer troop to train future firemen. They are trying to defray the training costs of \$500 for each participant.

ARTICLE 1. The following people received votes for an office elected by a non-partisan ballot:

Selectman for three years

Tom Marshall	147
David Wood	94
Robert Williams (write in)	16

Tom Marshall declared elected.

Town Clerk for three years

Sandra Poole	255
---------------------	------------

Sandra Poole declared elected.

Moderator for two years

Barbara Gaskell	247
------------------------	------------

Barbara Gaskell declared elected

Town Treasurer for one year

Lynda Roy	248
------------------	------------

Lynda Roy declared elected

Board of Assessors for three years

Linda Cook	246
-------------------	------------

Linda Cook declared elected

Cemetery Trustee for three years	
Phil Barker	220
Phil Barker declared elected	
Fire Chief for one year	
Brian Moser	235
Brian Moser declared elected	
Trustee of the Trust Funds for three years	
James Russell	236
James Russell declared elected	
Library Trustee for Three Years	
Patricia Liotta	244
Patricia Liotta declared elected	
Planning Board for Three Years (two positions)	
Michelle Dagesse	205
Linda Cook	198
Michelle Dagesse declared elected	
Linda Cook declared elected	
Supervisor of the Checklist for six years	
Elizabeth Sargent (write in)	39
Elizabeth Sargent declared elected	

Write in candidates receiving fewer than five (5) votes are not recorded here. Of the registered voters in Washington 269 cast their votes in this Town election.

ARTICLE 2. Guy Eaton moved to hear reports of any and all officers, committees and agents of the Town and Take any action in relation thereto.

Ken Eastman seconded the motion.

A list of corrections has already been compiled, but the following corrections to the Town Report were presented:

Page	Should Be	As Printed:
74	2012	2012.00
84	Fire Department Heading should be lower on the page	
86	Erosion	Corrosion
109	Trust Funds for Community Service is missing the current Balance is \$3932.65	Missing

Voice Vote Passed as moved as corrected.

The results of the Planning Board Special Ballot were as follows:

To adopt changes to the Land Use Ordinance
YES 158 NO 99 Changes were passed

The results of the Town Ballot to see if Town Meeting should be held in 2 sessions:

YES 140 NO 124 Passed as written

Al Krygeris asked for clarifications for the acronyms on pg 35. Treasurer Linda Roy answered that NSF refers to checks written on insufficient funds and EFH/ACH refers to taxes paid by credit or debit cards.

Ron Roy commented that the Cemetery Trustees are not responsible for putting out flags on cemetery headstones, and that the Committee for Patriotic Purposes does. This was argued by Kitty West and Phil Barker that the Cemetery Trustees do put out flags.

In his State of the Town address Selectman Guy Eaton mentioned the property revaluation was done last year. The tax rate increased as a result of this but property values are now down 11%. The budget overall increased less than 2%. He noted that the Selectmen wanted to remove articles 3 and 4 from the warrant, but they were reinstated during budget bond meeting. Town volunteers Ray Clarke, the Hanssens, and the Kluks and Police Chief Marshall were honored with poems written by Selectman Eaton. He also read a poem for David Dailey who died in 2013

ARTICLE 3. Jed Schwartz moved that the town vote to raise and appropriate the sum of Two Million Five Hundred Fifty Two Thousand Five Hundred and One Dollars (\$2,552,501) for the construction of a new Safety Complex, and to authorize the issuance of not more than \$2,552,501.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon and further to raise and appropriate an additional sum of \$132,500.00 for the first year's interest payment on the bond.

[Two-Thirds vote is required for passage; the polls will remain open for at least one hour]

Shawn Atkins seconded the motion.

Prior to discussing this Article Moderator Gaskell pointed out that colored paper ballots were to be used to vote for this Article and Article 4. She also asked that voters show their yellow voter card or their voter registration form when they cast their ballot.

Jed Schwartz noted the outstanding crowd in attendance. He outlined the process that was followed to bring this project to the town and noted that the volunteer fire department has been in service for 75 years.

At this point, Moderator Gaskell noted that it was 10:00 AM and the polls were open.

In 2010 a Needs Task Force mentioned the need for an upgraded fire station and the fire station was included in another report in 2012. A committee was formed in March of 2013 to explore the creation of a safety complex. Schwartz noted that the committee sponsored meetings, site visits and outreach that were intended to inform the public about their needs and plans. They wanted to eliminate redundancy, support emergency personnel and all emergency departments. They chose a design and a build firm, documented their needs and posted their meeting minutes on the Town website. They created a design to complement the surrounding neighborhood and to enhance the value to the Town. Schwartz outlined the current deficiencies at the fire station: no exhaust, the truck bays are too small, the doors are too narrow, there is no decontamination area, there is no place to wash trucks, there is

inadequate storage and no heated storage, no office space and training classes cannot be held there because there is no ADA access. The building is inefficient to heat and is not suitable for an addition. The Police Station has been housed in the old schoolhouse for 20 years and it falls below acceptable standards. There is no sally port, no showers, no holding area and it is not ADA accessible. There is no privacy, no offices, no evidence storage, the building is uninsulated, and not suitable for its present use.

The proposed new complex addresses all of these deficiencies. There is a guaranteed maximum price for the project. We shouldn't delay this project because the need is critical and the cost will continue to rise. The current 5% interest rate will increase. This project will add 73 cents per 1000 to the tax rate, about \$146.00 per year for someone with a \$200,000.00 property. Schwartz emphasized that the studies have been done, so we don't need to spend more money on further study.

Fire Captain Shawn Atkins noted that the Town has purchased additional property with funds raised by the Fire Department. Six other properties in Town were considered inadequate. He showed a slide of the current site proposal. He described the layout of building and noted that the original 'want' plan was scaled down to 9400 sq ft. The appearance of the building was created around the space requirements. Aspects that are not visible include a state required sprinkler system, a new 30,000 gallon cistern, a back up generator and oil/water separators for the floor drains.

Kitty West asked what would be above the garage area. Atkins replied it would be used for hanging equipment storage. No living space or storage above was planned in order to keep costs down and eliminate the need for additional emergency exits. Other questions were asked about the heating system (propane), wetlands (the current septic area will be removed so there will be no building on wetlands), whether the building will be constantly manned (only when on duty police or other personnel are in the building), and what the square footage was for each department.

Several residents asked about how the plan had changed from earlier proposals with regard to floor space, how much the building will cost to operate, and possible future needs that are not currently being incorporated in the plan.

Rescue Squad Commander Bob Wright discussed the current emergency personnel and noted that they are always in need of volunteers. He pointed out that if there are not enough volunteers, the Town may one day be paying for emergency staff and adequate space should be provided.

Further questions addressed funding of the project, whether lack of police presence in the Town center should be considered, what would happen to the old schoolhouse if the police dept moved and how variances to the Building Code would be handled.

Those in favor of the project emphasized the practicality of the building for the long term, how much work has gone into the planning phase, and the fact that such a project will only cost more if it is put off for another year.

Others complained that residents were not adequately informed of the proposed plan, nor were their opinions regarding what the Town needs considered. They pointed out that nothing was said about the East Washington fire station, or other possible locations for a new safety complex. Some felt the cost was too high and the project was being rushed through. Some emphasized that the Town should focus on needs, not wants.

Moderator Gaskell opened paper ballot voting on this Article at 11:40 AM and closed at 12:47 PM with a coincident recess for lunch.

Ballot Vote: Motion Failed

Number of ballots cast 246

Yes 93

No 153

At 12:47 Moderator Gaskell called the Meeting back to order.

