State of New Hampshire TOWN WARRANT 2015

To the inhabitants of the Town of Washington, in the County of Sullivan in said state qualified to vote in Town affairs; You are hereby notified to meet at Camp Morgan Lodge, 18 Wolf Way in said Washington on Tuesday, the eighth (8th) day of March 2016 at eight of the clock in the forenoon until seven of the clock in the evening, for ballot voting of Town Officers and all other matters requiring a ballot vote: and, to meet at Camp Morgan Lodge, 18 Wolf Way in said Washington, on Saturday, the twelfth (12th) day of March 2016 at nine of the clock in the forenoon, to act upon Articles 2 through 37.

ARTICLE 1. To choose all necessary Town Officers for the ensuing year.

ARTICLE 2. To hear reports of any and all officers, committees, boards, and agents of the Town and to take any action in relation thereto.

ARTICLE 3. To see if the municipality will vote to raise and appropriate the sum of \$1,281,442.12 (gross budget) for the construction and original equipping of a new equipment barn as a first phase for the new Fire/EMS building, and to authorize the issuance of not more than \$1,256,442.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon and further, to raise and appropriate an additional sum \$65,000.00 and accept and expend \$10,000.00 from the Washington Volunteer Fire Inc and to expend \$15,000.00 remaining from prior Safety Complex Planning article. The Selectmen recommend this appropriation. (2/3 ballot vote required).

ARTICLE 4. To see if the town will vote to raise and appropriate the sum of Five Hundred Sixteen Thousand Two Hundred and Seventy One Dollars (\$516,271.00) to defray the costs of General Government for the ensuing year. This article is exclusive of all other warrant articles. The Selectmen recommend this appropriation.

INDEPENDENT AUDITOR'S REPORT

To the Mornbers of the Board of Selectmen Town of Washington Washington, New Hampshire

Report on the Vinancial Statements

We have qualitied the accommanying financial statements of the governmental activities, each major faird, and opplegate remaining fund information of the Town of Washington as of and for the year ended December 11, 2014, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the 1 inancial Statements

Management is responsible for the preparation and fair presentation of these throughout statements in accordance with accounting entirelists generally accopted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of French's statements that are Fee French's material misstatement, whether due to frond or errors.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on any and it. We conducted our audit in accordance with unditing standards require ally acceptable and perform the analysis to obtain passaulation assurance about whether the analysis statements are free of interest infestatement.

An audit involves performing procedures to obtain andir evidence about the amounts and disclosures in the Limited statements. The procedures solected depend on the student's judgment, including the assessment of the risks of material mistatorment of the financial statements, whether due to though or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audito procedures that are appropriate in the consumstances, but not far the purpose of exercising an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant according estimates and by transgement, as well as evaluating the everall presentation of the limited statements.

We believe that the uncil evidence we have obtained is a filtrient of a appropriate in provide a basis for our salverse and uninodified audit opinions.

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 1-B to the financial statements, represent has not remedial the capital assets and related accumulated depreciation in the government at activities, and accumums yet as not recorded depreciation taxonize on these assets. Accommode principles generally accommode in the Unites States of America require that capital assets, including intrestructure, he capitalized and depreciated, which would increase the assets, not position, and expenses of the governmental activities. The amount by which this departure would infort the assets, not position, and expenses of the governmental activities is not reasonably determinable.

Adverse Opinion

In our opinion, because of the significance of the matter described in the "Basis for Adverso Opinion on Governmental Activities" paragraph, the financial's atements referred to above the not present fairly the financial position of the government-wide financial statements of the Town of Washington, as of December 31, 2014, or the changes in financial position thereof for the year than ended in accordance with accounting principles generally accopted in the United States of America.

١

Town of Washington Independent Auditor's Report

Linmodified Opinious

In our opinion, the financial statements referred to above tresent feitly, it all material respective triangul position of each major fund and the aggregate remaining and informal on of the Town of Washington as of December 31, 2014, and the respective changes in tinuncial position, and the respective budgetary comparison for the general fund for the year then eaded in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Management's Discussion and Analysis - Management has omitted a Management's Discussion and Analysis that accounling principles, generally accepted in the United States of America require in the presented to supplement the basic Emperial statements. Such missing information, although not report of the basic financial statements is required by the Governmental Accounting Standards Bound who considers in a description part of financial repending for placing the basic financial statements in an appropriate operational, economic, in historical context. Our opinion on the basic financial statements is not affected by the totaling information.

Other Information - Our audit was conducted, for the jumpose of forming opinions on the financial statements that collectively comprise the Turvo of Weshington's basic flushelal statements. The combining and individual fund flushelal schedules are presented for purposes of additional analysis and are not a required part of the casic flusheld statements.

The combining and individual find financial schedules are the responsibility of management and were derived from and relate directly to the numberlying accounting and other records used to propose the basic financial statements. Such information has been adopted in the andit of the make financial statements and cortain additional procedures including comparing and recording such information this object to the underlying accounting and other records used to propose the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the Unived States of America. In our opinion, the combining and individual fund financial schedules are fairly stated, in all material respects, in relation to the caste financial assume its as a whole.

AG 61 V2.18 2013 Page 6 of 6

Board of Selectmen

2015 was a year with much change in the Washington Town Hall. We had a number of very experienced people leave town positions. This led to the arrival of two new selectmen, our new contract assessor, a new welfare administrator, and a new executive administrator. As the year progressed our long serving police chief announced his retirement along with one of our part time police officers leaving to pursue other career goals. While we've seen much change in the faces around Town Hall we have successfully worked through the transition; though we continue to learn each day; and we are confident the town is positioned to continue to move forward.

We experienced an increase in the tax rate from \$19.17 to \$19.87 per thousand. This was driven by increased appropriations at Town Meeting along with reduced revenues as compare to prior years, relating to prior revenue overstatements being identified and corrected on our DRA reporting. We also have found the fund balance, often thought of as the surplus, is now at the low end of the DRA recommended levels. In prior years the fund balance has been used to limit tax increases and we just don't have that luxury anymore. The Selectmen will keep a close eye on this and are happy to report we did under spend the 2015 appropriations by approximately \$33,000 which should help replenish the fund balance.

On the financial front we did find some anomalies relating to IRS and DRA report filing and insurance costs. All of these issues have been resolved and we are hopeful that nothing further will arise as we move forward. Some successes to note include: the completion of the siding on the East side of Town Hall; the new excavator, approved at the 2015 Town Meeting, has proven very useful for the DPW; and we purchased a new police cruiser and were able to leave some money in the cruiser fund. Additionally, we worked closely with the department heads toward the end of the year to control expenditure and would like to thank them for their efforts. We will continue to manage this closely in 2016 and hope to keep the town on a positive track financially.

Work continued on the two key building projects in town. We appointed the Municipal Buildings Advisory Committee to take a new approach on the projects. After much work and consideration the committee recommended a phased approach with reduced scope solutions to get the building projects started. The Selectmen thank the committee for it's work and look forward to moving ahead. As the Selectmen considered the project approach we determined that the need is greater on the Fire/EMS building. The needs at Town Hall have changed in recent years and we have decided to table the Town Hall Rehab project for further consideration in the future. Our hope is to move ahead with the Fire/EMS building and consider an appropriate approach for the Town Hall Rehab in the future.

As we look ahead to 2016 we will welcome our new Police Chief in the spring and are proposing the hiring of a full-time police officer. We also expect some increases in the budget for Police, Fire and Rescue, and Assessing and will discuss those details with you at the budget hearing and Town Meeting.

Lastly, we would like to extend a sincere thank you to all the officials, employees, and volunteers of our town. Without you we couldn't get things done!

We look forward to your input and encourage anyone to stop by Town Hall on Thursdays to discuss items with us.

Respectfully Submitted, Washington Board of Selectmen Tom Marshall, Chair Al Krygeris Bob Williams

Archives Committee Report - 2015

It was a quiet year in the Archives, where the old Town Records are stored in the climate-controlled basement of the Shedd Free Library. There were the usual searches for vital statistics and genealogical information. Because the records kept in the Archives are public records, they are open to the public by appointment, and it is necessary that a member of the Archives Committee stay with the person using the records. We are pleased that the records have been professionally preserved with grant money that the Town of Washington (through the efforts of the Archives Committee) was awarded and that the records are consequently in a condition that is safe to use.

We continue to look forward to the time when the Town Records can be safely housed in the Town Hall where they will be nearer to the Town Clerk and the Selectmen's Office. The Library will then have the space they so badly need.

Respectfully submitted ,Grace Jager Thomas Talpey Noah Denslow

DEPARTMENT OF ASSESSING

What began in 2014 as a transitional year continued as such into 2015. The Town voted on the March ballot to rescind the Board of Assessors. Many Thanks to Arline France, Linda Cook and Guy Eaton for their many years of service. The Town Board of Selectmen became the governing assessing in 2015, and hired the assessing firm of M&N Assessing to perform the general assessing duties under their direction. The weekly duties are now handled by the town's new assessing clerk Kristine Chidester. A welcome addition to the newly formed assessing department, Kristine is happy to assist taxpayers with assessing questions.

The Assessing Department also welcomed David Marazoff of M&N Assessing as general assessor to the Board of Selectmen in 2015. David is a Certified New Hampshire Assessor, also certified by the State Department of Revenue as an Assessing Supervisor. His role in the department is to ensure assessments in Washington are equitable and the Town is compliant with regards to NH State RSA laws. He reports to the Board of Selectmen and provides the information needed for the Board to make informed decisions regarding property assessments in Washington. Also, M&N Assessing had field personnel in Washington this year to do the first year of a planned 4-year re-measure/list of all property in Washington. The company processed nine (9) abatement requests in 2014 for the Board of Selectmen to review and defended one (1) property assessment before the BTLA.

All Timber and Gravel Tax matters in 2015 continued to be handled by Anita Blakeman of Woodland Care Forest Management. Anita has provided forestry expertise to the town for a number of years and continued to provide service in 2015 to the Board of Selectmen as licensed forester, handling forestry matters for the Town.

The Assessing Department hours are Thursdays 10am-4pm, (603) 495-3074. We can assist you with any questions concerning Assessments, Exemptions, Tax Credits, Current Use, Intents to Cut and Excavation Intents. Respectfully Submitted,

Report of the Cemetery Trustees

Only one Right to Inter was sold this year and at this rate it will be many, many, years before we run out of space. The country as a whole has turned more and more towards ash burials rather than full interments and Washington is following the trend. We had one full burial and nine cremain interments in 2015.

Two old graveyards in Washington, the Dole Graveyard at Ed's Corner and the Russell Graveyard on the Marlow side of Ashuelot Pond, were declared abandoned this summer so they might be restored and preserved and are now under the jurisdiction of the cemetery trustees.

The Cemetery Trustees now have a page on the town web site and a charming photo and poem by K. C. Hayes to set it off.

Stone Vault worked in all three town cemeteries this autumn; making repairs to monuments that were most in need.

We were very happy with the performance of our maintenance contractors this year and were pleased to renew their contract for 2016.

As a reminder - No enclosure of any kind is allowed around the perimeter of any lot or portion thereof and nothing may be placed outside the lot boundary lines. This includes behind the monument. Any overgrown shrubs need to be brought back into bounds.

Kathy has decided not to run for another term as cemetery trustee. She will be missed as she has contributed greatly to the team.

