

## **Minutes of Wayland SWQC Meeting, 6 August, 2010**

Prepared by Bob Goldsmith

Present: Mike Lowery, Bob Goldsmith, Lin Bradford

1. The meeting came to order at 7:30 PM
2. There was no public comment.
3. Minutes of the previous meeting were accepted by a vote of 3-0.
4. North Pond. SWCQ will proceed with DCR to provide hand pulling of the beach boat ramp. Voted 3-0. In general, substantial milfoil growth is occurring and SWQC will begin to work with DCR to develop a plan for next year.
5. Dudley Pond. Circulators will be moved to their winter quarters soon and Mike recommended placement next year in their original position. A survey recently by a diver found no milfoil plants, but re-growth is anticipated for next spring. The program that worked well this year, viz. spot treatment with Triclopyr and hand pulling of old root crowns is anticipated to keep the pond in excellent condition.
6. Heard Pond. No discussion other than noting the pond is in excellent condition in terms of controlling water chestnuts.
7. Budget planning for next year will begin shortly.
8. The committee voted 3-0 to adjourn at about 8:00 PM.
