- D. Licensor and Licensee have, on or about the date hereof, entered into a Land Disposition Agreement (the "LDA") for the sale and purchase of the Premises.
- E. Pursuant to the LDA, Licensor and Licensee are entering into this Agreement to facilitate and govern Licensee's access to the Licensed Premises to perform certain tasks set forth in the work plan to be provided by the Licensee and approved by Licensor hereunder (the "Work Plan").

### AGREEMENTS

NOW, THEREFORE, in consideration of the mutual promises set forth herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

#### I. Grant of License, Terms, Purpose and Use.

1.1 The Licensor hereby grants a right of entry and license to the Licensee to use the Licensed Premises for the sole purposes set forth herein and in the Work Plan (the "Licensed Activities"), subject to the terms and conditions set forth herein.

1.2 The right of entry and use of the Licensed Premises is specifically granted to the Licensee, its contractors, consultants, agents, and employees, collectively referred to herein as the "Licensee," solely for the implementation and completion of the tasks set forth in the Work Plan and for no other purposes. Said rights may not be assigned by the Licensee without the prior written consent of the Licensor, which consent may be withheld for any reason or for no reason, at Licensor's sole and absolute discretion. In the event that the Licensee assigns its rights

under this Agreement to another party with Licensor's approval, the Licensee shall remain liable for its obligations and duties contained herein.

1.3 The right of entry and use of the Licensed Premises by the Licensee hereunder shall be exercised beginning as of the date the Licensor approves in writing the Work Plan, such approval not be unreasonably withheld, conditioned or delayed (but subject to other terms of this Agreement) and such rights shall terminate on **[Insert last day of Due Diligence Period in LDA]**, unless extended or earlier terminated by the parties hereto. The parties acknowledge and confirm the rights being granted hereunder are a license and no greater rights in the Licensed Premises are being granted hereunder. The parties acknowledge and confirm that neither this Agreement nor the license granted hereunder shall be construed to create or vest in the Licensee any easement, estate or legal interest in the Licensed Premises but only the limited right of possession on the terms herein described.

1.4 The Licensed Premises and the activities undertaken thereon by the Licensee shall be subject to inspection by representatives of the Licensor at any time, and from time to time, without prior notice.

1.5 The rights of the Licensee granted hereunder shall be exercised solely for the purposes set forth in this Agreement, and for no other purposes.

## II. Terms, Costs and Restoration.

2.1 Licensee shall perform all Licensed Activities, including without limitation all work under the Work Plan and all geotechnical and environmental site investigations, strictly in compliance with the provisions of this Section II.

2.2 The Licensee shall be solely responsible for all costs and expenses associated with the exercise of the rights granted under this Agreement, including without limitation any costs associated with obtaining any permits, licenses or similar approvals necessary to undertake and/or complete the work contemplated herein.

2.3 The Licensee shall provide immediate notification to Licensor of any release or threat of release of oil or hazardous materials discovered during Licensee's Activities, including without limitation its work under the Work Plan and its geotechnical or environmental site investigations, that is not already disclosed in any of the environmental reports or other materials provided to the Licensee from the Licensor in connection with the RFP.

2.4 In no event shall the Licensee perform any subsurface investigations or invasive testing of the Licensed Premises, or install any soil or groundwater monitoring wells or test pits on the Licensed Premises, without the Licensor's prior written approval, which approval may be withheld by Licensor for any reason or for no reason, at Licensor's sole and absolute discretion. If such approval is granted, Licensee shall be solely responsible for decommissioning and removing all such wells and test pits in accordance with the Massachusetts Department of Environmental Protection (DEP) guidelines. Following the completion of Licensee's geotechnical and environmental site investigations, the Licensee shall remove all materials, groundwater monitoring wells, equipment and machinery and other items brought on to the Licensed Premises by the Licensee and shall restore the Licensed Premises to substantially the

same condition it was in prior to the exercise by the Licensee of the rights granted hereunder. In the event the Licensee in writing waives any right to terminate the LDA and unconditionally confirms that it will close on the purchase of the Licensed Premises in its as is condition and in accordance with the LDA, the Licensor may in writing waive the Licensee's obligation to restore the Licensed Premises and remove the groundwater monitoring wells. Otherwise, the Licensor shall deduct from any funds of the Licensee held on deposit by the Licensor in connection with this Agreement, the RFP or the LDA any amounts expended by the Licensor to restore the Licensed Premises, including without limitation, to decommission and remove any groundwater wells installed by the Licensee on the Licensed Premises. The Licensee shall coordinate any removal and/or relocation of existing groundwater monitoring wells with the Licensor.

2.5 Licensee shall provide to Licensor copies of all reports and plans generated as a result of Licensee's work under the Work Plan, including without limitation all geotechnical and environmental site investigations by the Licensee, within ten (10) days of completion; provided, however, that if any such work or investigations discovers any imminent hazard, Licensee shall immediately notify Licensor thereof. Licensee shall not report any release or threat of release of oil or hazardous materials reflected in such reports or plans, or otherwise identified during any Licensed Activities under this Agreement, to any government agency unless Licensee reasonably determines that it has a legal obligation to report such any release or threat of release of oil or hazardous materials to a government agency and Licensee has first notified the Licensor of the release or threat of release of oil or hazardous materials prior to making such report.

2.6 All materials resulting from any Licensed Activities under this Agreement, including without limitation (if Licensor grants Licensee permission to perform subsurface investigations or invasive testing of the Licensed Premises) all samples and any materials that may contain oil or hazardous materials that result from any Licensed Activities at the Licensed Premises shall become the property and responsibility of the Licensee, and shall be properly managed, transported and disposed of. At no time will Licensor assume or retain any responsibility or liability for the disposal of such materials and the removal of such materials from the Licensed Premises will remain the sole obligation of the Licensee, except to the extent that any liability arising out of the disposal or removal of such materials is the result of the gross negligence, willful misconduct or breach of contract of the Licensor or its agents.