Cemetery Trustees:

Phil Barker, chairman Kathy West Kitty West, bookkeeper

WASHINGTON CONSERVATION COMMISSION 2015 Annual Report

The Washington Conservation Commission had a busy year, working on land conservation projects, presenting environmental education programs, leading hikes and working with all town boards to watch over our town's valuable natural resources. Our newest member is Doug Cook, who has moved back to Washington with wife Sara and has a great interest in sustainable farming, education and the environment. Welcome Doug and Sara!

This year's land protection project protects an abutting parcel to the MacNeil Family Forest adding to the unfragmented block of conservation land that connects to the Camp Morgan Town Forest and other protected properties in Lempster. This parcel is 50 acres and will be known as the Colby Forest. It is owned by the Forest Society and helps protect the watershed above Millen Pond. We work to try to connect pieces of property creating wildlife corridors and feasible sites for public trails. Let us know if you have a project in mind, we look forward to working with landowners to protect special places with high conservation value in Washington.

CC members continue to pick up trash on our Adopt-a-Highway route covering more than 2 miles on Rt. 31, North.

The commission conducted several hikes this year with member Arin Mills as our trail guide. We held an early March snowshoe hike in East Washington and enjoyed hot cocoa and trail mix afterward around the campfire. Our trail went through snowshoe hare country, with varied terrain and lots of interesting sights and tracks. We observed a porcupine in his tree den. We did our annual Rich Cook memorial hike up Lovewell Mountain on Columbus Day weekend. The foliage was spectacular, the weather was clear and the views were awesome. We hope you will come along and join us on our next hike!

We updated our Trail Map this year, which is now in its fourth printing. It is for sale at the Town Clerk's office for \$3, so pick one up before your next hike.

Several members took a trip out to Twin Bridge to listen for bats using acoustical equipment that we borrowed from Audubon. We had many sightings and "hits" on the equipment. Audubon analyzed our data and identified 4 distinct species observed on that evening. We have all seen far fewer bats in recent years but we were pleased to "capture" 4 different species living out by Twin Bridge. An educational "Bat Talk" was held in September and many community members turned out to learn about local bats and the danger posed to their health by white-nose syndrome. Let us know where you are seeing bats around town.

Our ongoing "Tracking Invasive Plants" project is moving along. Arin has mapped the invasive plant sightings that we have received so far. Thanks to those community members who have reported sightings to us. We would love to have you participate and a packet containing an invasive plant guide, reporting sheets and information for participants is available on our website. You can download the packet and report back about where you are finding invasive species growing in Washington. Eventually we hope to formulate a plan for dealing with these invasive plants.

We are continuing to work on the update to the Natural and Cultural Resource Inventory and Conservation Plan to add to the Planning Board's Master Plan update. We set this aside while we wrote the Natural Resources chapter for the Planning Board's Master Plan update but we are now back at work on it. We are also working to update the NRI maps using new data layers and should have them done in the new year.

In August, CC member Johanna Young made her 5th annual memorial swim in honor of Rich Cook, swimming the length of Millen Pond. CC and family members followed along in a canoe and, as he always does, the pond's resident loon joined her for part of her swim. This year Johanna swam all the way back to Camp Morgan beach and Jed joined her for this leg of the swim. It was a gorgeous morning on the water and her swim raised some money for Conservation Commission projects. Congratulations and great job, Johanna!

Please visit our website to see our monthly meeting minutes, updates and to find out "What's New in Nature?" at: http://www.washingtonnh.org/Pages/WashingtonNH_BComm/ConsCommission/index

Everyone is welcome to attend our meetings on the 3rd Wednesday of the month and the Energy Committee's meetings on the 2rd Thursday of the month, both at 7PM in the Town Hall. Join us for a hike or other educational activities. Feel free to call a member if you have questions, let us know your concerns or give us a report on what's happening in nature in your part of town. Are you interested in the work we do? Join us as a member or donate to the cause. Do you have a land protection project in mind? Give us a call. We appreciate the town's interest and support for all of our efforts.

Washington Energy Committee – 2015 Report

Energy Committee Members: Johanna Young, Al Krygeris, Andrew Hatch

The Energy Committee has met regularly throughout the year. However, Al Krygeris was appointed as interim Selectman in July and has therefore been busy managing Town affairs.

Conferences – Al Krygeris and Andrew Hatch attended the NH Local Energy Committees annual conference in Concord in February. They also attended the Upper Valley Energy Committees Roundtable in Wilder, VT in May.

Town Master Plan – The committee drafted an Energy Chapter for the updated Town Master Plan. Goals and recommendations were derived from feedback from a questionnaire circulated at Town Meeting as well as the Community Survey and Workshop. The goals adopted were to:

- ✓ Reduce energy consumption in municipal buildings.
- ✓ Promote energy conservation to the Town's general public
- ✓ Promote the purchase and effective use of energy efficient equipment by the Town
- ✓ Encourage Washington's future energy independence

Washington Warm Neighbors (WWN) – Since the introduction of the WWN program in 2013, we have been looking for ways to better assist the community in reducing energy consumption and saving money. We have conducted several site visits and have provided some advice and assistance. However, during these visits, we recognized that we needed more tools and resources to better assist homeowners.

We researched the on-going activities of two other groups – Dunbarton Energy Committee's Neighbors Warming Neighbors program and COVER's Weatherization program out of White River Junction. We are currently receiving training from both of these organizations and intend to use this expertise to enhance our WWN program.

Dunbarton has had success in using thermal imaging and other tools to help homeowners prioritize energy-saving projects without committing to a full energy audit. COVER has over 20 years' experience in conducting weatherization projects for low-income families.

We applied for a grant from The New England Grassroots Environment Fund (NEGEF) and funds were awarded in October. We have purchased a Thermal Imaging camera and we intend to use the balance to purchase weatherization materials.

In 2016, we want to provide a range of services to help citizens see immediate improvements in comfort and fuel consumption. We aim to offer free assessment and installation services and keep homeowners informed regarding available grants and resources.

If you would like to schedule a free assessment visit or would be interested in volunteering in the WWN program, please contact Andrew Hatch at 495 1162 or leave him a message at the Town Hall.

The Town Garage has continued to champion energy efficiency. An electrical contractor has developed an estimate to replace light fixtures with motion-controlled LED's. No up-front expenditures are required. 50% of the cost of purchase and installation will be paid for by the electrical utility (Eversource). Once installation is complete, the savings are immediate and payment of the balance is via monthly bills. Funds are expected to be available for this program in early 2016. The Selectmen have requested that the Energy Committee reach out to Eversource to commission surveys of other Town buildings to determine if similar savings can be achieved.

The Energy Committee meets every second Thursday of the month at the Town Hall and welcomes new members interested in alternative energy and energy efficiency. Anyone interested in making a donation to the Energy Committee should make their checks payable to Town of Washington Conservation Commission and write in the Memo line "for Energy Committee".

Respectfully submitted

11/29/15

Annual Report of the Washington Fire and Rescue Department 2015:

OPERATIONS

Once again it is my privilege to write the Washington Volunteer Fire Department annual report. Our call volume remains consistent with years past; I anticipate we will top out 2015 with fifty-five fire calls and 90 rescue calls:

Building Fire	2
Building Fire Mutual Aid	2
Chimney fire	3
Chimney Fire Mutual Aid	1
Brush Fire	5
Brush Mutual Aid	3
Medical Assist	6
MV Accident – Mutual Aid	1
MV Accident	5
Gas Leak	1

Electrical Wiring Problem	1
Power Line Down	5
Vehicle Accident	2
Service Call	1
Animal Problem	1
Public Service Assist.	1
Unauthorized Burn	1
Cover Assignment	7
Dispatch & CNX enroute	3
Emergency Medical	90

Total Reported 142

I can attribute our success this year to training and aggressive action by the captains and firefighters. Unfortunately, we did have three minor injuries reported.

TRAINING

This year monthly training has centered around safety, self contained breathing apparatus, and hose/stream operations. We also trained with mutual aid partners Lempster, Sunapee, and Deering. Sunapee sponsored a class on ice rescue, Lempster's training involved car fires. Deering hosted a region wide training centered around large volume water delivery and master stream usage.

The rescue squad sponsored an emergency medical technician course in the spring.

Three Washington firefighters attended the class, I am waiting for them to complete their national certification. I also anticipate an additional new Rescue member/EMT from the class.

Firefighter Kurt Henningson is currently enrolled in New Hampshire Fire Academy Firefighter I. During in-house training Kurt's enthusiasm is contagious, I am very pleased with his progress.

APPARATUS and EQUIPMENT

Washington Rescue is considering the purchase of a new ambulance to better serve our community. Currently Captain Wright has solicited for a second round of bids for a four wheel drive ambulance, with a smaller box. The new ambulance will bring interior workspace into current OSHA and DOT compliance with more headroom, 5 point restraint systems for caregivers, and upgraded cot mounts to prevent the cot and patient from overturning during an accident. We've had to settle on a smaller box because the ambulance bay cannot accommodate the higher suspension of a four wheel drive ambulance.

Engine 1, currently stationed in the center of town was purchased from Hillsboro Fire Department after a 20 year career there. Although we rely on Engine 1 as our primary pumper she is beginning to show signs of wear. Noise from the primary pump alerted us this year to pending failure, however the truck has passed its most recent pump test

Engine 3 has served us well this year during training and firefighting operations. Engine 3 is unique because it is capable of supplying Engine 1 and 2 with large amounts of water from 3000' away. Our budget each year accommodates the purchase of several hundred feet of replacement hose. This year 300' five inch was replaced.

Engine 2 and Tanker 2, both stationed in East Washington, despite their small size, they continue to serve us well.

Engine 4, sometimes referred to as "Forestry 1" is also showing her age. Engine 4 is a 1974 Dodge pickup and has not been as dependable as required this year with a fuel flow and electrical issue. A committee has been formed to research the replacement of this truck.

In three years the department's 15 self contained breathing apparatus' (SCBA) will reach the end of their service. Currently we are applying for grant money to help offset the cost of this purchase. Each unit costs roughly sixty five hundred dollars.

This year's budget also includes an money for an infrared imaging camera. Our current camera needs to be replaced because the manufacturer no longer produces replacement batteries.

2015ANNUAL TOWN REPORT - TOWN OF WASHINGTON NH PERSONELL

This year we were pleased to promote Explorer Sam Atkins to the rank of firefighter. Robert Crane stepped down as deputy chief in July. Paul Renken was unanimously elected Deputy Chief. We also have two new firefighters: Kurt Henningson and Gardner Murphy. Both men come to us with no experience.

Currently Washington Volunteer Fire Department is staffed by 9 officers, 17 firefighters, 6 medical technicians, 1 paramedic and 2 EMRs.

Respectfully,

Brian Moser

Chief Washington Volunteer Fire Department.

Report of the Washington Rescue Squad.

The year started off as any year, lots of snow and cold and not too many accidents. Then as we progressed towards spring we had a great response from the people at town meeting who besides passing our regular budget approved our Ambulance Article and an additional \$15,000 for us to conduct an EMT class here in Washington. By early April the course had been approved with Camp Morgan as the site for the classes. The State would not approve the use of the Fire Station for classes due to numerous deficiencies.

The class began with 7 of the students coming from Washington. All signed a contract agreeing to reimburse the town for the \$1250 that the class cost if they did not join the Rescue Squad and remain active for at least two years. As the class progressed several people dropped out, three have not completed all the requirements to complete the class, one completed and will be testing before the end of this year and another has enrolled in another class to complete the requirements. All in all the class was a complete failure as far as getting new people for our squad by the summer. We hope to have at least two members by the time they complete their requirements and become certified as EMT's. The others have been sent a bill to reimburse the town for the \$1250.00 the town paid for them to take the class.