Selectman Guy Eaton presented the Annual Rich Cook Community Service Award to Lolly Gilbert who volunteers as a Rescue Squad member, Trustee of the Trust Funds, and generally is available to help out where and whenever needed.

Moderator Gaskell was asked to mention that the Energy Committee had a questionnaire they would like residents to fill out and that they are having a raffle drawing.

ARTICLE 4. Tom Marshall moved that the town vote to raise and appropriate the sum of Two Million Thirty-Eight Thousand Dollars (\$2,038,000) for the rehabilitation of the Meetinghouse/Town Hall, in accordance with the construction plans dated 10-01-12, and accepted by the Board of Selectmen and to authorize the issuance of not more than \$1,838,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon, furthermore to accept \$200,000 in pledges.

[Two-Thirds vote is required for passage; the polls will remain open for at least one hour]

Guy Eaton seconded the motion.

Selectman Tom Marshall noted that the project was ready to go with bid ready plans that have a 5% increase applied to cover the higher cost of building materials. He said that scaling back the project at this point would be costly and was not recommended. He added that pledges made towards the project would be withdrawn if the plans were changed. In addition to pledges, the Town will apply for another LCHIP grant which the Selectmen feel the Town has a good chance of being awarded.

Addressing complaints about the addition to house an elevator, Marshall said this cost will be covered by a specific donation and that this addition includes a back entrance, ADA accessible bathrooms and stairs to the second floor. The addition is necessary even without an elevator. He urged residents to vote to move forward on this project rather than continuing to piecemeal repairs and work arounds.

There was no further discussion on the Article.

Moderator Gaskell opened paper ballot voting on this Article at 1:04 PM and closed at 2:06 PM.

Ballot Vote: Motion Failed

Number of ballots cast 213

Yes 91

No 122

At this point, Janice Philbrick made a motion to permit non-residents speak at Town Meeting. Bob Wright seconded the motion.

Voice Vote: passed as moved

ARTICLE 5. Guy Eaton moved that the town vote to raise and appropriate the sum of Four Hundred Thirty Seven Thousand Seven Hundred Thirty Nine Dollars (\$437,739.00) to defray the costs of General Government for the ensuing year. This article is exclusive of all other warrant articles. Tom Marshall seconded the motion.

Selectmen Eaton noted that this amount was increased by \$20,000 to accommodate rising motor fuel costs.

Voice Vote: passed as moved

ARTICLE 6. Bob Wright moved that the Town vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to be added to the Police Cruiser Replacement Capital Reserve Fund previously established. Guy Eaton seconded the motion.

Rescue Squad Captain Bob Wright noted the value in adding to this fund regularly rather than requiring a vote to fund new vehicles all at once.

Voice Vote: passed as moved

ARTICLE 7. Guy Eaton moved that the Town vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to be added to the Police Equipment Replacement Capital Reserve Fund previously established. Bob Wright seconded the motion.

Voice Vote: passed as moved

ARTICLE 8. Guy Eaton moved that the Town vote to raise and appropriate the sum of One Hundred Thirty One Thousand Six Hundred Thirty Five Dollars (\$131,635.00) for the operation of the Police Department for the ensuing year. Bob Wright seconded the motion.

Police Chief Marshall clarified some of the line items in this article. Jim Hofford asked what Chief Marshall thought about the proposed new complex. Chief Marshall noted that his job is to patrol and if the Police Cruiser were parked inside a building, no one would know if someone was at the station. He noted that the Fire Department and the Police Department work very closely together and that he would work with whatever plan is chosen.

Voice Vote: passed as moved

ARTICLE 9. Ed Thayer moved that the Town vote to raise and appropriate the sum of Three Hundred Eighty Four Thousand and Five Dollars (\$384,005.00) for operation of the Public Works Department for the ensuing year. Bob Wright seconded the motion.

Public Works Director Ed Thayer noted that this budget was flat. Thayer was commended and asked to keep up the good work.

Voice Vote: passed as moved

ARTICLE 10. Ed Thayer moved that the Town vote to raise and appropriate the sum of One Hundred Thirty Five Thousand Dollars (\$135,000.00) for the road paving the appropriation will be offset with any Highway Block Grant Funds received. Guy Eaton seconded the motion.

Thayer noted that Block Grant Funds come from the State gas tax. He expects about \$53,000.00 to come from that fund. The money will be used to continue repaving East Washington Rd.

Voice Vote: passed as moved

ARTICLE 11. Ed Thayer moved that the Town vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) to add to the previously established Highway Equipment Capital Reserve Fund. Tom Marshall seconded the motion.

Thayer noted that this account has been in place about 10 years and currently has \$30,000.00. The Town will need a new backhoe in 3 years. He said the Highway Department has been buying federal surplus equipment with this fund. Peter France asked what a new highway truck would cost, and Thayer said about \$167,000.00.

Voice Vote: passed as moved

ARTICLE 12. Ed Thayer moved that the Town vote to raise and appropriate the sum of Eighty Thousand Dollars (\$80,000.00) to add to the previously established Bridge Maintenance Capital Reserve Fund. Bob Wright seconded the motion.

Thayer said that this fund was established 3 years ago and is used to correct deficiencies in Town bridges and on culvert projects. The Town will be installing a new culvert on Bailey Rd. and a bridge on Valley Rd will replace an old culvert. They will also be working on a bridge on Ayers Pond Rd. The fund currently has \$260,000.00.

Voice Vote: passed as moved

ARTICLE 13. Ken Eastman moved that the Town vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00)) to add to the previously established Capital Reserve Fund to install a new Leach Field for the Camp Morgan septic system. This will be a non-lapsing appropriation per RSA 32:7 VI and will not lapse until the Leach Field is complete or by December 2019, whichever is sooner. Guy Eaton seconded the motion.

Larry Gaskell asked if this fund was not previously established.

Gaskell then moved to add “the previously established Capital Reserve Fund” to the Article. Ken Eastman seconded the motion.

Voice Vote on the amendment: passed as moved.

Selectman Eastman said this project would be completed in 2016. He noted that the last payment might be more and that the septic plan would be resubmitted if it were not approved at that time.

Voice Vote: passed as amended

ARTICLE 14. Ed Thayer moved that the Town vote to raise and appropriate the sum of One Hundred Fourteen Thousand Four Hundred Seventy Nine Dollars (\$114,479.00) for the operation of the Solid Waste Recycling Center and for the Landfill Closure for the ensuing year. Guy Eaton seconded the motion.

Thayer noted that the budget was increased by \$5,000.00 in order for the Town to host a Hazardous Waste Collection Day. Other towns may participate in this collection and share the expenses. Residents will need to show identification in order to participate.

He also said that Compost bins have been ordered and residents may contact Dave at the Transfer Station in order to purchase one.

Voice Vote: passed as moved

ARTICLE 15. Ed Thayer moved that the Town vote to raise and appropriate the sum Four Thousand Three Hundred Dollars (\$4,300.00) for Emergency Management for the ensuing year. Bob Wright seconded the motion.

Thayer noted that the Emergency Plan was due for an update so the Town can apply for grants to be reimbursed for these expenses. He said volunteers would be needed for the update. Jan Philbrick said that there would be a mailing sent to all residents asking about resources they can share and what special needs they might have in the case of an emergency.

Voice Vote: passed as moved

ARTICLE 16. Michelle Dagesse moved that the Town vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to be added to the Health Insurance Reimbursable Account previously established. Guy Eaton seconded the motion.

