

Wellfleet Energy Committee Meeting, April 15, 2009, 4 pm at
Town Hall

RECEIVED

APR 23 2009

Present: Mike May, Jim Sexton, Paul Banner, Kathy Hubby, Geoff
Karlson, Drew Brown, Peter Stewart and Gooz Draz.

TOWN CLERK

It was confirmed that the committee voted on the Town Meeting
Article 7 -0.

Gooz discussed his letter to the Dept. of Public Utilities about net
metering. Gooz will send the committee a copy of his letter by e
mail.

Wellfleet becoming a Green Community was discussed. The
moneys available to the State for grant funding is \$10 million.
Probably only a few \$1,000 would be available to our town.

The laws governing the municipalities and credits and how to
allocate credits to residents of our town or other municipalities
was discussed. N-Star does not want to handle the individual
customer accounting. They would either carry over the credit to
the next month or rebate a cash amount to the town.

The question of the total electric usage the full time residents use
in a year needs to be determined.

Jim said that MTC would pay for a business plan. They are
proposing to supply grants for towns and not provide the studies
themselves.

The Planning Board is holding a public hearing tonight on the
wind turbine by law change. Jim, Peter and Geof will attend.

Gooz will make the presentation at Town Meeting. The points to
present were discussed. A. The change in the by law was needed
so we can continue State funding. B. The monetary value to our
town by having an alternative energy source providing energy
and generating income.

Gooz and Peter will provide a hand-out for the Forum on Thursday, April 16, 2009 at the COA. The committee will also be at the Post Office or other Town places before Town Meeting to answer questions and provide a hand out.

The minutes of the March 31, 2009 meeting were approved.

The next meeting is Wednesday, April 22, 2009 at 4 pm at Town Hall.

The meeting adjourned at 5:05 pm

Respectfully submitted,

Kathy Hubby