We also began looking at Ambulances and selected three companies to submit bids based on the specifications we had selected. After going through the details of the submissions we discovered that due to design changes based on our specifications for a four wheel drive chassis, the new ambulance would not fit in our station because of the Exhaust ventilation installed the previous year. We went back the dealers and selected a smaller box for the ambulance. Reducing the size from 176 inches to 154inches. We felt that by removing some of the equipment we carry that is rarely used, we could make the smaller unit work. Again we got bids. Our next obstacle was a change in the federal law on ambulances that require them to have a cot that will not break away from its mounts in a roll over. We went back to the two lowest bidders who were within \$400 of each other and askes for quotes from both on the new styled cot and its installation. This is where we are at the present time. We will be

examining the two types available, and hope to make a final selection before the end of the year. Needless to say, the new ambulance will not be here until mid-2016 as it takes about 6 months from the time of signing a contract until delivery.

Since we reported last year our numbers have decreased by four, leaving us extremely short. Most of the calls are handled by four members. We are in disparate need of new EMT's. If anyone is willing to help please contact myself or one of the rescue members listed below. We understand that taking a course and going on calls requires you to give up time you could be doing other things. However, think of the satisfaction you can achieve by doing something positive for your community. If our number continue to fall, we may be forced to begin hiring people from out of town to be on duty during the day when many of our members are working. I have submitted a budget for 2016 to possibly hire up to two EMT's to fill gaps we cannot fill ourselves.

We appreciate the support of the people of Washington a look forward to a better year with more members in 2016.

Lisa Williams: EMT/Treasurer

Forestry report '15

Forestry Committee Report

The charter of the Forestry Committee (WFC) is the overall management of the Washington Town Forest. This includes the management of timber, firewood, and other natural resources through controlled planting, timber stand improvement, thinning, harvesting, reforestation, and other multiple use programs consistent with the public interest. Washington Forest Committee operates under the authority of RSA 31:112. The Committee is also responsible for Management of several tracts of Washington conservation property, which are technically not forestry land, because the Forestry Committee has the resources to manage these tracts for the Town's interest. This committee works closely in coordination with the Conservation Commisson.

The Committee accomplished most of its goals in 2015, but was unable to proceed with the planned timber cut of the Farnsworth Hill Forest on the Old Marlow Rd. In summary the committee accomplished the following:

- a) The Forestry Master Plan, 1st published in 1999 thanks to the effort of Lionel Chute, moved significantly forward with the development of the 2014 amendment which was accepted by the Committee this year as a working plan. This new document, available on the Forestry Web page, provides updated data needed to support logging operations.
- b) A decision was made to proceed with the timber project of the Farnsworth Hill Forest for forest restoration and timber value. This parcel abuts the land owned by SPNHF that was cut a few years ago and the desire is to balance the forest in the entire area for future growth and

recreation. The difficulty accessing this parcel necessitates repair of the Old Marlow Rd, an unfunded task. The Forrester worked closely with the Committee to find alternate drag egress and the collective conclusion settled on the need for use of the Old Marlow Road. The 2014 forestry funding available fell short of the needed funds and Town austerity prevented the Selectmen from any reprogramming to permit completion. The Committee has presented an Article for the additional \$ 3,500. needed for the DPW to complete the project. This particular area of fire road is also a high risk item in the Disaster Plan and the Selectmen, WPW and WFC all agreed to recommend the completion of this work by funded in 2016.

During 2015, the Camp Morgan Forest Trail continued to provide a wilderness adventure in uncut natural forest. This marked and maintained trail offers easy access at the Trail Head on Faxon Hill Rd where a resource map for a guided nature hike is available. This mile and a half loop trail offers a wonderful local hike for both seasoned hikers and families seeking both summer or winter adventures, great shore line trout fishing, and recreational hunting in the fall, providing a multi-use for many citizens.

Health Officers Report

Year ending December 31, 2015

It's that time of year when we put together a report of the happenings within the Health Department.

The Local Government presented programs at two conferences held in the spring and fall. A lot of interesting subjects are presented along with changes within the laws for health officers.

Work with the Capital Area Public Health Network continues and has been networking with the United Way in education the public on drug and alcohol use. CAPHN continues presenting information for norovirus, percusses and D68, and are working with DHHS on the "FREE" school students flu shots. The town now has four members in the Medical Reserve Corp.

Washington Elementary School students received 15 free flu vaccinations on October 7th and the annual Flu Clinic held in October had 29 residents receiving flu shots.

We helped with the Emergency Management Survey and although the response has been slow, would like to thank all those who responded. The survey and the Emergency Assistance forms can be found on the town's website.

Work is ongoing with properties that were not in compliance with the town's land use ordinances. These properties presented a health issue as well as noncompliance. Four of the five issues have been resolved.

Other issues were presented by residents and were handled or resolved on a case by case scenario. Please feel free to contact us with any of your concerns.

Thank you for your continued support.

Historical Society Trust Funds – 2015

In 1989 a charitable trust of \$2500, known as the Old District #5 School House Trust, was registered by the Board of Directors of the Washington Historical Society with the Attorney General of the State of New Hampshire, pursuant to RSA 7:19. The interest from this trust is to be used for the repair and maintenance of the old school building in East Washington. The value of the CD in which the funds have been invested is \$2503.50 as of December 31, 2015. This year we earned interest of \$8.73.

In 1991 a bequest was made to the Town of Washington, in the will of Edna M. Gage, the interest from which was designated to be used for the maintenance of the exterior of the Old District #5 School House in East Washington. The money has been invested in a Certificate of Deposit called the Gage Fund. The accrued interest was earmarked to help pay for upkeep of the building. The value of this account at the end of the year was \$3502.12. This year we earned \$12.23 interest. We used the interest from these funds toward painting and repairing the School House this year.

The Historical Society currently has 160 dues paying members. This year over 200 people attended six programs with topics covering Historic Sites Survey, Draft Animal Power in the White Mountains, Antique Bottles, American Clipper Ships, Bird and Flower Pictures and An Archaeological Study 12,000 years ago in the Granite State.

We sponsored a pie sale and a pot roast dinner to raise funds to operate the Society and to maintain our three buildings.

Respectfully submitted: Elaine G Crandall, Treasurer

Joint Loss Management Committee 2015

The Town employee safety committee AKA the Joint Loss Management Committee is composed of associates from town operations with responsibilities for property, personnel administration and public facilities.

The members report to the Board of Selectmen and pursue throughout the year, objectives to eliminate the potential for accidents in places of work and public assemblage. The committee meets, as necessary, to review accident incidents, identify alternative corrective actions, develop budget/expense implications and advise the Select Board on safety related policy and procedural issues.

The members are observant of opportunities to improve occupational practices that lead to a safer work environment. They note how training, which is emphasized in areas that contain machinery and equipment, is beneficial in thwarting personal injury.

A paramount objective of the committee is the involvement of all Town Employees and volunteer staff to a continuing commitment in support of personal safety.

This past year the committee member(s):

Conducted internal operational reviews of work spaces and procedures and took corrective actions as warranted.

Assisted the Parks and Recreation Commission representative with a pre- camp safety inspection in the Camp Morgan Beach area and at the lodge. This permitted the camp staff to respond to safety related suggestions before the summer camp and beach activity season began.

Coordinated with New Hampshire State representatives and the town Health Officer to monitor and post as necessary the conditions of the water quality at the town's designated swimming locations. It should be noted that citizen observations and reports of possible safety issues in municipal facilities are meaningful. Contact any members listed below at Deborah DeFosse at the Town Hall, 603-495-3661 ddefosse@washingtonnh.org

Park and Rec.

Annual Town Report

The park and Rec Commission had another great year, highlighted by the completion of four special projects and another successful Camp Morgan Summer Program. The year was punctuated by the 150th anniversary of the end of the Civil War. We had a ceremony on August 16th at the Civil War Memorial in the center of town. We had the National anthem and the Battle Hymn of the Republic sung by the Congregational Church Choir, a prayer by Rev Peter Howe, a reading of the Gettysburg Address by Cassi Bachand, an original poem James Hofford with musical accompaniment by Ellen Hofford and an original poem by Guy Eaton. Additionally, we had a wreath laying by Selectmen Tom Marshall and President of the Historical Society Jack Sheehy and we were privileged to have five Civil War reenactors, including Donald Callender Jr. of Wilmington, De. Who played the fife and Michael Shklar, Darryl Slicer, Gary Ward and Ian Gonzalez of the VT/NH re-enactors, who fired muskets. The Town Bell was available to be rung by all who wanted to. The Snowriders provided refreshments and the explorers helped with parking and logistics, then we were all treated to a concert by the East Bay Jazz Band. The Commission would like to thank all those who participated. The only down side of the year for the commission was that Larry L'Hommedieu resigned from the commission after 12 years, we will miss Larry and are still looking for his replacement.

Respectfully Submitted

Guy Eaton, Steve Hanssen, Ray Clark, Larry L'Hommedieu, Bob Bachand, Kelly Eaton

WASHINGTON PLANNING BOARD Annual Report 2015

The Planning Board had a busy year holding twelve regular monthly meetings, two site walks and four public hearings. After public hearings, two business permits were granted and one business permit transfer was granted, which didn't require a hearing. We also inspected and issued six driveway permits and approved five mergers, as of November.

In a herculean effort, the Master Plan Update subcommittee (MPUC) went back to work this year drafting the chapters for the updated Master Plan. The committee utilized all the input from the community, committees and boards and updated current and relevant information on the town in each chapter. They received crucial input on specific chapters from the Energy Committee, Conservation Commission, Parks and Recreation and various other boards. After presenting the draft chapters to the community at two separate public hearings, the Planning Board finalized and certified the 2015 Master Plan. We heartily thank the members of the Master Plan update Committee: Co-Chairs Jean Kluk and Nan Schwartz, members Jim Crandall, Lolly Gilbert, Annie Bissonnette, Carolyn Bullock, Steve Terani, and Bob Williams for all their tireless work to update the plan over the last two years. Thanks to the efforts of many we have an excellent document that the town can be proud of and use. The Master Plan is a living document that supports and drives what they town will try to accomplish in the next 10 years. Copies have been printed and the Planning Board is coordinating with the Selectmen and all town boards to implement the goals and recommendations set out in the document. A meeting was held with all town boards and the report and goals and recommendations were well received.

Each committee will work on these in the future. You can read the document here:

http://www.washingtonnh.org/Pages/WashingtonNH_BComm/planning/MPUpdate or you may borrow copies from the Library or Town Hall.

In reaction to the perception that there is a lack of communication of town events in Washington, we went to town meeting last year with a proposal for an event sign. Much support was shown for the idea and we went to work to bring it to completion. The new "Community Events Sign", was installed along the Rt. 31 this fall at the Transfer Station by Public Works Department personnel and is available to town groups to announce their events. Our many thanks to Jean Kluk for her impressive design, coordination with MaineLine Graphics during construction, and installation of the lettering rails with her husband Mike. This new sign should help with communication of town events and is an attractive addition to the town landscape. We hope everyone will utilize this sign to get the word out when they have an event to publicize.

We clarified our Rules and Procedures giving alternate members a three-year term that can be renewed. This year we added two new alternate members to our team, Jim Russell and Andrew Hatch, welcome to both of them! This brings our board membership to capacity with four elected members, one ex-officio member and five alternates.