Voice Vote: passed as moved

ARTICLE 17. Brian Moser moved that the Town vote to raise and appropriate the sum of Ninety One Thousand Two Hundred Sixty Two Dollars (\$91,262.00) for the operation of the Rescue Squad and Fire Department for the ensuing year. Bob Wright seconded the motion.

Voice Vote: passed as moved

ARTICLE 18. Bob Wright moved that the Town vote to raise and appropriate the sum Twenty Five Thousand Dollars (\$25,000.00) to add to the Rescue Squad Equipment Capital Reserve Fund previously established. Fifteen thousand is to come from taxation and Ten Thousand will come from the Ambulance Billing Fund. Brian Moser seconded the motion.

Bob Wright noted that there was \$136,105.00 in the fund. The Rescue Squad has decided not to replace their ambulance outright this year because Lolly Gilbert has applied for a grant to purchase a new ambulance. If this grant is not received, the ambulance will be purchased next year. Wright noted that Rescue calls were up last year.

Nancy Tanner asked why this article was not recommended by the Selectmen. Selectman Eaton said that the State DRA considers these routine articles. Tanner said that all Capital reserve articles are special. Selectman Eaton verbally offered a recommendation.

Voice Vote: passed as moved

ARTICLE 19. Brian Moser moved that the Town vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000.00) to add to the Fire Apparatus Capital Reserve Fund that has been previously established. Bob Wright seconded the motion.

Fire Chief Brian Moser noted that this fund has been used to buy the Fire Department ATV and a fire truck.

Voice Vote: passed as moved

ARTICLE 20. Brian Moser moved that the Town vote to raise and appropriate the sum Thirty Seven Thousand Five Hundred Sixty Five Dollars (\$37,565.00) for Emergency Communications for the ensuing year. Bob Wright seconded the motion.

Moser noted that there was an increase from last year for dispatch services from Hillsboro. The fees Hillsboro charged were low for a long time. Now Hillsboro has changed their dispatch center to Concord. Washington will eventually switch to a new service provider, TMA, which will also cost more than we have been paying Hillsboro.

Voice Vote: passed as moved

ARTICLE 21. Lynn Cook moved that the Town vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to be placed in the existing Capital Reserve Revaluation Fund. Guy Eaton seconded the motion.

Voice Vote: passed as moved

ARTICLE 22. Bob Wright moved that the Town vote to raise and appropriate the sum of Forty One Thousand Seven Hundred Five Dollars (\$41,705.00) for the operation of the Shedd Free Library for the ensuing year. John Corrigan seconded the motion.

Jim Hofford spoke in favor of the Library and its services. Applause.

Voice Vote: passed as moved

ARTICLE 23. Carolyn Russell moved that the Town vote to raise and appropriate the sum of Fifty Three Thousand Seven Hundred Thirty Nine Dollars (\$53,739.00) for Health and Welfare for the ensuing year. Guy Eaton seconded the motion.

Jean Kluk noted that the budget has stayed consistent over several years and that unused money is transferred back to the General Fund. She wondered if a fund could be established for welfare so unused money can be carried over to the next year. Neither Selectman Guy Eaton nor Carolyn Russell were aware of any town with such a fund.

Jim Hofford asked about the decline in welfare recipients. Russell replied that she can only count people who come for help. Al Krygeris asked about the case numbers and Russell replied that they are used to preserve the anonymity of the clients.

Voice Vote: passed as moved

ARTICLE 24. Guy Eaton moved that the Town vote to raise and appropriate the sum of Fifty Eight Thousand Four Hundred and Forty Four Dollars (\$58,444.00) for the operation of the

Parks and Recreation Commission and for Patriotic Purposes for the ensuing year. Steve Hanssen seconded the motion.

Eaton noted that increases in this budget were due to plans to put a new roof on the pavilion and for pay increases for the lifeguards and water safety staff. The war monument in the center of Town would also be stabilized this year.

Voice Vote: passed as moved

ARTICLE 25. Guy Eaton moved that the Town vote to raise and appropriate the sum of Nine Thousand Dollars (\$9,000.00) to be added to the previously established Dock Replacement Capital Reserve account. Steve Hanssen seconded the motion.

Eaton noted that this is the 3rd year of this fund and the Town plans to replace the floating docks in 2 years.

Voice Vote: passed as moved

ARTICLE 26. Ken Eastman moved that the Town vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) to support the Town's lake host program. Guy Eaton seconded the motion.

Eastman noted that this program has been operating for 5 years. Currently Highland Lake and Millen Pond participate. Other water bodies are encouraged to participate. Volunteers are now looking at not only plants, but Asian clams, zebra mussels and rock snot.

Voice Vote: passed as moved

ARTICLE 27. Michelle Dagesse moved that the Town vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for Debt Service for the ensuing year. Colleen Duggan seconded the motion.

Voice Vote: passed as moved

ARTICLE 28. Ed Thayer moved that the Town vote to raise and appropriate the sum of Eight Thousand Seven Hundred and Fifty Dollars (\$8,750.00) from the Recycling Equipment Fund for the purpose of purchasing recycling container for the use of the Transfer Station. Bob Wright seconded the motion.

Thayer noted the increase of \$750.00 to this article is due to the actual price of replacing the 1985 roll off container.

Voice Vote: passed as moved

ARTICLE 29. Ken Eastman moved that the Town vote to raise and appropriate fifteen thousand dollars (\$15,000) and instruct the Selectmen to consider the essential Washington needs of fire, rescue, police, and emergency operations, as well as the needs of the town hall and schoolhouse. The selectmen will convey the interim results of this inquiry in the form of quarterly: mailings, public meetings, website postings, handbills, newspaper articles, and any means necessary to distribute information for public awareness. The selectmen are encouraged to do as much as

possible to bring the public together in this endeavor. The goal is to create an informed voter, ready to discuss and act on the selectmen's findings at the 2015 town meeting.

The selectmen should consider, but are not limited to, such issues as: (1) a comparison of proposed costs and facilities with those of comparable towns; (2) adequacy of present facilities; (3) possible modifications of existing facilities; (4) locations, size, and cost parameters of any new facilities; (5) future operational costs of existing or proposed facilities; (6) possible alternative services available. The Selectmen shall actively engage Washington citizens and seek public input. They should also give careful attention to the views of current members of the Washington Fire/Rescue and Police Departments, as well as to the relevant work of previous committees and individuals. For their work, the Selectmen may engage such professional assistance as is required _____. This will be a non-lapsing appropriation per RSA 32:7 VI and will not lapse until the results are complete or by December 2019, whichever is sooner.
Tom Marshall seconded the motion.

The Selectmen are committed to getting the word out about Town needs and options for dealing with them. The Selectmen noted the provider they had in mind was Municipal Resources, Inc. which was recommended by four other towns. They noted that most of the research and fact finding has been done, and that this consultant would analyze the data from a neutral perspective. They have not already contracted with the firm. They clarified that \$10,000 would be for the consultant and \$5,000 would go to expenses and advertising.

Several residents disagreed with the need to pay an outside consultant and questioned whether the amount budgeted would be adequate to get any value from such a consultant. Others felt the perspective of someone without a vested interest in the outcome of the project would be useful. Some residents noted the body of the article seemed to refer only to the proposed safety complex.

Jean Kluk moved that the Article be amended to say that the Selectmen will work with the Planning Board and the consultant. Laurie Dube seconded the motion.

Voice vote: Amendment passed.

Allen Treadwell moved that the amount of money in the Article be reduced to \$5,000 and not include a consultant. Bob Williams seconded the motion.

The voice vote was not decisive, so Moderator Gaskell asked for a show of hands on the amendment.

Hand vote: Amendment passed.

