MAY 24 2006

TOWN HALL MEETING ROOM

TOWN CLERK

November to April

Present: Michael May, Jim Sexton, Drew Brown, Paul Webber, Paul Banner and Kathy Hubby, Fred Magee, Wes Chapman and Tim Smith

Meeting.

The committee met with the board of Selectman on September 26, 2005 to discuss the potential sites for a MET Tower.

The potential test sites.

1. White Crest
2. Elementary School
3. Landfill
4. Marconi Air Field
5. Boy Scout Camp

It was agreed upon by the Selectman to support the Alternative Energy Committee's decision that the best test site locations were the order that they appear on this document. A meeting would be set-up with the MTC group to review the procedure and our selection of sites.

It was also agreed that we as a Committee had the full support of the Selectman..

The next course of action is to invite the MTC group to weigh in on our choice of MET Tower locations

The next meeting of the Alternative Energy Committee was left up to the Chairman.

Respectively Submitted,

Michael May, Chairman, Acct Secretary