Two members attended the NHOEP Spring Planning Conference this year. Afterward they shared the information and insight gained at the conference with the rest of the board.

The Capitol Improvement Program was updated following state law and presented to the Selectmen in November to aid in their budget development. This process is an important aid for planning of short and long-term capital projects for the town and its facilities. We thank all the town departments for their cooperation in the CIP process.

Please visit our website to find needed documents or permit applications, our monthly meeting minutes, and updates all year at: http://www.washingtonnh.org/Pages/WashingtonNH BComm/planning/index

You are always welcome to attend our meetings on the first Tuesday of each month at 6:30PM and feel free to call a member to have your questions answered or let us know your concerns. Thank you all for your continuing support.

Report of the Washington Police Department for 2015

The Washington Police Department is happy to report that 2015 has been a relatively safe year in terms of crashes, assaults and other injuries. Unfortunately our remoteness and more family oriented lifestyle has not kept us free of the effects of drug usage. While we are not seeing large drug arrests and possession here, we have determined and made arrests on many burglaries and thefts where people are supporting their habits by criminal activity.

The complete list of police activity statistics follows, but it will show a decrease in the number of calls from 2014-15. This is attributed to many factors. I'm not sure that our "calls" from the outside have decreased, but our self-generated activity is down. We have had three or four major cases this year that have involved multi-state or multi-agency jurisdictions. These investigations involve a massive amount of investigation and documentation which prevents patrol time. Towards the end of the year Ofc. Corrigan's new part-time job greatly restricted his time available for Washington Police services. The same holds true for our motor vehicle activity. One annoying trend that we have noticed this past year was the increase in requests for police assistance to intervene in family and personal relationship disputes. We hope this is just an anomaly and does not continue.

The police department tries to remain as active in the community as we can. We had a very successful Toys for Tots drive at the end of 2014. During the year we participated in a Drug Enforcement Administration Drug Take Back event and residents turned over 22 ½ pounds of old and unused medications for destruction. Chief Marshall is at the school at least weekly to read to one of the classes. Generous sponsors have continued to support the Student of the Month program for the 16th year. Our involvement in the NH Police Cadet Training Academy has continued. 2015 was an off year for the DARE classes, but Ofc. Puchtler is planning to do the program for the 4th-5th graders in 2016. We still provide many non-traditional police functions like EMS, firefighting, issuing burn permit and some occasional road maintenance and OHRV patrol. We also put our new cruiser on line at the end of 2015 with new, clearer graphics.

We have made the best possible use of grant funding and were able to provide an extra 180 hours of traffic enforcement patrol by applying for and being awarded two NH Highway Safety grants. Unfortunately, due to changes implemented by the federal Highway Traffic Safety Administration Washington's opportunity to obtain grant funding has ended. The new rules require a community to have at least 45 reportable crashes a year. As we are such a safe community it would take us about 7 years to meet that number. I attribute our low number of crashes and injury to proactive traffic enforcement. We do not write a lot of tickets; approximately 10% of the cars we stop result in a ticket or arrest and the rest are warning and education. As mentioned, it shows in the few number of crashes and fewer injuries (only 2 injured as of this report). Most of the crashes are not operator/operation related, they are the result of animal strikes; moose, bear and deer.

If you have not subscribed to Nixle.com or the Police Department e-newsletter to get community message and emergency information I encourage you to do so soon. Communication is key to a safe and effective response in an emergency, to let the citizens know of community events and to prepare for potentially hazardous conditions. I use these tools regularly to keep residents updated. There is no cost to subscribe to either service so I encourage all to register and subscribe.

2016 will see some change in the Department. As mentioned previously, John Corrigan has been able to secure a full time position with an agency that will better provide for him and his family. Unfortunately this will prevent him from having the time to continue with the Washington Police Department. John put a lot of heart and effort, time and professionalism into serving as Washington Police Officer and he will be missed. On the positive side he will still serve the Town as a member of Fire and Rescue. We all wish John the best of luck with the new career.

By now I'm sure you have heard that I will be retiring from my full time career at the end of March. More than half of my 33 years have been spent in Washington and I say with much emotion that I have had the best experience that a police chief could ever expect. The Boards of Selectmen have always treated me with a degree of respect and professionalism that many Chiefs are never afforded. I could list each and every Town Hall staffer, town board member, commission and committee member, municipal professional and volunteer to thank, but would forget someone and don't want to do that. I especially need to recognize Ed, Larry, Bobby, Brian and Dave at DPW for going over and above whenever I or the police department ever needed help, something fixed or a special project done. They do it with great pride and spirit and I so appreciate that. I also need to thank all the staff, parents and students at the school for allowing me to be part of their program. We have such a special community here and I will miss it and all of you greatly. The time has come for me to focus my time to spending time with my wife and grandchildren and not the uniform. Most of all, the members of the police department and their families who sacrificed to serve you and support me for so many years deserve so much credit and thanks for their service- Brian Moser, Tim Puchtler and John Corrigan.

I'll still be around, working part time and helping to transition the new Chief, and working with the Selectmen & Nan managing the website. So I thank you all for your kindness, support, friendship and respect. I will remember these 17 years for as long as I have the ability to remember.

Respectfully submitted-Chief Steven I. Marshall (smarshall@washingtonnh.org) 603-495-3294

2015 Public Works Annual Report

The public works department completed many projects in 2015. The largest project this year was the installation of a new 37 foot span timber bridge on Valley Rd. at the Barden pond outlet crossing. The existing 96" diameter steel culvert had failed and was inadequate in size for significant rain events to handle the flows. It was replaced with a timber glue laminated superstructure that sit on new cast in place concrete abutments and back walls. This new structure will meet the 100 yr flood flows required today by the State Wetlands board. Being constructed of glue lam timber gives it a 50 year or more life expectancy. Some work was completed by the public works department which significantly reduced the project costs.

Roadside ditching was completed before the final mile of East Washington Rd. was overlaid with 1 inch of hot mix asphalt last summer. This will surely reduce the road salt required to melt snow and ice this winter as well as shedding water from the cracks in the roadway. Hot mix overlays and sealing are a cost effective maintenance treatment alternative compared to the extensive reclaiming and reconstruction processes.

A two mile stretch of Washington Drive was sand sealed and will provide a flexible membrane to seal cracks in the road helping to reduce frost heaves. Several rocks were removed from the surface of the road and the beginning of the road was shimmed with hot mix to replace the road profile. Failed culverts were replaced before the seal work was completed in the fall.

The public works department is responsible for maintenance on 9 bridges in the Town of Washington. The State of New Hampshire Department of Transportation inspects all town bridges on class V highways. The frequency of the inspections depends on the condition of the bridge. At the very least they will be inspected every two years and red listed bridges are inspected every year. A red listed bridge means it has a deficiency to some degree that was found during an annual inspection. Two of our bridges are still on the State of NH Municipal Red List. Ayers Pond Rd. bridge and the Smith Pond Rd. bridge remain to be rehabilitated in the future. The Ayers Pond Rd. Bridge is being designed and permitted with replacement options scheduled for 2017 or 2018.

The new rubber tired excavator proved its value on many projects last year. Several large culverts were replaced and Faxon Hill Rd. was ditched to help drain water from the road bed and reduce frost heaving and pavement cracking. With that said, the asphalt surface is in terrible shape and is in need of reclaiming. We propose to rehabilitate the road bed by excavating the base layer and removing rocks and unsuitable materials. Then culverts and drainage improvements can be completed as necessary. This work can all be done in house saving thousands of dollars. We would like to phase the 2 mile project over four years and complete a 1/2 mile stretch of road each year. Utilizing State Block Grant Funds will help ease the burden to the tax payers.

Significant road work was completed on King Street this Summer. Roughly two thousand feet of the upper end was ditched and reshaped to drain water. Bank run gravel was placed on the road and then a layer of crushed gravel to be able to grade the road for future maintenance. All the runoffs were cleaned and re-graded for efficient water flow during heavy rains.

I would like to thank our public works employees, other town departments and the townspeople for their continued support of the public works department.

Respectfully Submitted, Edward G. Thayer, Public Works Director

2015 Washington Transfer Station

Annual Report

Recycling Markets remained relatively stable in 2015. Tonnage totals for most items increased this year and resulted in higher than expected costs for transportation and removal. 85 Tons more waste was received at the facility during 2105 and is an indicator of a slow growing economy. Future tonnage totals are forecasted to increase again next year. Commingled containers and mixed paper still cost us a small fee per ton to tip at the Keene recycling Center. As a result of the slowing economy in China and India, scrap iron tumbled in price and bottomed out in late November to a meager \$20.00 per ton. We receive revenue for recycled items like scrap steel, copper, aluminum and lead acid batteries. This year Washington has received approximately \$3,850. dollars in recycling revenue. This revenue is set-aside in a trust fund to offset equipment replacement costs like containers. The current balance in this trust fund is about \$56,531.00 dollars.

Washington has entered into an agreement with the Upper Valley Lake Sunapee Regional Planning Commission to participate in a household hazardous waste collection in the summer of 2016. This will be a regional collection and other member towns will be able to attend. Washington will pay only for those households that participate at the collections which will be hosted this year in Newport, Lebanon, and Sunapee. Other towns will be billed separately. By participating in a regional collection, several towns split the set up fee therefore reducing Washington per household cost by approximately half. Look for more information this summer. It is our intent to offer a collection in Washington again in 2017.

Scale fees are assessed at .06 cents per pound for bulky items and construction and demolition debris. These fees are deposited into the town general fund and used by the Selectmen to offset taxes for the next year. Washington received approximately \$12,486.00 dollars in scale revenue this year. In addition to the scale revenue, Washington receives about \$10,000.00 dollars in Reimbursements from the Town of Stoddard for use of our transfer station per year which is also deposited into the Town General fund to help offset the cost of the transfer station.

The transfer station has been operating at the current location for 20 years now and the asphalt at the facility is in need of rehabilitation. In 2014 the Town appropriated monies to overlay the existing pavement. After consulting with several asphalt companies, none were comfortable with an overlay on the existing cold mix and recommended reclaiming the pavement and repaving the entire surface with a 3/4" paving mix that would hold up to the heavy truck and vehicle traffic. The public works department will complete the base work and a contractor will do the paving. We are proposing to add \$40,000.00 to last years appropriation to complete the work in 2016.

ANNUAL REPORT OF THE SHEDD FREE LIBRARY, 2015

Another good year here at the Shedd. Some difficult changes though. My wonderful assistant for almost 5 years, Brenda Gilliland, has decided to retire with her husband in December. We shall greatly miss her. In her place the Trustees have hired Sue Toczko, who was our full time substitute. So they have switched places. Sue will be my Assistant, and Brenda our sub. Farewell to Brenda and hello to Sue!

New to the Library this Year:

Building Upgrades and improvements

- *The pergola was built to cover the Marcellus Liotta Memorial Patio.
- *We had some much needed septic repair work done. Now we know where our septic system is!
- *We worked hard buying recent DVD releases

Other New Services/Events

- *Began adding and deleting media from the State Library computer, with much help and many thanks to Lisa Williams without whom it would have taken me forever
- *Dropped our longer hours on Saturdays and went back to being open 10 1 as it was in the past
- *Continued to update our link to the town website monthly www.washingtonnh.org thanks to Steve Marshall

*Applied for and again received our Kids, Books and the Arts

Grant from the State Library. Hired Norman Ng, Magician Extraordinaire, to perform at the school as a kick-off to our Summer Reading Program. We held our Annual Ice Cream Social and PJ Party in August and had the most participants ever: 38.