Voice Vote: passed as amended

ARTICLE 30. Brian Moser moved that the Town vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) for future planning of a safety complex. This will be a non-lapsing appropriation per RSA 32:7 VI and will not lapse until the work is complete or by December 2019, whichever is sooner. Jed Schwartz seconded the motion.

Brian Moser noted that Article 3 did not pass and that the money in this article would be used to continue to work on the safety complex plan. There was much debate on how this money would be used and whether it was needed at all.

Some felt the plan presented was fine, it just needed to be understood and approved by the voters. Many emphasized the need to contact and get the opinions and support of the residents of Washington.

The Selectmen weighed in with their opinions of Washington's needs. Tom Marshall assured the voters that the Selectmen are not opposed to anything but they do need answers to questions about other available properties for a new safety complex that have not been considered. They have not investigated the cost and value of tearing down the existing fire station. Guy Eaton noted that he thinks the proposed cost of the new complex is too high and that not all alternatives have been thoroughly examined, and that the old schoolhouse could be modified for other Town uses. Ken Eastman thinks further research is required, including the question of whether we need a police department at all.

Further comments were made in favor of having the Police Department in the center of town, the fact that the existing Police Department building will still have to be maintained, and the fact that the Selectmen and the residents of Town are not in agreement about what the Town needs and how those needs can best be met.

Larry Gaskell made a motion to amend the Article to include "the Selectmen act as agents to expend". Ron Jager seconded the motion.

Voice vote: Amendment passed.

Voice vote: Passed as amended.

ARTICLE 31. Ken Eastman moved that the Town vote to raise and appropriate Forty One Thousand Five Hundred Dollars (\$41,500) to purchase and install four exhaust emission pipes, ducts, and fan in the Center Fire Station. The system can be installed in low ceiling circumstances and can be dismantled and moved to another location at a relatively low cost. This will be a non-lapsing appropriation per RSA 32:7 VI and will not lapse until the installation is complete or by December 2019, whichever is sooner. Guy Eaton seconded the motion.

Eastman noted that the amount for this Article was increased from \$30,000 to add funds for drop modifications of two exhaust pipes on the East Washington fire trucks and additional electrical work. This exhaust system is critical for fire station operations.

Bob Hoffstetter, a volunteer fireman, described the current unacceptable conditions inside the fire station when the trucks are running and exhaust fumes fill the building. Proper systems will attach directly to the truck exhausts with no delay for a fan to draw exhaust already in the building to the outside. This system could be re-used in a new safety complex building in the future.

Voice Vote: passed as moved

ARTICLE 32. To transact any other business that may legally come before this meeting.

Vivian Clark said that Olde Home Days are scheduled to occur in 2015 and wanted to know if residents wanted to have it. There were some yeses. Larry Gaskell said the Selectmen need to appoint a committee and funding will need to be provided.

Andrew Hatch brought up the names of the winners of the Energy Committee raffle. Winners were Evie Boyce, Ann Lischke and Nan Schwartz.

Laurie Dube and Jim Hofford thought the Town should have a Capital Reserve fund for major building projects.

Charlene Eastman asked about the plan to paint the west side of Town Hall. Tom Marshall said the money was allocated last year, but the Town will need an appropriation to finish the other sides because the Meetinghouse Article did not pass.

Jean Kluk of the Planning Board thanked everyone who participated in the Town Planning survey. Planning board will schedule a workshop for the community to discuss the results. Tom Marshall added that the special ballot about future Town meetings was a direct result of the Planning Board survey.

Tara Van Meter asked about the possibility of landscaping around town buildings. Guy Eaton noted that there are flowers planted around the bandstand. Grace Jager pointed out that there is no historical reason to add plantings around town building foundations. Laurie Dube added that the Hillsboro Bird & Garden Club is always looking for members.

Nancy Tanner asked how much money in the fund balance is currently undesignated and where is that information.

Bob Wright moved to adjourn at 4:04 PM. Al Krygeris seconded the motion.

Voice Vote: passed as moved

Respectfully submitted by,

**Colleen Duggan
Deputy Town Clerk**

Jim Hoffman offered his support to the School Board. John Hyland noted that these costs can not be predicted.

Approved by Voice Vote

ARTICLE 8. Kathy Atkins moved to see if the school district will vote to raise and appropriate the sum of \$10,000 (Ten thousand dollars) to add to the expendable trust fund created with the March 2005 Annual Meeting vote, for the purpose of maintaining and repairing school buildings and authorize the use of the sum of up to \$10,000 (Ten thousand dollars) from the year end undesignated fund balance (surplus) available on July 1 of 2014, if any, toward this purpose.

Motion seconded by Gayle Terani.

Sue Hofstetter asked what will happen to this money if there is no fund balance. John Hyland answered that the monies would be applied to lines as they appear on the warrant, so it would be applied to special education first. Hyland also noted that the roof will need to be replaced and the current estimate for replacing the roof is \$80,000 and it would be nice to have monies available to apply to this project.

Approved by Voice Vote.

ARTICLE 9. To transact any other business that may legally come before said meeting. Jim Gaskell complimented the teachers, staff, and School Board for keeping up education standards and the upkeep of the building. Applause. Guy read a poem he wrote for the new part time principal, Kevin Johnson who was not in attendance.

All Krygeris moved to adjourn at 3:20 PM. Motion seconded by Jim Hofford.

Approved by Voice Vote

The polls were closed at 3:45 PM

**Respectfully Submitted,
Colleen Duggan
School Board Clerk**

School Board Clerk**

Approved by Voice Vote

ARTICLE 5. June Manning moved to see if the voters of the Washington School District will adopt a school administrative unit budget of \$1,030,830 (One Million Thirty thousand Eight hundred Thirty dollars) for the forthcoming fiscal year in which \$131,664 (One hundred Thirty one thousand Six hundred Sixty four dollars) is assigned to the school budget of this school district. This year's adjusted budget of \$1,028,285 (One Million Twenty eight thousand Two hundred Eighty five dollars) for the forthcoming fiscal year in which \$131,319 (One hundred Thirty one thousand Three hundred nineteen dollars) is assigned to the school budget of this school district, will be adopted if the article does not receive a majority vote of all the school district voters voting in this school administrative unit.

Motion seconded by Linda Musmanno

The Motion was approved by paper ballot

Ballots cast 41 Yes 39 No 2

Moderator Eaton thanked Gwen and Jim Gaskell for counting the ballots.

ARTICLE 6. Linda Musmanno moved to see if the Washington School District will raise and appropriate funds from State and Federal aid for the support of school projects as follows: for food service, \$25,000 (Twenty-five thousand dollars) and for Federal and State projects, \$50,000 (Fifty thousand dollars). These appropriations have offsetting revenues from school lunch sales and State and Federal revenues and do not affect the tax rate.

Motion seconded by Gayle Terani

Approved by Voice Vote

ARTICLE 7. Gayle Terani moved to see if the school district will vote to raise and appropriate the sum of \$10,000 (Ten thousand dollars) to add to the expendable trust fund created with the March 2005 Annual Meeting vote, for the purpose of paying for any unanticipated Special Education out-of-district tuition, related transportation and special therapy services and authorize the use of the sum of up to \$10,000 (Ten thousand dollars) from the year end undesignated fund balance (surplus) available on July 1 of 2014, if any, toward this purpose.

Motion seconded by Kathy Atkins

John Hyland reminded the voters that \$150,000.00 is a good amount to have in the fund, based on previous experience with an out of district placement. Costs for such a placement could be higher than this in the future. The School Board wants to continue to add to this trust fund.

