

## **Minutes of Wayland SWQC 6 June, 2012 Meeting**

**Prepared by Bob Goldsmith**

Present: Toni Moores (by telephone), Tom Largy, Bob Goldsmith, Lin Bradford, Mike Lowery

The meeting came to order at 7:35 PM. There was no public comment.

1. Minutes of the previous meeting were approved 5-0
2. Heard Pond.
  - a. The extension of the ConCom OOC for water chestnut harvesting has been received.
  - b. A survey of water chestnut population will be made within the next few days (now made, fairly sparse populations)
3. Dudley Pond.
  - a. The divers surveying the pond are finding areas of milfoil returning. To date, 3,132 plants have been pulled. Plant density is generally low to moderate and likely amenable to hand pulling only.
  - b. A quote for spot treatment with Triclopyr has been received from ACT, and is on hand in case this treatment becomes required..
  - c. Mike is to schedule a presentation to ConCom on status
4. North Pond
  - a. DASH cleaning of the Snake Brook Cove is scheduled for the coming week.
  - b. The fragment capture net is not ideally placed. Lycott will be directed to move the net to the same position as last year.
  - c. The DCR end-of-May milfoil survey for North Pond should be received soon. (Now received, distribution of plants around the pond is more extensive on the west side, and few dense plant areas were observed. Lycott has provided a quotation to DCR5 for two options: Hand pulling only, and hand pulling with targeted Diquat treatment.
5. Other
  - a. It was noted that a presentation of the East Dudley Pond septic study needs to be scheduled for the Selectmen and the Planning Board.
6. The committee voted 5-0 to adjourn at about 8:30 PM.