- *Acquired our second wireless printer.
- *Workshops Attended:

Annual CHILI'S Workshop for children's literature, showcasing

Performers for the Kids, Books & the Arts Grant

Bi-Annual Children's Book Reviews in Concord

NH Library Trustees' Association Conference

Continuing Activities and/or Events by

- *Reading to the elementary school once a month which includes Pre-School, and K-3rd grade
- *Donating and presenting Birthday Books to all the school children and staff monthly
- *Hosting our Summer Reading Program
- *Reading at Camp Morgan once a week to the younger campers
- *Story Time Thursdays at 4:00 with special holiday events
- *Having Trick-or-Treat on Halloween at the Library
- *Holding monthly Book Discussions
- *Attending Senior Lunches and providing them with

Town Calendars and books.

- *Keeping Wednesdays open from 10 1 thanks to Lisa Williams volunteering
- *Exhibits monthly & bi: Sue Toczko's Snowmen,Lynn Hendrickson's Beaded jewelry,Fabric Art by Camille Gibson,

Water Colors by Mary Lou Frost, Antique Movie Posters, Bubble

Gum Cards & Antique Maps by Chris Krone, Blown Glass by Trish Dalto

- *Holding Friends of the Library Meetings from May October
- *Participating in the July Flea Market with our Book/Bake Sale
- *Printing and distributing monthly Town Calendars
- *Submitting Annual Reports to the State Library
- *Continuing to weed the shelves so we have more room to bring you more new stuff
- *Submitting the Town Annual Report in November
- *Continuing to be a drop-off site for the Town Food Pantry
- *Continuing to collect aluminum tabs for send to the Shriners' Burn Center in Boston
- *Continuing to collect Box-Tops for Education for our school
- *Continuing to subscribe to the Downloadable Books from the State Library; this is free & available to all library card holders
- *Holding Yoga Classes in Camp Morgan
- *Having a Walking Group in Camp Morgan in the winter

Friends' Assisted with:

- *Having a Wine & Cheese Party to entice more people to join the Friends
- *Buying Birthday Books for the school children, Buying New

Baby Books (66 since 2013!) And children's books for Christmas

- *Bought Fells Passes
- *Continued having their Annual Bake Sale July 4th weekend
- *Bought supplies for the Summer Reading Program
- *Paid for half of the cost of the Summer Reading performer that wasn't covered by the State Grant
- *Having their Annual Summer Picnic at Mary Lou Evans' and taking a donation for the Food Pantry
- *Participated in the Christmas Fair with "Tiffany's in Washington" with gently used jewelry; sold "Friend"ly Christmas cookies
- *Number of members: 24

And now we find ourselves at the end of another wonderfully busy year where we once again increased our circulation! We welcome your comments and suggestions, for this is indeed YOUR Library. Your taxes pay for our existence. Please come in and take advantage of all of our services including Wi-Fi that is always on, Inter-Library Loans for books we don't own, Color Wireless Printers, Out-Reach Program where we deliver, monthly Town Calendars, Free Notary Services, Free Faxes, Subscribing to the State Downloadable Audio and Print E-Books, and last, but not least, we still have those non-technical devices called BOOKS! We are indeed a multi-service Library and enjoy incorporating events in town with the Library to help create a further sense of continued community. This is more than our job; it is our privilege to serve you.

Many many thanks to our entire staff: Brenda Gilland, Sue Toczko, Katie Shearin, Lisa Williams, Bob the Builder, plus many others, including our Board of Trustees for helping us have another productive year.

Jo Ellen Wright, Library Director

2015 Supervisors of the Checklist Annual Report

This was a quiet year for the supervisors with 4 elections.

As of October 2015, voters listed are:

UND = 382, REP = 263, DEM = 102 for a total of 747 registered voters

Respectfully submitted,

Yvonne Bachand

Mary Krygeris, Chr.

Elizabeth Sargent

Supervisors of the Checklist, Washington NH

2015 TRUSTEES of TRUST FUNDS Annual Report

The Trustees of the Trust Funds met eight times during this past year to review reports and conduct regular business. Our funds continue to be invested and managed by the Charter Trust Company of Peterborough.

In February we reviewed and then signed the MS9 and MS10 report forms of our investments that were then submitted them, along with a copy of our Investment Policy statement, to the office of the Attorney General and the Department of Revenue. These reports showed our total assets to be \$1,279,227.89 as of Dec. 31, 2014. In April, Arline France completed the annual procedures form that we file annually with the town auditors. At the auditors' request, we also reviewed and corrected our Financial Reporting System Documentation Form (ALG-CX-4.2.1). This year our fees to Charter Trust for handling our accounts were \$4,644.

During the year we met with the Cemetery Trustees to go over how bills for cemetery maintenance should be handled and to review an amendment to RSA 289 regarding recommendations on how such expenditures might be handled. We reviewed records on the number of lots in each cemetery and procedures on how Perpetual Care funds may be spent.

At the request of the appropriate oversight committee and the Select Board, we approved requests and distributed funds as follows:

\$1,223.76 -- Cemetery Funds for perpetual care
\$140,011.57 -- Bridge Fund, dispersed to the Town
\$112,957.93 -- Bridge Fund, dispersed to the Town
\$1,530.94 -- Bridge Fund, to cover expenses
\$25,982.00 -- Cruiser Account for new police vehicle
\$500.00 -- Lawrence Fund for a school board scholarship
\$658.25 -- Community Services account for food pantry expenses

In December, we received from the Town all funds that had been voted at last March's Annual Meeting. On Dec. 11th these funds (\$137,615) were forwarded to Charter Trust to be allocated to their designated accounts.

In May and June, Arline France attended two seminars: one sponsored by Charter Trust on Marketing and Record Keeping, and the other, the 2015 Seminar for Town Trustees sponsored by the state. At the end of 2014 we had talked about moving some of our investments within our Charter Trust accounts to gain a better return, and we again discussed doing this at a meeting early in 2015, but because it was unclear as to whether some of these funds might be requested for expenditure during the year, we did not meet with our Charter Trust representatives to move on this proposed action. We also discussed how to set up and handle funds (currently held independently by several Town committees) that the auditors state should be handled by the TTF.

At the end of December the Town of Washington Trust Funds total \$1,286,333.29 (see separate report regarding allocation of these funds).

Arline France, Jim Russell, Laura-Jean Gilbert, Trustees of Trust Funds, Town of Washington,

WELFARE DEPARTMENT

RSA 165:1 states "Whenever a person in any town is poor and unable to support himself, he shall be relieved and maintained by the overseers of public welfare of such town, whether or not he has a residence there."

The Town appropriation provides for the basic services mandated by the RSA, including heat, food, shelter, and emergency medical support. During 2015, the following assistance was provided to 4 families:

Housing	4,050.00
Electricity	432.36
Fuel	389.00
Miscellaneous	280.00

Total \$5,151.36

When receiving assistance, the recipient agrees to repay the town for benefits received whenever able. In 2015, we received reimbursements in the amount of \$320.00.

The Food Pantry continues to be filled throughout the year with many donations of foods and household items from individuals as well as those collected from food drives sponsored by the LAE Women's Group, Shedd Free Library, Washington Congregational Church members, and the families of Washington Elementary School. There were more than 42 visits to the Food Pantry in 2015, representing 38 families of 78 adults and 91 children.

Many generous cash donations were received totaling. \$1,205.00 these funds were used to meet special needs and to purchase additional Food Pantry items in the amount of \$1,315.00. Remaining funds will continue to support the Food Pantry and special needs of the Welfare Office in 2016.

This year members of the Washington Congregational Church brightened the holidays with Thanksgiving dinner baskets for 6 <u>families</u>, Christmas food baskets for <u>10 families</u>, and Christmas gifts of clothing and toys to <u>22 children</u> of those families. Included in each holiday gift basket was a special book for each child, thanks to the Friends of the Shedd Free Library.

Last minute requests for assistance resulted in two additional families receiving similar benefits, thanks to last minutes offers by generous families to help. What a pleasant coincidence that they just happened to match—two requests and two offers.

The Welfare Office and Food Pantry are staffed by appointment and every effort is made to accommodate a client's needs. Please do not hesitate to call and see how we might assist you or someone you are concerned about.

For assistance or information, please call the Welfare Office at 495-0262. Messages left on the confidential phone mail service will be answered promptly. If you choose to communicate with the office by e-mail, please be advised that your message may not be protected by your rights to confidentiality. Applications for assistance are available online at www.washingtonnh.org in the Documents Section or may be picked up from the Welfare Office brochure racks in Town Hall. Information about other service agencies is available at the Welfare page on the Town of Washington Website.

Once again we thank the townspeople for their generous and continued support.

Respectfully submitted,		
Diane Belcastro	Ray Ledgerwood	Tom Marshall

The Upper Valley Lake Sunapee Regional Planning Commission (UVLSRPC) has been providing professional planning assistance to municipal boards since 1963. The UVLSRPC coordinates intermunicipal planning, acts as a liaison between local and state/federal agencies, and provides advisory technical assistance on development issues. The Commission serves 27 communities in Grafton, Sullivan, and Merrimack Counties.

The Commission's highlight of 2015 was the adoption of the UVLSRPC Regional Plan (available online at regionalplan.uvlsrpc.org). This plan is based on the most extensive public engagement process in the Commission's history and presents a bold vision for the future development of our region over the next twenty years. In addition to the adoption of the Regional Plan, UVLSRPC highlights for 2015 included:

- Responding to more than 150 municipal requests for technical assistance.
- Coordinating four Household Hazardous Waste Collections that served over 1,000 households in the region.
- Coordinating with the NH Department of Transportation to develop the 2017-2026 Ten-Year Transportation Improvement Plan with approved projects totaling more than \$125 million over the next ten years in the UVLSRPC region.
- Completing more than 110 traffic counts across the region.
- Securing funding to conduct a feasibility study for a new transit service along the I-89 corridor linking New London and Grantham to Lebanon and Hanover.
- Assisting five communities in the region (Claremont, Newbury, Orford, Springfield, and Wilmot) with circuit rider planning services.
- Assisting five communities (Washington, Newport, Grantham, Sunapee, and Goshen) in updating their local Hazard Mitigation Plans.
- Assisting seven communities in the Sugar River watershed (Claremont, Cornish, Croydon, Goshen, Grantham, Newport, and Sunapee) in developing Fluvial Erosion Hazard appendices for their local Hazard Mitigation Plans.
- Assisting three communities (Unity, Washington, and Claremont) in updating their Local Emergency Operations Plan.
- Assisting two communities (Grantham and Lebanon) in developing local culvert inventories.
- Providing administrative and staffing assistance to the Connecticut River Joint Commissions.

Please feel free to contact me at (603) 448-1680 or e-mail me at nmiller@uvlsrpc.org to share your thoughts. It is a pleasure to serve the municipalities of this region!

Sincerely,

Nathan Miller, AICP Executive Director

Washington Web Managers' Annual Report for 2015 www.washingtonnh.org

As co-managers of the Town's web site, our goal of the site is to make town government as accessible as possible. We realize that often residents' work schedules do not coincide with business hours for the town offices. Most of the various forms and documents that one would need to seek for information and permits can be downloaded from the web site and submitted electronically. We are regularly seeking ways to make the site more useful and responsive to the viewers.