Approved by Voice Vote

ARTICLE 4. John Hyland moved to see if the Washington School District will vote to raise and appropriate for the support of schools, the payment of salaries of School District employees, and for the payment of statutory obligations of the District, the sum of \$2,358,333 (Two million Three hundred and fifty eight thousand Three hundred and thirty three dollars) or take any other action in relation thereto. *This article does not include the budget of the School Administrative Unit.*

Motion seconded by June Manning

John Hyland summarized the changes in the budget with power point slides. He noted that there was an overall 2.6% increase mostly due to the cost to send our students to Hillsboro's middle and high schools. Numbers have been decreasing before this year when 3 more students joined district. There were some decreases including the SAU assessment amount, because Washington property values have decreased. Transportation costs have also gone down and 2 students who were tuitioned to Keene have graduated. The bond payment was down 10%. There was also a decrease in staff and health insurance costs.

All Krygeris asked about the electricity/maintenance increase in budget. John Hyland pointed out that there was an increase in electricity charges. Krygeris then inquired about the adjustments noted on pg 42 of the School Report.

**At this point, John Hyland moved that non residents be permitted to speak
Motion seconded by Kathy Atkins
Approved by Voice Vote**

Business Administrator Jean Mogan explained that the final bills had not been received when the school year ended so an adjustment is required to accommodate the actual costs.

Jim Hoffman asked how much tuition costs per student. Hyland replied \$16,600 for the middle school students, \$16,000 for high school students. He noted that Washington has students coming here from Stoddard, bringing \$17,800 to us.

Hyland said that there are three more payments left to pay off our bond (It will be paid off during the 2016-17 school year). He discussed factors that affect tax rate. The State Adequacy Grant paid \$94,000 to the school district for several years, but the formula has changed, enrollments have declined, and now we get \$29,900. This deficit has to be made up. Budget surpluses because of declining tuition students are usually applied to reduce the tax rate. There was no surplus this year because there were unexpected tuition students.

The Elementary school serves 42 students, more than the 38 predicted. We expect a decrease of 3-4 students next year. This year the school had a full day kindergarten. The School Board hasn't decided if they will offer it permanently, but it is going well so far. It is currently funded by a grant, so the cost does not affect taxes. The cost to run the school has stayed flat. Test scores for the elementary school are very good, above state average for all grades.

Annual School District Meeting
Washington, NH
March 8, 2014

Moderator Guy Eaton called the meeting to order at 2:04 pm. He led the assembly in the Pledge of Allegiance, introduced the School Board members, the ballot officials, the school district employees present and explained the rules of order. The Ballot Box was shown to be empty then it was locked. The polls were declared open at 2:00 PM and were closed at 3:45 PM

ARTICLE 1. The following officials were elected by non-partisan ballot: A total of 47 bal-
lots were cast.

School Board Members for 3 years
Kathy Atkins 46
Kathy Atkins was declared elected

Moderator for 1 year
Guy Eaton 47
Guy Eaton declared elected

Clerk for 1 year
Colleen Duggan 47
Colleen Duggan declared elected

Treasurer for 1 year
Sandy Eccard 46
Sandy Eccard declared elected

ARTICLE 2. Kathy Atkins moved to hear the reports of agents, auditors and committees
or officers chosen and to pass any vote relating thereto.

Motion seconded by Linda Musmanno
Moderator Eaton asked for comments or questions. There was no discussion.

Approved by Voice Vote

ARTICLE 3. Linda Musmanno moved to determine and appoint the salaries of the
School Board, and fix the compensation for any other officers or agents of the District as
follows:

Motion seconded by John Hyland
School Board Chair \$750
School Board Members \$500
School District Clerk \$75
School District Treasurer \$500
School District Moderator \$100

**THE STATE OF NEW HAMPSHIRE
WASHINGTON SCHOOL DISTRICT
SCHOOL WARRANT**

To the inhabitants of the School District in the town of Washington qualified to vote in District affairs:

You are hereby notified to meet at the Washington Elementary School in said District on Saturday the 7th day of March 2015 at two o'clock in the afternoon to act upon the following:

- Article 1.** To choose by nonpartisan ballot the following School District officials:
Two School Board Members for a 3-year term
One Moderator for a 1-year term
One Clerk for a 1-year term
One Treasurer for a 1-year term

Article 2. To hear the reports of agents, auditors and committees or officers chosen and to pass any vote relating thereto? *Recommended by School Board*

Article 3. To determine and appoint the salaries of the School Board, and fix the compensation for any other officers or agents of the District as follows:

- School Board Chair: \$750
- School Board Members: \$500
- School District Clerk: \$75
- School District Treasurer: \$500
- School District Moderator: \$100

Recommended by School Board

Article 4. To see if the Washington School District will vote to raise and appropriate for the support of schools, the payment of salaries of School District employees, and for the payment of statutory obligations of the District, the sum of \$2,399,522 (two million three hundred ninety nine thousand five hundred and twenty-two dollars) or take any other action in relation thereto? *(This article does not include the budget of the School Administrative Unit.) Recommended by School Board*

Article 5. Shall the voters of the Washington School District adopt a school administrative unit budget of \$1,052,320 (one million fifty two thousand three hundred twenty dollars) for the forthcoming fiscal year in which \$136,893 (one hundred thirty six thousand eight hundred ninety-three dollars) is assigned to the school budget of this school district? This year's adjusted budget of \$1,036,017 (one million thirty six thousand seven hundred and seventeen dollars) for the forthcoming fiscal year in which \$134,597 (one hundred thirty four thousand five hundred ninety-seven dollars) is assigned to the school budget of this school district, will be adopted if the article does not receive a majority vote of all the school district voters voting in this school administrative unit. *Recommended by School Board*

Article 6. To see if the Washington School District will raise and appropriate funds from State

2014 Report of the Trustee

As I prepare this, my 13th report as Trustee of the Duncan-Jenkins Trust, I can't help but feel proud and privileged to be part of such a unique and extraordinary asset for the Hillsboro-Deering and Washington School Districts. The generosity of Sally Jenkins in establishing this trust has done so much to enrich the lives of the students and staff of our schools. I am convinced that the availability of resources from the Duncan-Jenkins Trust for our students and staff significantly increases the quality of education within the Washington and Hillsboro-Deering School Districts. Teachers get exposed to workshops, training programs and foreign travel which enhances their effectiveness within the classroom. Students get exposed to cultural programs and learning experiences which broaden the education that is available to them as they move to the next level, whether that be college, work in the community or military. And then, of course, there is the significant scholarship program which is available for students who want to pursue education beyond their high school experience. In 2015, we expect to grant close to \$120,000 in scholarships.

For 2014 we granted \$74,550 for student enrichment programs. The richness of these programs included an 8th Grade Trip to Washington, D.C., Music in the Parks Festival, "Slapstick Science" at the Washington Elementary School, No Strings Marionettes, a field trip to the Currier Museum of Art, and Colonial Overnights at Plymouth Plantation. We granted \$100,350 for teacher enrichment programs which provided opportunities for teachers to travel during the summer to enhance their skills through workshops and training sessions and to participate in special programs related to their teaching. As a result of these grants, teachers were able to attend a variety of professional conferences throughout the United States, and to travel to Spain, France, Scandinavia, and the Canadian Maritimes. And finally, our scholarship program in 2014 awarded \$99,460 in scholarships to a total of 53 students. The single largest scholarship was awarded to the Sally Jenkins Distinguished Scholar, who received a total of \$4,500 from the Duncan-Jenkins Trust.

