

Minutes of Wayland SWQC 21 March, 2012 Meeting

Prepared by Bob Goldsmith

Present: Toni Moores, Tom Largy, Bob Goldsmith, Lin Bradford

The meeting came to order at 7:30 PM. There was no public comment.

1. Minutes of the previous meeting were approved 4-0
2. Heard Pond.
 - a. We are awaiting ConCom's extension of the current 3-yr Order of Conditions, which has been extended by the State to 5 yrs.
3. Dudley Pond.
 - a. Bob reviewed the EPA presentation at the DEP Circuit Rider forum in Concord on 20 March. Briefly, no NOI is required if the area of application is fewer than 80 acres. More than one application per year is allowed without any change in the area of application. Further, possible spread of a pesticide (herbicide) beyond the area of application does not increase the area of application. The applicator must comply with EPA's generic 5-yr permit, which has no change from current practices followed by licensed contractors in the State.
 - b. Mike sent a letter to the Chateau asking them to clean debris on their property proximate the pond.
 - c. Bob reviewed the current status of the Doran Road Activity Committee proceedings.
 - d. The Committee approved the sale and removal of the circulators to the original supplier at a price of \$3,000 (or more). Vote was 4-0
4. North Pond.
 - a. The Committee approved, 4-0, purchase by Lin of the materials needed to repair the capture net at the entrance to North Pond from Middle Pond.
5. Toni interviewed a high school student (junior) who is interested in being an intern for the summer. The Committee voted to do so at an hourly rate of \$10/hr.
6. Article 6 in the Town Warrant was discussed, and the Committee voted (3-0) to oppose it as funds are expected be requested in the future to make stormwater treatment improvements at Dudley Pond, and CPA funding would be sought. The Committee also voted 3-0 to state the Committee's opposition.
7. The committee voted 5-0 to adjourn at about 8:30 PM.