During emergencies, or threat of emergencies, communication between the residents and your Emergency Management Team is vital. The Town has several means to do this. First, check the home page for notices. You will see a big red box across the header that will provide instructions and information for all users. We also encourage all to subscribe to the various newsletters posted by Selectmen, Police Chief and Library Director as well as Selectmen Minutes. Simply go to the "Subscribe to E-Alerts" in the link box on the left of the page. We also recommend you subscribe to the emergency notification alert system at nixle.com. All these services are free and your email address is private. If you have any questions or need help subscribing to these systems, please contact one of us.

Did you know you can pay your property taxes by credit card on line? Simply go to the Tax Collectors page to find that link. Did you know that you can fill out a submit a form to the Town Clerk for dog registration and not have to come to Town Hall if your schedule does not make that convenient? One of the plans for the future is to look at purchasing software to allow us to create and post fillable forms on the site to allow to have even more access to town government from home

We encourage town residents, property owners and others with interest in Town events to share information to be posted with us. Each Department has a web presence, but we strive to make this a site for all. We will post a link to your business if it is in town, share your photos, and list things to do in the area. Simply send one of us your information or picture and we will post it on the appropriate page.

Please contact either of us with suggestions of what we could add to the web site to make this as convenient as possible for the user to navigate around and conduct business with the town.

Respectfully, Nan Schwartz- nschwartz@washingtonnh.org Steve Marshall- smarshall@washingtonnh.org Co-Web Managers

State of New Hampshire State of New Hampshire Minutes of Washington Town Meeting March 14, 2015

All portions of this report typed in bold were sent to the State DRA as a legal record of this meeting.

Moderator Barbara Gaskell called the 239th unbroken March tradition of the Annual Meeting to order at 10:05 AM. The Pledge of Allegiance was recited and Moderator Gaskell introduced the Town Officials.

Moderator Gaskell showed that the ballot box was empty and locked it. She asked for a show of hands for voters who were attending Town Meeting for the first time because this was the first Town Meeting to be held on a Saturday.

Moderator Gaskell then moved that counting of votes for the bond articles wait until both warrant articles had been discussed and voted on.

This would allow everyone to hear the discussion for both articles, and prevent the counters from being distracted during the discussion for the second bond article.

A few voters voiced their disapproval of this method because they felt the result of the first vote would influence how they voted on the second. Others commented that voters should vote "their conscience" and not base one vote on the result of the other. Some noted that the increase to the tax rate is not large, so voters shouldn't need to consider the cost when voting for these articles.

Voice Vote: passed as moved

Selectman for three years

At this point, Moderator Gaskell introduced Leigh Bosse for a presentation to the employees of the Washington Highway Department. The Messenger newspaper presented Gift Certificates to the highway crew for doing such a great job with road maintenance. Applause.

ARTICLE 1. The following people received votes for an office elected by a non-partisan ballot:

Write in candidates receiving fewer than five (5) votes are not recorded here. Of the registered voters in Washington 269 cast their votes in this Town election.

The results of the Board of Assessors Special Ballot were as follows:

To dissolve the Board of Assessors

YES 123 NO 94 Blank 3 The proposal was passed

ARTICLE 1B. Guy Eaton moved to hear reports of any and all officers, committees and agents of the Town and Take any action in relation thereto.

Ken Eastman seconded the motion.

The following corrections to the Town Report were presented:

Ken Eastman noted that Article 1 should have been broken up because voting was done on Tuesday and the section 1B was addressed at Town Meeting.

Page Should Be As Printed 5 739 blank 76 SFPNHF SFPNH

Kathleen West asked which department the payroll expenses on pg 31 referred to and Michelle Dagesse replied that it included all departments. She also asked if Detailed Receipts on page 38 should say Detailed Expenses, and Michelle replied that they referred to the same thing. Howard Nelson asked if the Town Report could include a Glossary with relevant definitions. Selectman Eastman replied that his suggestion would be taken under consideration.

Selectman Eastman then presented the State of Town address noting that Representative Bob Odell retired, Jerry Little was elected, the North side of Town Hall was refurbished by still needed painting. Guy Eaton was resigning, the Town Assessors were leaving, Carolyn Russell was resigning as Welfare Administrator so there would be a reception at Camp Morgan the next day from 2-5 PM. The Department of Public Works replaced culverts and 2 bridges over the course of the year. They also put a dump body on a Freightliner truck that had been acquired. Inspections to Town buildings were done

and corrections made. The Town Hall was recognized in 2014 on the Seven to Save list. A new exhaust system was installed in the current Fire Station. The Annual Rich Cook Community Service Award was presented to Bob Fraser at an earlier meeting. The School Budget increased. He mentioned those who had passed away over the previous year including Charlene Cobb who had passed away the week before Town Meeting.

Resigning Selectman Guy Eaton took the floor and read a poem for Hans "The Burgermeister" Eccard. He presented Hans' family with a copy of the cover of the Town Report which had been framed and signed by the Washington firefighters.

Selectman Eastman continued, noting that the Selectmen's secretary Michelle Dagesse had arranged a decrease in health insurance costs for Town employees and fuel costs were down. He said budget increases would be explained later. He thanked the Ladies' Auxiliary for providing the food.

Voice Vote Passed as moved as corrected.

ARTICLE 2. Carolyn Russell moved that the municipality vote to raise and appropriate the sum of \$1,752,000.00 (gross budget) (\$1,638,000.00 from the issuance of bonds, \$12,000.00 from the Meetinghouse Preservation Fund, and \$102,000.00 from secured pledges) for the rehabilitation of the Meetinghouse/Town Hall in accordance with the construction plans dated 10/01/2012, and to authorize the issuance of not more than \$1,638,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and further, to raise and appropriate an additional sum \$81,900.00. [Two-Thirds vote is required for passage; the polls will remain open for at least one hour]

Phil Barker seconded the motion.

Carolyn Russell acknowledged that these plans have been reviewed for several years, but asked voters to listen afresh. She pointed out that in an effort to keep the Town Hall usable, temporary fixes have been repeatedly implemented, but they do not address all of the issues. Examples are the dug foundation under Town Hall and the lack of space for the Town Archives and mechanical equipment for the building. She reiterated that the cost of a full foundation is only \$50,000.00 more than the cost of a crawl space. The money requested by this article would address insulation, moisture control, updating electrical and heating systems, and creating new handicapped accessible restrooms on the main floor. Additionally it would pay for an elevator to access the 2nd floor and the newly created basement. Historical features like the large windows need to be restored to functionality and energy efficiency. The remaining 2 sides of the siding would be done as well.

A voter thanked the Meetinghouse committee for their work and asked where the savings came from compared to last year's motion. Russell replied that the office space in the basement was left out and only one restroom would be done. Joe Belcastro asked what savings would be realized if new plumbing and electricity were installed and noted what a loss it would be if the Town Hall fell into disrepair. Russell agreed that there would be savings with improved electrical and plumbing systems, but the specifics had not been worked out.

Several residents said that they had been to events on the 2nd floor of Town Hall before it was closed due to inadequate access. Carolyn Russell emphasized that donations and pledges had reduced the amount requested and others were waiting for the Article to pass to add their donations.

Don Fisher asked why some of the siding was replaced before a new foundation was dug. Russell replied that the front side was done in anticipation of the building's 225th anniversary.

Jim Crandall, the Chair of Planning Board said that the Planning Board supported both Meetinghouse project and the proposed Safety complex. Al Krygeris agreed that energy reduction can be realized in

old buildings if the work is done correctly, and wondered if more expenses will be proposed later for additional work. Russell replied that the Town would make that decision in the future and that there may be more donations for additional work.

Vicki Holmes asked how this Article and the next would affect the tax rate. Selectman Eastman answered about \$1.10 overall for both. (0.55 each) but this was an approximation because the loan had not yet been sought.

Sheree Chausee said that as a new resident, she didn't understand why both of these projects were on the table at the same time. Russell gave her a brief overview of the history of the proposals.

Ron Maxx inquired about the results of drilling around the building. Selectman Eastman replied that drilling had not turned up any ledge. Ron noted that there would be potential for additional costs if digging turns up something unexpected.

Bob Adamack noted that postponing the project would likely result in higher costs. Andrew Hatch brought up the School Bond which will be paid off in 2017. Alan Dube, asked about the tax rate of the bond and was told it was 0.32 per thousand. Tom Burt asked if there was a benefit to waiting until that bond is paid off. Selectman Marshall pointed out that we were only paying on the principle of that bond. Joe Belcastro added that the cost for the project would increase and negate any potential savings. Al Krygeris asked about using Camp Morgan to house Town Hall offices during construction and whether those costs had been added to the equation. Selectman Eastman replied that \$75,000.00 had been included for those costs and that the decrease in revenue for renting Camp Morgan would be small. Katherine Washburn asked about the time frame for the project. Selectman Marshall said it would be done between May and November. Michael Pon reminded voters about the efforts to get a new building for the Hillsboro Town Offices with a proposal of 5 million dollars and pointed out that new municipal buildings seemed a lot more expensive. He also urged voters to plan for the future. Town Clerk Sandy Poole said that voters would regret not rehabilitating the building because current problems with the electrical systems had prevented her from doing her job.

Dennis Kelly noted that there had been no discussion of the old Schoolhouse which housed the Police Department which will also cost money in the future.

Moderator Gaskell opened paper ballot voting on this Article at 11:30 AM and closed at 12:42 PM with a coincident recess for lunch.

Ballot Vote: Motion Failed Number of ballots cast 221

Yes 139 No 81

At this time presentations of plaques were made to resigning Town Officers Carolyn Russell who served as Welfare Administrator for 9 years;

Linda Cook who served as an Assessor for 20 years; Arline France who served as an Assessor for 23 years and Guy Eaton who served as Selectman for 19 years. Selectman Eaton also read poems for Lynn Cook and Arline France.

ARTICLE 3. Bob Williams moved that the municipality vote to raise and appropriate the sum of \$1,666,180.00 (gross budget) for the construction and original equipping of a new safety building, and to authorize the issuance of not more than \$1,643,780.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of

interest thereon and further, to raise and appropriate an additional sum \$89,000.00 [Two-Thirds vote is required for passage; the polls will remain open for at least one hour] Guy Eaton seconded the motion.

Newly elected Selectman Bob Williams addressed this Article. He asked members the WESAC (Washington Emergency Services Advisory Committee) who were present to stand and noted that the architects Kyle Barker, Keith McBey and Barry Beauregard were present. He explained that four new plans were created and decided on the one that provided for immediate needs while allowing for future expansion and additional use. He pointed out the ways Fire & Rescue had been making due with narrow truck bays, altering a new truck to fit in the bay, washing vehicles outside, waiting for trucks to move out of the bays so crew could gear up, and lack of adequate decontamination facilities and meeting space. A new building would provide for most of these needs and the existing building could be used for storage, meeting space, future Police Department space, and vehicle garaging. Williams pointed out that \$6,400.00 had been raised for the project, \$16,000.00 was left from last year's planning funds and \$7,500.00 in additional pledges existed which had not been included in the current proposed amount. About \$60,000.00 would be saved because the DPW would do the site work. The proposed amount is \$890,000.00 less than last year.

Williams showed slides of the proposed plan. It included access from both Lempster Mountain Road and Old Marlow Rd., a new building with 6 truck bays with metal siding and an administration area with wood siding. An on-site cistern would supply a required sprinkler system. There would be space for a decontamination area, a kitchen, showers, and a training room. Attic trusses would allow for future storage or other use.