I'm very privileged to work with a dedicated, conscientious and hardworking Grant Committee who literally spend hours reviewing applications and evaluating grant requests. This Committee consists of Grace Jager and Ron Jager, at-large members from Washington, Sue Hofstetter representing the Washington School Board, Rick Pelletier representing the Hillsboro-Deering School Board, Robert Hassett, Superintendent of Schools and myself as Trustee. Special thanks to these Committee members.

Respectfully submitted,

Douglas S. Hatfield

Trustee of the Duncan Jenkins Trust

The New Hampshire Interscholastic Athletic Association (NHIAA) honored senior scholar athletes from across the state in Concord, on Monday, February 3, 2014. The NHIAA recognizes seniors who maintain a 3.5 cumulative GPA and participate in at least two varsity sports during their senior year. Twelve Hillsboro-Deering High School students were honored on this day: Alyssa Bailey, MaryGrace Bartoldus, Aspen Dubuque, Hannah Pepper, Makayla Savoy, Morgan Winters, Brett Bennett, Tristan Brooks, Danny Egner, Jacob Kallander, Maxwell Parenteau, and Matthew Sampson.

Last Spring vacation, thirteen students, parents, and teachers went to France on a tour led by Jed Dubreuil, HDHS French teacher. The 2016 tour is Paris, Lucerne, and Munich.

The music department attended many events in the 2013-2014 school year; the most significant was the Stand Up Bullying event at the University of New Hampshire with HDHS Marching Band and Red, White & Acapela, which performed the HDHS student written, award winning song "Stand Up" for an audience of over 3,000. RWA also traveled to Boston in the Spring to professionally record the song. The music department had visiting performances and rehearsals with the UNH Chamber Ensembles, Keene State College Chamber singers, and the 39th Army Band. They also attended the Music in the Parks Festival in Holyoke, MA. RWA took first place with a superior rating, band took first place with a good rating, and the chorus received first place with an excellent rating. Many students attended the All New England Choral and Band Festival, and Leah Dunbar attended All State as a Percussionist.

Professional development has played a critical role in the improvements made at Hillsboro-Deering High School. Teachers and administration have worked tirelessly to improve curriculum, instruction and assessment practices based on current research and best practices, leading to increased student achievement. Aligning curriculum to the Common Core Standards, development of learning targets to measure what students know and are able to do, and the development of common, rigorous assessments have and will continue to be the focus of our professional development plan.

We are excited to continue our work together improving and refining Hillsboro-Deering High School into a twenty-first century learning community that provides high quality, personalized education for every student.

Educationally yours,

James O'Rourke
Hillsboro-Deering High School Principal

Hillsboro-Deering High School Annual Report

The staff, administration, and students remain committed to the continued improvement of the Hillsboro-Deering High School. Much of the work done during the 2013-2014 school year focused around preparation of the self-study report for the New England Association of Schools and Colleges (NEAS&C) reaccreditation process. The self-study process has been a valuable tool for identifying our areas of strength as well as necessary improvements. As part of the process we conducted a survey of the entire community to identify our core values and beliefs about learning. The survey results were compiled and resulted in our four core values: Community, Personalization, Progress, and Purpose.

H-DHS commits to building community,
providing a personalized education,
encouraging continual progress, and inspiring
purposeful lives.

The HDHS Student Voice was invited by the New England Consortium of Secondary Schools to present at their Annual High School Redesign Conference on the innovative work that they have done the past few years. The high school administration, the Student Voice advisors, and a team of seven students from grades 9-12 traveled to Norwood, Massachusetts and presented twice to packed attendance. The conference was attended by over 650 representatives from high schools across New England and beyond. The students' presentation received rave reviews and invitations to present at several high schools across New England. Student Voice is continuing to grow and expand its leadership role in the Hillsboro-Deering High School community.

HDHS DECA had a successful competitive season in 2013-2014. The chapter earned the THRIVE level of membership – the highest level of recognition for a chapter to earn. The School Based Enterprise (SBE) – The Hillcat Corner – was awarded another Gold standard award for operations. Four student teams qualified for the International Career Development Conference (ICDC) in Atlanta, Georgia for Virtual Business events in Restaurant Management, Sports Management, and Retail Management. Of those teams two of them ended up in the top 8 and were recognized with medals on stage at the ICDC in front of 17,000 other high school students from around the world. HD DECA continued their recent history of having a NH DECA State Officer with the election of Michael Carter to that post. At the NH DECA State Competition in February additional students qualified for the ICDC by winning in these events: Accounting, Food Service & Restaurant Management, Principles of Hospitality, and Quick Service Restaurant Management.

Project Lead the Way (PLTW) is the nation's leading provider of K-12 STEM programs. The world-class curriculum and high-quality teacher professional development model, combined with an engaged network of educators and corporate and community partners, help students develop the skills necessary to succeed in our global economy. Hillsboro-Deering High School's pre-engineering program received national certification through Project Lead the Way and the program continues to grow and provide students with opportunities in STEM education.

dents have been able to bring back their knowledge and share it within the school.

Destination Imagination is a creative problem solving group that promotes teamwork, creativity, and critical thinking. Each team competes in a challenge that they choose where they need to present a performance that they have prepared for, and also an instant challenge that they have never seen before. Last year the middle school brought three teams to the regional meet in Swaney in March, and one team made it to the state level in April. This was the first year the district was represented from all three schools in Hillsboro.

HDMS also had the opportunity to provide some wonderful full school enrichment activities this past year. Included in them is the New Hampshire Engineers, Odd's Bodkin, Coco-Cola Recycling, Mariposa Theater, Sy Montgomery, and a Career Fair. All of these events exposed out students to rich content and gave them opportunities to explore beyond the walls of the classroom.

The faculty and staff look forward to continued progress and success in creating an environment that supports whole-child learning and look forward to increased academic success.

Respectfully submitted,

Marc Peterson

Hillsboro-Deering Middle School Principal

Hillsboro-Deering Middle School Annual Report

The continued improvement at Hillsboro-Deering Middle School must be attributed to the hard working teachers, students and administration. The 2013-2014 school year was spent working on providing opportunities for student enrichment and providing targeted support. This was done during the Prep period in the daily schedule; the enrichments include Foreign Language, Fine Arts, Math Technology Integration, School Culture and more. For all other students, they were provided targeted instruction in areas of weakness including, Math, Science, Reading, and Writing.

The success of the targeted intervention is evident as students improved greatly on NWEA MAP Testing from fall to spring. In fact, for math the percent of students who improved in 6th grade was 80% while 7th grade was 86% and 8th was 59%. Reading blustered an impressive improvement as well as 67% of all targeted students improved.

The faculty and staff worked over the course of the year on grading and grading practices and what that means in terms of competency based grading. Competency based grading was a major focus for the faculty and staff who spent many faculty meetings and professional development days working on creating competencies and how they could be incorporated in the years to come.

The HDMIS eighth grade students have joined Distributive Education Clubs of America, making them one of the first two groups of eighth graders in New Hampshire to join. Sixteen middle school students joined the high school chapter to attend the New Hampshire DECA Fall Leadership Conference on Oct. 22 at Southern New Hampshire University. Although DECA began this program to include eighth graders two years ago, New Hampshire DECA wanted to ensure that a structure was in place to involve eighth graders, provide them with the opportunity to compete against other middle schools, and encourage them to continue their membership in high school. In the state tournament the team earned top scores in a few categories.

