The meeting began at 4PM, downstairs in town hall as a joint meeting of the Alternative Energy Committee and a group from the Planning Board. Martha Twombly, from the Cape Cod Commission, gave a presentation of zoning issues that may effect the siting of a Wind Tower. Questions concerning a range of topics were asked and discussed by the group.

The meeting of the Alternative Energy Committee was then moved at 5pm to the upstairs conference room. The site visits that had been made at the April 6th meeting were discussed. It was agreed that more site visits and discussion are necessary.

The next meeting of the Alternative Energy Committee was scheduled for May 4, 2005 at 4PM.
