Top Priorities

1. Pursue ESCO for municipal buildings. **Rob P to help review contract language.**
2. Pursue RFP for solar on public buildings and land. Consider coop options of solar project. **Mike S., Phil G., Rob P. Wendy L., John H., to help Dave W on RFP and Coop idea.**
3. Explore third party provider electric rate. (Anne provided info to committee on this. John M. is the key person.)
4. Pursue back up generation to produce revenue. **Phil to provide Harvey EnerNOC contact.**
5. Contact High School to explore senior project opportunities.
6. Promote our success -- regular article in the Crier, e-news etc. **Doug S to help with articles?**

Other Recommended Actions

1. Pursue LEED certification for High School; the value is the PR. Pursue state support for this.
2. Convene town wide Green Meeting of various local initiatives.
3. Pursue Solarize program with MA Clean Energy Center -- residential big buy for solar
4. Convert Energy Advisory Committee to standing Town committee
5. Pursue Sagewell thermal imaging pilot.
6. Explore First Fuel Audits. Possible funding from NStar?
