Recreation Meeting**

Present: Wright, Foster, Meliones, McShea

Meeting called to order 9:00 am

Meliones discussion on Greenways and access to site.

Update on beach house and construction timeline. McShea updated commission on plan she received from John Moynihan. Timeline should still work in favor of a spring opening of the new beach house. McShea to ask John about septic plan and whether or not need to submit a site plan. Meliones would like to see a basketball court incorporated into the site if money is available to do this.

Update from McShea on DPW stuff, wells at Middle Schools, Bennett and Riverview as well as irrigation at Riverview.

Update from McShea on the Hannah Williams playground, met with two members of the committee to talk about equipment. Have plan to move forward with.

Update on closing of high school fields. Gave update on field funds and what revenues we collected this year. Commission recommends that we look at the Gale Report and put our priorities in a list of what we feel the field money should be allocated for.

McShea updated the commission on the idea from WBSA to put fencing and/or dugouts at Cochituate Field. Jesse Adelman to present ideas to the commission in August.

McShea updated the commission on the possibility of a joining ice rink/ basketball court building with Sudbury on Route 20. Both towns in the exploratory process.

Wright update on Dudley Pond Advisory Committee. They will be conducting a charette next week. Take all members that show up and put into groups and gather feedback, in a workshop format. Housing is looking for affordable units. Water quality concern over septage systems leaking into pond. Recreation and passive use. Recreation land has not been declared surplus. Committee should put together best use of the land and then present to our board for our thoughts. Brud asked us to think about what to put on the wish list for recreation and send to him so he can share with Tighe and Bond.
