

**ALTERNATIVE ENERGY COMMITTEE**

**MINUTES**

**TOWN HALL MEETING ROOM**

**May 1, 2006**

RECEIVED

MAY 24 2006

TOWN CLERK

Present: Michael May, Jim Sexton, Drew Brown, Kathy Hubby and Fred Magee

Meeting.

The committee met with Town of Wellfleet Officials. Tim Smith. Town Administrator, Paul Murphy, Building Inspector, and Mark Vincent. DPW Director

Discussion was about a possible MET tower being erected at the White Crest Beach area. The building inspector would help us with the permitting; The DPW Director would help with clearing of brush for the test tower. Both dept heads said that funding for this project would be a problem, as both are cash strapped.

Tim Smith offered advice on possible grants from MTC or maybe going to Town Meeting with a proposal, as money issues become evident.

A site visit to the White Crest beach area followed. All who attended thought that the proposed site was a good one. The wind was howling that day

The next meeting of the committee was left to the chair. A meeting with MTC officials at there convince is planned

Respectively Submitted,

Michael May, Chairman, Acct Secretary
