Subject: Letter to be read tonight at Park & Rec Mtg.

Date: Mon, Aug 1, 2011 5:16 pm

Hi

Please help us out by reading this letter tonight at the meeting or at a future meeting.

Thanks,

Marilyn

To whom it may concern:

We respectfully ask the Park and Recreation Committee, School Committee, Conservation Commission, and Wayland Selectmen to please consider the Old Dump Sight on Rte 20 for the new soccer playing fields.

It will make an ugly place that cannot be commercially developed due to Massachusetts State laws into a beautiful place and not disturb established woods and the citizens of Wayland.

Thank you,

Sincerely,

Frank and Marilyn Scimone

20 Joyce Road,

Wayland, MA 01778

8/1/11 into public record.

To: the Recreation Commission:

Bob Virzi, Brud Wright, Anna Meliones, Asa Foster, and Stas Gayshan
Director of Recreation, Nancy McShea

The neighborhood of the Middle School Woods is requesting two things from the Recreation Commission, and whatever other Town Board is engaged in the current study of this school property:

- 1) We request prompt access to **all** reports and or findings pertaining to the Middle School Woods from the consultants or entities hired to do these studies.

- 2) We request information about whoever is hired as the archeological expert, the wetlands expert, the engineering expert, and the expert on vulnerable species of animals and plants – credentials, expertise and background.