Guy Eaton said that he had been working with the WESAC and commended them for reducing the amount they were requesting. He then read a statement from absent Rescue Squad Captain Bob Wright asking for support of the Article.

Selectman Marshall reminded voters that the Selectman asked both the Meetinghouse and Safety Complex committees to reduce their proposed costs and thanked the committees for their efforts. He pointed that community needs, not wants, were proposed at this Town Meeting.

Rick Niven noted that the cost per year for maintaining a new building had not been addressed. Bob Williams admitted that information was not currently available.

At this point, Guy Eaton made a motion to permit non-residents speak at Town Meeting. Ken Eastman seconded the motion.

Voice Vote: passed as moved

Kyle Barker gave an estimate of \$2.00 per sq foot of building space which would be about \$13,000 per year.

Al Krygeris pointed out that new construction would to meet current energy and was assured that it would. Ron Maxx asked about the trusses in the upper levels. Architect Kyle Barker replied that the snow load had been taken into account and the storage capability would be about 150 lbs per sq ft.

Phil Barker expressed concerns about the contour of the lot and potential water problems. Bob Williams replied that the wetlands issues would be dealt with. Architect Kyle Barker noted that the new building would be on a relatively flat area and the wet strip in front would be dealt with.

Director of Public Works Ed Thayer said that construction fabric and gravel would address the mud on Old Marlow Rd.

Steve Vinceguerra asked why the Police Department was not being discussed. Williams acknowledged that this was an issue for the future and not part of this Article. Selectman Eastman added that Police activities had been modified, including not processing juvenile detainees in the current building, so not as much space would be needed for current Police activity and the current building had been somewhat improved.

Moderator Gaskell opened paper ballot voting on this Article at 1:23 PM and closed at 2:25 PM.

Ballot Vote: Motion Failed Number of ballots cast 229

Yes 124 No 85

ARTICLE 4. Phil Barker moved that the Town vote to appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) from the Forest Account for the Forest Committee use.

Larry Gaskell seconded the motion.

Al Krygeris pointed out that this Article does not require the funds be raised, only that they be appropriated for use. The money would be used for a logging project on Farnsworth Hill and to update the Forestry Management Plan.

Charlene Eastman asked for clarification of where the logging would be done.

Voice Vote: passed as moved

ARTICLE 5. Al Krygeris moved that the Town vote to require a two third (2/3) vote of Town Meeting before sale of any Town Forest property, when recommended by the Forest Committee and concurred by the Selectmen. If adapted, henceforth it would require a two third (2/3) vote of Town Meeting to change this article.

Tom Burt seconded the motion.

Al Krygeris said that no sale would happen unless it was a dire situation and this Article would ensure that it wouldn't be done casually.

Bob Hoffstetter asked how such sales were currently handled. Krygeris replied that any lot over 10 acres required a vote at Town Meeting and would pass with a simple majority.

Jim Crandall pointed out three issues he had with the way the Article was written. It gave the Forest Committee authority over the voters and the Selectmen; a Conservation Easement is considered a sale so Conservation Easements could not be established without a vote which is contrary to the Master Plan Survey; it is written only from the Forest Committee's point of view.

Jim Crandall made a motion to strike the words "by the Forest Committee and concurred" and to add the following sentence: "This article shall not apply to Conservation Easements or similar deed restrictions designed to protect Town Forest property."

Kathleen West seconded the motion.

Voice Vote on the amendment: passed as moved.

There was further discussion on the purpose of the Article and whether Conservation Easements would require funds to be raised to preserve the property. Jim Crandall noted that there are grants available to cover such costs and that finances should not be a reason to vote against the Article.

Further clarifications were made about what constituted Town Forest property and whether voters should vote on the amended article.

Voice Vote: passed as amended

ARTICLE 6. Ken Eastman moved that the Town vote to raise and appropriate the sum of Four Hundred Forty Thousand Six Hundred Dollars (\$440,600.00) to defray the costs of General Government for the ensuing year. This article is exclusive of all other warrant articles. Guy Eaton seconded the motion.

Selectman Eastman pointed out an increase in the Financial Administration line due to the need to update maps and deed registration documents.

Voice Vote: passed as moved

ARTICLE 7. Guy Eaton moved that the Town vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to be added to the Police Cruiser Replacement Capital Reserve Fund previously established.

Brian Moser seconded the motion.

Fire Chief Moser noted that the Police cruiser will be replaced this year. Marcella Bobinski asked how much was in the fund and was told there was \$31,000.00.

Voice Vote: passed as moved

ARTICLE 8. Guy Eaton moved that the Town vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to be added to the Police Equipment Replacement Capital Reserve Fund previously established.

Bob Williams seconded the motion.

Kathleen West asked what equipment would be replaced with these funds. Police Chief Steve Marshall replied items like a new computer, radar equipment and items like that.

Voice Vote: passed as moved

ARTICLE 9. Guy Eaton moved that the Town vote to raise and appropriate the sum of One Hundred Twenty Nine Thousand Four Hundred Fifty Three Dollars (\$129,453.00) for the operation of the Police Department for the ensuing year. Brian Williams seconded the motion.

Police Chief Marshall noted this amount was lower than the previous year because there was a lower insurance rate.

There were inquiries about costs for staff. Chief Marshall noted that these amounts differ depending on staff availability. He pointed out that the Police department sometimes gets safety grants and payment for work done outside of town which is reimbursed to the Town.

Voice Vote: passed as moved

ARTICLE 10. Ed Thayer moved that the Town vote to raise and appropriate the sum of Three Hundred Fifty Eight Thousand Five Hundred Seventy Dollars (\$368,570.00) for operation of the Public Works Department for the ensuing year.

Guy Eaton seconded the motion.

Public Works Director Ed Thayer noted this amount was the same as the previous year.

Sue Hofstetter asked if the Town is adequately insured for the Highway Garage and if there was a sprinkler system. Thayer replied that the Town is no longer part of the risk pool and that there is an annual inventory of what needs to be covered by insurance.

Ron Maxx asked how the equipment is holding up. Thayer replied they were in good shape and the Town is fortunate that they are able to get equipment from the State Surplus auction. Jim Hofford reminded voters that Thayer saves the Town a lot of money and that the DPW has been called a national treasure. Applause.

Voice Vote: passed as moved

ARTICLE 11. Ed Thayer moved that the Town vote to raise and appropriate the sum of One Hundred Thirty Five Thousand Dollars (\$135,000.00) for the road paving the appropriation will be offset with any Highway Block Grant Funds received. Phil Barker seconded the motion.

Thayer said this was the annual appropriation for road paving, usually offset by State Block Grants of \$55,000.00. They plan to pave the west end of East Washington Rd and to seal Washington Drive during the next year.

Voice Vote: passed as moved

ARTICLE 12. Ed Thayer moved that the Town vote to authorize the selectmen to enter into a 5 year lease agreement in the amount of One Hundred Eighty Nine Thousand One Hundred Twenty Five Dollars (\$189,125.00) for the purpose of leasing an excavator, and to raise and appropriate the sum of Thirty Seven Thousand Eight Hundred Twenty Six Dollars (\$37,826.00) for the first year's payment for that purpose. This lease agreement contains an escape clause. Guy Eaton seconded the motion.

Thayer explained the Lease-to-Buy an excavator would save money for the Town and they would not need to replace the backhoe for five more years. He noted annual rental of an excavator cost the Town \$20,000.00 and an excavator would be a good addition to the Highway Department.

Al Krygeris asked about the escape clause. Thayer replied the Town could send the machine back at any time during the 5 years. He would add to the DPW budget next year to absorb the costs. Peter France asked how long the excavator would last and Thayer replied about 15 years. Tom Burt asked about the insurance cost and Thayer replied that Selectmen's Secretary Michelle Dagesse would negotiate for the insurance and the cost would likely be negligible.

Voice Vote: passed as moved

ARTICLE 13. Ed Thayer moved that the Town vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) to add to the previously established Highway Equipment Capital Reserve Fund.

Al Krygeris seconded the motion

Thayer asked that this Article be voted down because the previous Article had passed.

Voice Vote: failed as moved

ARTICLE 14. Ed Thayer moved that the Town vote to raise and appropriate the sum of Twenty Five Thousand Dollars (\$25,000.00) to add to the previously established Bridge Maintenance Capital Reserve Fund.

Guy Eaton seconded the motion

Thayer noted the Town still had 2 bridges on the Red List. The Ayers Pond Rd bridge would have engineering & permitting done. The fund balance was \$165,267.00 and \$75,000.00 would be needed for the Valley Rd. bridge.

Jan Philbrick asked what the average cost for bridge replacement would be. Thayer replied that every bridge differs depending on the water it crossed. The last two repairs cost about \$156,000.00 each.

Voice Vote: passed as moved

ARTICLE 15. Guy Eaton moved that the Town vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to install a new Leach Field for the Camp Morgan septic system. This will be a non-lapsing appropriation per RSA 32:7 VI and will not lapse until the Leach Field is complete or by December 2019, whichever is sooner.

Ken Eastman seconded the motion

Selectman Eaton noted this would be the 4th year of adding to the fund and that the work would be done in 2016.

Voice Vote: passed as moved

ARTICLE 16. Ed Thayer moved that the Town vote to raise and appropriate the sum of One Hundred Seven Thousand nine Hundred Eighty Seven Dollars (\$107,987.00) for the operation of the Solid Waste Recycling Center and for the Landfill Closure for the ensuing year. Guy Eaton seconded the motion.

Thayer pointed out that the usual amount was reduced by \$5,000 because the Town was not hosting a Hazardous Waste Collection Day. Washington residents would be able to participate in neighboring town Collection Days over the course of the year.

Voice Vote: passed as moved

ARTICLE 17. Ed Thayer moved that the Town vote to raise and appropriate the sum One Thousand Eight Hundred Dollars (\$1,800.00) for Emergency Management for the ensuing year. Bob Williams seconded the motion.

Voice Vote: passed as moved

ARTICLE 18. Michelle Dagesse moved that the Town vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) to be added to the Health Insurance Reimbursable Account previously established.

Guy Eaton seconded the motion

Voice Vote: passed as moved

ARTICLE 19. Brian Moser moved that the Town vote to raise and appropriate the sum of One Hundred Twelve Thousand Eight Hundred Seventy Five Dollars (\$112,875.00) for the operation of the Rescue Squad and Fire Department for the ensuing year. Gordon Walton seconded the motion.

There was discussion about upcoming Rescue Squad Training. Five Washington residents were enrolled and the training was open to anyone in the State. Linda Marshall asked if out of town trainees had to pay up front. Rescue Squad member John Corrigan replied that they did and the cost per person was about \$2,000.00 and they were hoping for two additional trainees from Washington.

Voice Vote: passed as moved

ARTICLE 20. John Corrigan moved that the Town vote to raise and appropriate the sum Twenty Five Thousand Dollars (\$25,000.00) to add to the Rescue Squad Equipment Capital Reserve Fund previously established. Fifteen thousand is to come from taxation and Ten Thousand will come from the Ambulance Billing Fund.

Tom Burt seconded the motion.

Corrigan pointed out that the ambulance was 13 years old. The ambulance is usually replaced when it is 10 years old. The Rescue Squad planned to replace the ambulance this year. The cost would be \$195,000 and there was \$146,000 in the fund.

Voice Vote: passed as moved

ARTICLE 21. Brian Moser moved that the Town vote to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000.00) to add to the Fire Apparatus Capital Reserve Fund that has been previously established.

Bob Williams seconded the motion.