The band and chorus had an amazing year. Both performed at the Great East Festival on May 16, 2014, and it was a major success. Our students also had the opportunity to observe the performances given by another middle school ensemble. The band earned a silver award. The NHMEA South West Music Festival on May 17, 2014 was a great experience for eleven HDMIS students. Six band members, along with five chorus members, were chosen to participate in this year's music festival. All of them spent many hours in after-school instruction and practice. The kids arrived at Kearsarge Middle School around 7:30 AM, rehearsed throughout the day, and performed late that afternoon and into the evening. This was a great opportunity for these kids to perform with other top middle school musicians under the direction of a great conductor. All of them enjoyed and profited from this experience.

Twenty 7th graders had the opportunity of a lifetime to attend the AMC Mountain Classroom Leadership Program. The students in this program were nominated by the faculty and staff for the leadership potential they possess. The curriculum included team-building, hiking, ecological awareness, geology and climate change all with an overall focus on student leadership. The stu-

**Washington Elementary School
Principal's Report**

Washington Elementary School had a year filled with exciting programs that help to bring our curriculum alive. All programs are focused on our three goals for the school year:

- ◆ Student Engagement
- ◆ Response to Intervention
- ◆ Common Core Curriculum

Following are several examples of how the WES community is bringing student engagement to life.

- ◆ Percy Hill Student Leadership Summer Workshop
- ◆ STEM (Science, Technology, Engineering, Mathematics) Summer Student Workshop
- ◆ Summer Pre-School Program
- ◆ Full Day Kindergarten

In addition to programs, we support our learners throughout the year by utilizing the expertise of community members, and local government.

- ◆ Student Council Food and Coat Drive

- ◆ Grand Pal's Day

- ◆ Writing Buddies

- ◆ Book Mobile

- ◆ Holiday Program

- ◆ Students of the Month Lunch with Chief Marshall

- ◆ Weekly Full School Morning Meetings

We also would like to thank the Duncan-Jenkins Grant for supporting the following enrichment activities to our students.

- ◆ No Strings Marionettes
- ◆ Children's Stage Adventure
- ◆ TIGER- Bullying Awareness Program
- ◆ Fenway Park and Duck Tours in Boston
- ◆ Dance Residency Program Culminating in our End of Year Night of Celebration

We have one new staff member this year, Michelle Powell. Mrs. Powell co-teaches pre-school, helps with kindergarten, technology, and in the library.

In closing, we would like to share a message regarding student achievement. 100% of the WES students scored proficient or above in the NECAP reading test this past year. This accomplishment was recognized at the state and national level by NH elected officials. The written letters to our school staff are now hanging in the front hall for you to see.

Thank you for the support of the teachers, staff, and community members for making WES such a special place for students to learn, laugh, and grow.

Respectfully submitted,
Kevin Johnson, Ed.D.
Principal

Annual Report

Director of Curriculum, Instruction and Assessment

Curriculum and Instruction

The Washington School District worked collaboratively with the Hillsboro-Deering School District to further understanding and implementation of the Common Core State Standards. Professional development on instructional strategies that encourage deeper, more complex thinking for students was provided by a combination of outside and in-house experts. Implementation of those strategies followed, with support and feedback provided through professional collaboration and administration.

Assessment

Washington Elementary School worked on developing and implementing a Response to Instruction (RtI) model during the 2013-14 school year. AIMSweb (a program that is used to closely monitor student progress in identified focus areas) is a key component of the RtI model, providing up-to-date snapshots of student progress so that programs can be modified as soon as possible. The Measures of Academic Progress (MAP) assessment continued to be administered to students at least twice a year (fall and spring). When AIMSweb is used in conjunction with MAP, a more in-depth growth profile is possible which ultimately leads to better instructional decisions for each individual child. Coupled with information obtained from the New England Common Assessment Program (NECAP) and other building or classroom-level assessments, clear growth patterns and areas for intervention (remediation or enrichment) are identified.

The fall of 2013 was the last administration of the NECAP. It will be replaced in the spring of 2015 with the Smarter Balanced Assessment, which is an on-line adaptive assessment that is aligned to the Common Core State Standards. Adaptive assessments, like MAP, automatically adjust the relative difficulty of items students are given based on their performance on earlier items. This results in more accurate information about where a student is and what their needs are, and also usually results in a shorter testing window for the student. Smarter Balanced will be able to provide us with more in-depth, accurate information which should merge well with our local assessments and allow us to make even more instructional adjustments.

I am proud to be a part of the educational team for the Washington School District. Thanks to the dedication and effort of all of our educators, we are able to provide outstanding academic opportunities for all students.

Respectfully Submitted,

Lisa A. Witte

Director of Curriculum, Instruction, and Assessment

were selected to participate in the Title I Program. Following the requirements of the No Child Left Behind Act, Title I supplementary instruction was provided by highly qualified staff at WES who spent approximately 2 hours per day delivering Title I services. Following February school vacation, Kindergarten was extended to a full day program and a part time paraprofessional was hired to help support several of the students. Ten students in grades K-5 received services in 2013-2014. Additionally, twelve students took part in various summer programs which included a pre-school component.

The Title I school year program successfully accelerated student learning for all of the students participating. End-of-year assessments showed that 86% of students receiving services during the 2013-2014 school year were on grade level or higher in June.

Special Education - In SAU #34, a total of 245 students were identified with educational disabilities, which represents 19% of SAU #34's school-aged population: 10% at WES (4 students), 20% at HDES (110 students), 20% at HDMMS (56 students) and 18% at HDHS (75 students).

Washington Elementary School continued to utilize a Response to Instruction model as a means of meeting the various needs of students who were at risk of diminished learning outcomes. As part of this model, a special and regular educator co-taught a 4th grade math group to provide additional support through strategic interventions reinforcing skills taught based on the Common Core Standards with a major emphasis on students increasing their depth of knowledge. Also, through the use of various questioning techniques, support and scaffolding, students' increased their academic independence.

In 2012-2013, the Hillsboro-Deering District examined why an achievement gap existed between students with educational disabilities and their nondisabled peers as a result of being identified by the New Hampshire Department of Education (NHDOE) to participate in Focus Monitoring process, a process of approving and monitoring special education programs and services. Data was reviewed by a multidisciplinary team that met monthly during the 2012-2013 school year and developed an Action Plan to address the findings and submitted the plan to the NHDOE for approval. During 2013-2014, the District implemented the Action Plan which consisted of three priority goals: 1) To create/refine and operationalize a reading/language arts curriculum K-12 aligned with the Common Core State Standards, 2) To ensure that staff, parents and students will understand accommodations and modifications; and have access to resources for information and what is expected by the district, and 3) To refine and operationalize 'Response to Intervention', K-12. All three goals were implemented in whole or in various stages and will continue to be areas of focus into the 2014-2015 school year.

For additional information regarding the above material, please visit the Hillsboro-Deering School District website at www.hdsd.org.

Respectfully submitted,

Patricia Parenteau

Assistant Superintendent

Program Department of Health and Human Services for Washington. Access to flu vaccine increased the health and welfare of our students by decreasing the incidence of absences due to illness during the flu season.

The nursing team organized the Ronald Mc Donald Mobile Van which provided students an opportunity to access on campus free dental care. Many students, for the first time, had access to comprehensive exams, cleanings, X-rays, fillings and extractions.

The nursing team continued to expand their knowledge and support base by reaching out to others as well as extending a hand to those beginning their journey in the health care profession. The nursing team continues to work on establishing a relationship with a district physician group for consultations and support for the health care team. School nurses provided mentorship to college nursing students from New Hampshire Technical Institute (NHTI). The internship provided nursing students with both community nursing experience as well as a wonderful pediatric rotation.

