7:30 p.m.
Selectmen's Meeting Room

Members present: Ellen Tohn, Tom Sciacca, Harvey Michaels
Present via phone: John Moynihan, Anne Harris
Members absent: Bill Huss

Minutes from meetings on 9/5/12 (subject to corrections in spelling of names), 10/3/12, 11/14/12 approved

ESCO—Municipal Building Energy Upgrade

Need rfp out by end of January to make town meeting in April.

John updated. By end of Jan. need to craft a project. John will have recommendations by early Jan. Will be 90% crafted, goal of budget neutral

Jan 9th reserved for meeting with Beth Greenblatt, Ameresco, to fine tune which preliminary measures to include

Ellen will contact Bill Steinberg re: a preliminary meeting with FinCom.

Replacing pneumatics remains a bone of contention; still examining whether total or partial replacement is best choice. Tom/John will contact Paul Stein to discuss his goals for the buildings; may help decide the issue.

Will scope out highway garage for tm background

Streetlights

John has more info re what happened in Westwood. Will send out material tomorrow. Maybe doing a small pilot project buying and retrofitting our lights makes sense to test light levels, etc. Could possibly be wirelessly monitored for outages. John will pursue with NSTAR. Unlikely an LED rate will happen any time soon. Dave Amman quotes roughly \$400 to change out each admiral head to LED.

Ellen- maybe Beth can get LEDs included in esco

Wayland housing authority

Changed refrigerators, updated lighting, exterior lighting went a few rounds, but very happy. Maybe boiler next year. Will ask Brian for update to include in gc report. Also include a solarize piece.

Green Communities Report

John will work on getting vehicle policy, fleet schedule updated

Anti- idling technology for Dpw trucks?

Need school policy to use efficient vehicles. John will call Paul.

We should explore solar in esco. Anne and Harvey will follow up.

Meeting adjourned at 8:55 pm.