Voice Vote: passed as moved

ARTICLE 22. Brian Moser moved that the Town vote to raise and appropriate the sum Forty Three Thousand Nine Hundred Sixty Five Dollars (\$43,965.00) for Emergency Communications for the ensuing year.

Larry Gaskell seconded the motion.

Fire Chief Moser said that all of the radio batteries would be replaced with more efficient batteries.

Voice Vote: passed as moved

ARTICLE 23. Ken Eastman moved that the Town vote to raise and appropriate the sum of Ten Thousand Six Hundred Dollars (\$10,600.00) to be placed in the existing Capital Reserve Revaluation Fund.

Guy Eaton seconded the motion.

Selectman Eastman noted this was an ongoing fund and the amount had increased by \$600.00 this year.

Voice Vote: passed as moved

ARTICLE 24. Colleen Duggan moved that the Town vote to raise and appropriate the sum of Thirty Nine Thousand Eight Hundred Seventy Five Dollars (\$39,875.00) for the operation of the Shedd Free Library for the ensuing year.

Tom Marshall seconded the motion.

Colleen Duggan said that the library amount is minimal and worthy of approval but the Library should make sure they have someone at Town Meeting to make the motion for their article.

Kathleen West asked about Library funding and Linda Roy explained that the Library pays most of their own bills, rather than having the Town pay them directly. This is had been previously established and would not apply to other Town departments like the Cemetery Committee.

Voice Vote: passed as moved

ARTICLE 25. Carolyn Russell moved that the Town vote to raise and appropriate the sum of Fifty Four Thousand Eight Hundred Forty Five Dollars (\$54,845.00) for Health and Welfare for the ensuing year.

Marcella Bobinski seconded the motion.

Carolyn Russell said the additional \$1,000.00 was for the Newport Food Pantry, which is used by Washington residents to get fresh food. That pantry is larger than the Washington donation pantry and can provide a family with a week's worth of food. The amount was not included in the original budget because their request was not received before Town Report was printed.

Voice Vote: passed as moved

ARTICLE 26. Guy Eaton moved that the Town vote to raise and appropriate the sum of Fifty Eight Thousand One Hundred and Eighty Five Dollars (\$58,185.00) for the operation of the Parks and Recreation Commission and for Patriotic Purposes for the ensuing year.

Michelle Dagesse seconded the motion.

Selectman Eaton mentioned events and maintenance covered by this Article. Jim Gaskell asked why the bandstand amount increased and Guy said they planned to repaint the bandstand over the next year. Gaskell also asked about the docks and why the Town needs so many and why the Town doesn't just use ropes. Eaton reminded the voters that the docks had been refurbished already and that the docks should be replaced in 2016. He said the lifeguards prefer docks so they can monitor the swimmers. Katherine Burke agreed that as a mother it was reassuring to have docks marking sections of the swimming area.

Kathleen West asked why the Patriotic P Flag cost so much more than the Cemetery flags and Eaton replied that the large flagpole flags cost much more than cemetery flags.

Jim Hofford asked about upcoming events. Eaton told him there would be a concert on the common after the Memorial Day ceremony and a concert in August.

Vivian Clark noted that no plans had been made for an Old Home Day celebration this year.

Voice Vote: passed as moved

ARTICLE 27. Guy Eaton moved that the Town vote to establish a Dock Replacement Capital Reserve account and to raise and appropriate the sum of Nine Thousand Dollars (\$9,000.00) to be placed in that fund.

Bob Williams seconded the motion.

Selectman Eaton said there was \$27,000.00 in the fund and \$45,000.00 was required to replace the docks.

Mike Otterson made a motion to amend the Article to read "Moved that the Town vote to raise and appropriate the sum of Eighteen Thousand Dollars (\$18,000.00) to be placed in the Dock Replacement Capital Reserve Fund previously established.

Sue Hoffstetter seconded the motion.

Arline France confirmed that the fund didn't need to be established, just added to.

Voice Vote on the amendment: passed as moved.

Voice Vote: passed as amended.

ARTICLE 28. Ken Eastman moved that the Town vote to raise and appropriate the sum of One Thousand Five Dollars (\$1,500.00) To support the Town's lake host program. Jim Crandall seconded the motion.

Selectman Eastman spoke about the two Washington lakes supported by this program and that there was a \$500 match made by the New Hampshire Lakes Association and that Millen Lake contributes \$300.00.

Marcella Bobinski asked if this program looked for invasive species. Eastman replied Yes. Phil Barker asked if any had been found. Eastman replied that native milfoil has been found and that this is primarily an educational program at this time.

Charlene Eastman asked how many years the program has been running and whether they need volunteers. Selectman Eastman replied the State has run the program for 9 years now and they always welcome new volunteers.

Voice Vote: passed as moved

ARTICLE 29. Jim Crandall moved that the Town vote to raise and appropriate the sum of Four Thousand Five Hundred Dollars (\$4,500.00) for the purpose of purchasing a "Welcome to Washington" sign.

Tom Marshall seconded the motion.

Jim Crandall pointed out that the Master Plan Survey results emphasized improving communications within the Town. This Article proposes a Washington Event sign that would be erected at the Transfer Station. The guidelines have not yet been published, and the Selectmen would administer the information allowed on the sign. Event hosts would be responsible for adding and removing event information.

Voice Vote: inconclusive Hand Vote: inconclusive

Standing Vote: passed as moved Yes 38 No 33

ARTICLE 30. Ed Thayer moved that the Town vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) for the purpose of overlaying the existing asphalt at the Transfer Station.

Phil Barker seconded the motion.

Thayer said this money was to pave the strip between the Transfer Station and the DPW building, not around the back, and to excavate some rocks under the asphalt.

Voice Vote: passed as moved

ARTICLE 31. Tom Marshall moved that the Town vote to raise and appropriate Seventy Five Thousand Dollars (\$75,000) to side, insulate, stain and upgrade the electric for one exterior wall of the Town Hall. This will be a non-lapsing appropriation per RSA 32:7 VI and will not lapse until the installation is complete or by December 2020, whichever is sooner. Phil Barker seconded the motion

Selectman Marshall noted that even though Article 2 did not pass the exterior of Town Hall will be renovated with these funds based on a recent estimate. Carolyn Russell asked if the electrical system would be upgraded. Marshall replied it would as it was done on the west side of the building, whatever can be easily reached.

Charlene Eastman asked if it would be less expensive to do two sides at once. Marshall replied that it may, but that was not the proposal.

Mike Otterson suggested that residing the back would be a waste of time if renovations would be done eventually.

Vivian Clark asked if there was \$10,000 left from the renovations on the west side. Marshall replied yes, but a final coat of stain and painting the doors still needed to be done. There are also leftover clapboards that can be deducted from the cost of materials.

Al Krygeris asked if there were historical restrictions that required that one side of the building be left in its original state. Marshall replied that this was a requirement for applying for LCHIP grants and the Town has not been chosen for those grants the last two times the Town bid for one. Now that the grace period has passed, the Town is not obliged to honor that restriction. The state of the clapboards is such that there isn't anything left to preserve.

Sue Hofstetter asked if the door would be refurbished and Marshall replied that it would. The doors on the west side of the building were refurbished and greatly improved in their use and appearance. Nan Schwartz asked if the front door could also be refurbished and Marshall said her suggestion would be taken into consideration.

Voice Vote: passed as moved

ARTICLE 32. Jim Crandall moved that the Town vote to establish a Capital Reserve Building Fund under provision RSA 35:1 for the purpose of continuing the work to satisfy the needs of the Town Hall, Safety Building and the Police Department and to raise and appropriate Twenty Five Thousand Dollars (\$25,000.00) to be placed in this Building Fund and to designate the Town Meeting as agents to expend.

Al Krygeris seconded the motion.

Jim Crandall noted that this amount is a start on saving towards future renovations.

Jed Schwartz made a motion to amend the Article to read \$50,000.00 John Corrigan seconded the motion.

Tom Burt asked what this money would be used for. Crandall replied that it was not restricted to any particular project. Michelle Dagesse pointed out that a vote would be required in order for the money to be spent. Laurie Dube, asked it is would be for a down payment Jed Schwartz replied Yes. Bill Cole asked how much would be earned in interest. Moderator Barbara Gaskell replied that the funds would be invested by the Trustees of the Trust Funds as all Town monies are. Tom Burt asked for clarification. Tom Marshall explained that the Planning Board recommended that the Town start a contingency fund for renovations for safety issues. The Selectmen do not want to allocate funds to any project at this time. This fund would be a reserve for future projects.

Jim Hofford said he would like to make an amendment to increase the amount to \$100,000.00. Peter France voiced concern that this Article was left to the end of the Meeting when fewer voters were left to vote. Alan Dube pointed out that those voters chose to leave and that he also supports raising \$100,000.00. Janice Philbrick brought up the fact that the old Schoolhouse where the Police Department is housed had not been addressed. She noted that she as Bail Bondman must go to Newport to post bail because of the recent restrictions on how the Police Department building can be used.

Dave Wood noted that the Article could have been amended to 3 million dollars and that \$100,000.00 is a bare minimum. Carolyn Bullock called for a vote.

Laurie Dube inquired if the \$50,000.00 were approved, could another amendment be proposed. Moderator Gaskell replied that it could.

Hand Vote on the amendment: passed as moved. Yes 33 No 32

Jed Schwartz moved that the Article be amended to read \$100,000.00. Jim Hofford seconded the motion.

Voice Vote on the amendment: passed as moved.

Ed Thayer asked if the Selectmen didn't want to allocate the funds, who would. Selectman Marshall pointed out that the Selectmen would still guide the proposed Articles and the buildings were still the Selectmen's responsibility. Any proposed Articles require approval by the Selectmen. The Selectmen do not want to approve the expenditure.

Bill Cole asked how disbursement of the funds would be approved at Town Meeting. Peter France replied by simple majority vote.

Voice Vote: passed as amended

ARTICLE 33. Michelle Dagesse moved that the Town vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for Debt Services for the ensuing year. Colleen Duggan seconded the motion.

Dagesse noted that this was an open line in the event that the Town would need to borrow money in anticipation of future tax revenue.

Voice Vote: passed as moved

ARTICLE 34. Jed Schwartz moved that the Town vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for updating the Natural and Cultural Resource Inventory Maps, as part of the Planning Board's Master Plan update.

Kathleen West seconded the motion.

Jed Schwartz explained that the Conservation Commission inventory has been based on data that was 8

years old and an update was necessary. Jim Crandall added that the Planning Board supported this Article as it will help the Planning Board as well.

Voice Vote: passed as moved

ARTICLE 35. To transact any other business that may legally come before this meeting.

Phil Barker asked for a show of hands for people who attended because the Meeting was held on Saturday. 13 people raised their hands.

Sarah Holdner read a poem for resigning Selectman Guy Eaton.

Resigning Selectman Guy Eaton invited newly elected Selectman Bob Williams to sit up front on the podium.

Jim Gaskell inquired about the valuation of Town Hall at 504 million dollars and noted that this amount would not replace the Town Hall. Michelle Dagesse said she would check into that. She reiterated that the Town no longer participated in the Primex risk pool and had an agent which was more cost effective.

Al Krygeris asked if the Detailed Receipts starting on page 38 of the Town Report could be listed in some other way besides by date of transaction.

Selectman Eastman reminded those in attendance that there would be a reception the following day for the resigning Town officers.

Guy Eaton moved to adjourn at 4:11 PM Seconded by many

Voice Vote: passed as moved