Counseling and Therapeutic Support - The K-12 School Counseling Committee continued improving and increasing transition activities for school transition years (elementary to middle and middle to high), with special orientations conducted at the middle and high school for individual students needing an extra level of support. The School Counseling Committee continued to work towards the implementation of the K-12 Common Set of School Counseling Standards and Curriculum in accordance with the national model.

The schools continued their partnership with Brookside Counseling in an effort to improve the availability of mental health therapeutic supports to children and families in the Washington area. Eric Geaumont, a licensed clinical mental health counselor from Brookside Counseling, provided individual therapy to students during the school day, as well as consultation with teachers regarding emotional and behavioral needs. This school-based mental health program supported students who demonstrated significant emotional, social and/or behavioral challenges at home, in school and in the community.

Collaborative efforts between Hillsboro-Deering High School's Counseling Center and NHTI enabled one quarter of the graduating class of 2014 to apply to NHTI for free.

Work is planned this summer to review procedures and practices in addressing the mental health needs of our students.

Title I - Each year Washington Elementary School receives a Title I "Targeted Assistance" allocation that is mandated to be dedicated solely to assisting students who are struggling and who may be "at risk of failure". The purpose of the Title I program is to provide selected students with additional high-quality instruction in reading, writing, and math with the goal to accelerate progress and become successful learners at their grade level. The Title I program does not replace or supplant regular classroom instruction, but supplements.

As a Targeted Assistance School, WES received Federal funds for students who may be at risk of failure, a designation determined by the free and reduced lunch count which was approximately 40% in 2013-2014. These funds supported a part-time instructional salary, supplies for Title I students, professional development, parent involvement activities and project management.

Utilizing data from multiple assessments and parent and teacher recommendations, students

**Annual Report
Assistant Superintendent**

Although the Districts of SAU #34 are experiencing a decrease in enrollment, the demand for student support services has not declined. Students continue to present with unique and significant needs, and the District remains committed to identifying those needs and responding to them in a variety of ways. The efficient, effective, and creative use of current resources is a primary focus in all service areas. District staff offers a range of expertise and uses the most effective data-driven, research-based practices in order to monitor student needs and design and implement interventions to meet them. The District is also committed to ensuring that all students are able to access the general education setting and curriculum and staff uses a variety of technological and instructional approaches to accomplish this goal.

Mckinney-Vento Act – Homeless Students -The McKinney-Vento Homeless Assistance Act provides certain rights and protection for families experiencing homelessness. Public school districts must ensure that students who are homeless have equal access to the same free, appropriate public education as other youth and through the combination of Title I and District funds, students who were homeless received access to tutoring, enrichment activities, summer programming, transportation, home visits and school and health supplies. Assistance was provided to connect families with local, state and community associations to aid in the well-being of their children. The number of students residing in homeless environments in SAU #34 for 2013-2014 school year was as follows: 4 students at WES, 19 students at HDES, 11 students at HDMs and 11 students at HDHS.

Home School - Parents have the right to choose home education as an alternative to having their son(s) and/or daughter(s) attend a public or private school in accordance with Chapter 279.2, laws of 1990. As of October 1, 2013, 86 students were reported to the SAU as being home schooled. Fifty-nine of these students resided in Hillsboro-Deering, 6 students in Washington and 6 students in Windsor. These numbers reflect a decrease of 15 students being home educated over the previous school year.

English for Speakers of Other Languages, (ESOL) - As stated on the New Hampshire Department of Education's website, "The mission of the ESOL Program is to ensure that all English Language Learners in New Hampshire are given an equitable, appropriate, and academically challenging education." SAU #34 began the year with 10 students who met the eligibility criteria to receive ESOL support: 0 students at WES, 3 students at HDES, 4 students at HDMs and 3 students at HDHS. Students receiving ESOL support services spoke Spanish, French Creole, Mandarin Chinese or Greek.

Section 504 - Section 504, Rehabilitation Act of 1973, is a civil rights law that prohibits discrimination against individuals with disabilities. Sixty-five students were identified under Section 504 and received accommodations to meet their individual needs to the same extent as the needs of students without disabilities: 1 student at WES, 24 students at HDES, 18 students at HDMs and 22 students at HDHS.

Nursing - The nursing team continued to work on improving and standardizing health care policy and procedures for implementation at the schools as well as increasing services to students. Collaborative efforts by the nursing team enabled a Flu Shot Clinic to be available to all students on campus through United Way in Hillsboro-Deering and New Hampshire Immunization

BUSINESS ADMINISTRATOR'S REPORT

We thank the voters for supporting the school budget. The trust funds for Maintenance and Special Education were funded once again. In case of an unavoidable expense, these funds allow us to respond to the issue without deficit spending or a dramatic increase in the next year's budget. These reserves are funded only by reserves from end-of-year balances. It's important to continue this practice for the sound fiscal management of the school district.

The FY 2013 – 2014 budget was adequate for the school's operation and a surplus of \$85,491 was returned to the taxpayers. The major areas for savings were health insurance and transportation costs.

We continue to maintain our school and grounds making improvements as funds allow. Bus routes are fine tuned annually depending on the location of our students. We have a cooperative relationship with our provider, First Student.

As the school district officer in charge of business operations, student transportation, food service and facilities, I want to sincerely thank the community for its support of the Washington School District, its students and staff and the School Administration Unit staff who serve your school district.

Respectfully submitted,

Jean E. Mogan, MBA

Business Administrator

**Annual Report
 Superintendent of Schools
 2013-2014**

It is truly a pleasure to write this report about the 2013-2014 school year for the Town of Washington.

The Washington Elementary School continues to experience high test scores on the NECAP. Our teachers are committed to providing the best possible educational experience for their students. This commitment and the support of the community to maintain small class sizes have created a warm and welcoming school environment. Students are comfortable in facing the challenges that are so different than the past generations' such as technology at their fingertips.

The new challenge of aligning our curriculum to the Common Core State Standards is proceeding with enthusiasm. Our students are also being readied for the Smarter Balanced Assessment which will be given during the 2014-2015 school year. The School is poised to continue its long-standing commitment to the children to help them become prepared for the 21st century workplace that they will face.

It is an honor and a privilege to be part of that process and I look forward to working with the community in maintaining high expectations and moving our students further in their lives and educational pursuits.

Respectfully submitted,

Robert A. Hassett, M.Ed.
 Superintendent of Schools

Washington School Board Report

By almost all measurements, this was a quite successful year. We welcomed our new Elementary School Principal, Dr. Kevin Johnson, and as with any significant change, a certain amount of adjustment was required of those closely involved. The Board is pleased to report that the transition was successful and the high standards and superior performance that we have become accustomed to have not been compromised.

Confirming this, the most recent NECAP testing (and the last time this particular test will be used) resulted in a score of 100% proficient-or-above in Reading, and 75% proficient-or-above in Math, for all students tested. This is a very high level of achievement and quite an accomplishment. Congratulations and thanks to all the Staff at the Elementary School for their hard work and continued dedication.

In addition, at the suggestion (and sufficient encouragement) of the SAU leadership, the Board approved a trial of full-day kindergarten in January. The families involved reported they were pleased with the result. With the positive feedback, and minimal effect on the budget as the cost is presently covered by grant money, the Board enthusiastically extended the full-day program for the next year.

The one thing some might view as less than positive is that the number of tuition students unexpectedly rose, counter to the trend of the past five years, and necessitated a significant increase in expenditures for the current year and also an increase in the budget for next year. As a result, taxes collected for education will increase for the first time in several years. To those who would view this in an overly negative way, remember that the most meaningful legacy one generation can pass on to another is a good education, and that our tax dollars are an important and necessary investment in the future.

We again thank the community for your continued support.

Respectfully submitted,

Washington School Board
