ANNUAL TOWN MEETING MINUTES

Monday, April 23, 2012

In accordance with the Warrant the Moderator, Bruce Bierhans, opened the meeting at 7:12pm at the Wellfleet Elementary School. A moment of silence was given to the following persons that passed away since the last town meeting: Kenneth Taylor – DPW employee, Lawrence Peters – Building Use Committee, 335 Main Street Committee and Cultural Council; Nolan Rozzelle – Elementary School substitute teacher; William Sturtevant – Building Inspector. The Moderator went over the housekeeping issues regarding town meeting.

ARTICLE 1: To see if the Town will vote to raise and appropriate and/or transfer from available funds such sums of money necessary to fund the Fiscal Year 2013 Town Operating Budget, and fix the salaries and compensation of all elected officers of the Town for Fiscal Year 2013.

Board of Selectmen recommends 5-0 Finance Committee recommends 9-0

ARTICLE 20: To see if the Town will vote to authorize the Board of Selectmen to petition the General Court for special legislation authorizing the Town to impose a room occupancy tax on vacation rentals not currently subject to such tax; provided, however, that the General Court may make clerical or editorial changes of form only to said bill, unless the Board of Selectmen approves amendments thereto prior to enactment by the General Court, and provided further that the Board of Selectmen is hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition.

An Act Relative to the Application of the Local Option Room Occupancy Excise Tax to Seasonal Rental Properties in the Town of Wellfleet.

Section 1. Notwithstanding the provisions of any general or special law to the contrary, in addition to the authority to impose a local excise tax upon any transfer of occupancy of any room or rooms as may be set forth in and authorized by G. L. c. 64G, §3A or other law, as the same may be amended from time to time, the Town of Wellfleet shall, commencing on the first day of the fiscal year that begins after the effective date of this Act, be authorized to impose a local excise tax upon the transfer of occupancy of any room in a seasonal rental property or other transient accommodations located within said Town by any operator at the rate of up to but not exceeding five (5) percent of the total amount of rent of each such occupancy.

Section 2. For the purpose of this chapter, all terms used herein shall, unless the context requires otherwise, have the same meanings as set forth in G. L. c. 64G, §1 and as follows:

"Occupancy", the use or possession, or the right to the use or possession of any room or rooms in a bed and breakfast establishment, bed and breakfast home, lodging house, motel, seasonal rental property or other transient accommodation designed and normally used for sleeping and living purposes, or the right to the use or possession of the furnishings or the services and accommodations, including breakfast in a bed and breakfast establishment or bed and breakfast home, accompanying the use and possession of such room or rooms, for a period of ninety consecutive calendar days or less, regardless of whether such use and possession is as a lessee, tenant, guest, or licensee.

"Seasonal rental property or other transient accommodations" shall mean any bed and breakfast home, as defined by G. L. c. 64G, §1 and any residential or commercial dwelling, dwelling unit or part thereof, unit of a condominium dwelling as defined by G. L. c. 183A, or time-share as defined by G. L. c. 183B, used for the lodging of guests or invitees in exchange for rent.

Section 3. No excise shall be imposed upon for the transfer of occupancy of any room in a seasonal rental property or other transient accommodations if the total amount of rent is less than fifteen dollars per day or its equivalent or if the accommodation, other than a bed and breakfast home, is exempt under the provisions of G. L. c. 64G, §2.

Section 4. All operators of seasonal rental properties or other transient accommodations shall be responsible for assessing, collecting, reporting, and paying such excise tax as set forth in G. L. c. 64G, §3-6, 7A and shall be liable in the same in the same manners as operators in G. L. c. 64G, §7B.

Section 5. This Act shall take effect upon its passage.

The General Court may only make clerical or editorial changes of form to said bill, unless the Board of Selectmen approves amendments thereto before its enactment by the General Court. The Board of Selectmen is hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition.

Board of Selectmen recommends 5-0 Finance Committee recommends 7-0

Unanimous voice vote to accept and adopt as printed in the warrant

ARTICLE 24: To see if the Town will vote to amend the Zoning By-laws by:

- (a) amending Section V USES, subsection 5.3.2, Commercial, to add "Solar Photovoltaic, Large-Scale Ground-Mounted Energy Generating Installation" as a permitted (as-of-right) principal use in the C-2 District, and
- (b) amending Section II, DEFINITIONS by adding the following definitions in alphabetical order: "Solar Photovoltaic Installation, Large-Scale Ground-Mounted," "Solar Photovoltaic Installation, Rated Nameplate Capacity," and "Degraded or Previously Disturbed Land" and
- (c) adding a new section to the Zoning By-law as SECTION **X**, entitled "Large-Scale Ground-Mounted Solar Photovoltaic Installations" as follows:

5.3.2 Commercial	CD	R1	R2	NSP	С	C2
Solar Photovoltaic, Large-Scale Ground-	0	0	0	0	0	P 6
Mounted Energy Generating Installation						
P = A permitted use	O = An excluded or prohibited use					

Footnote 6. Provided parcel contains at least 75% degraded or previously disturbed land, is held in common ownership as of the date of this amendment and subject to site plan review by the Planning Board to assure compliance with the C-2 District Objectives contained in §3.2.

Definitions:

Solar Photovoltaic Installation, Large-Scale Ground-Mounted: A solar photovoltaic system that is a principal use on a site of at least 8.5 acres in common ownership and which is structurally mounted on the ground (not roof-mounted), and has a minimum nameplate capacity of 250 kW Direct Current (DC).

<u>Solar Photovoltaic Installation, Rated Nameplate Capacity</u>: The maximum rated output of electric power production of the Photovoltaic system in Direct Current.

Degraded or Previously Disturbed Land: An area where the natural surface of the land or vegetation thereon has been significantly altered or removed, by acts such as mowing, cutting, grading, excavation, paving or other construction activity, including land being redeveloped from prior commercial use.

SECTION X – LARGE-SCALE GROUND-MOUNTED SOLAR PHOTOVOLTAIC INSTALLATIONS

The purpose of this by-law is to promote the creation of new large-scale ground-mounted solar photovoltaic installations by providing standards for the placement, design, construction, operation, monitoring, modification and removal of such installations that address public safety, minimize impacts on scenic, natural and historic resources and to provide adequate financial assurance for the eventual decommissioning of such installations.

The provisions set forth in this section shall apply to the construction, operation, and/or repair of large-scale ground-mounted solar photovoltaic installations.

10.1 COMPLIANCE WITH LAWS, ORDINANCES AND REGULATIONS

The construction and operation of all large scale solar photovoltaic installations shall be consistent with all applicable local, state and federal requirements, including but not limited to all applicable safety, construction, electrical, and communications requirements. All buildings and fixtures forming part of a solar photovoltaic installation shall be constructed in accordance with the State Building Code.

10.2 BUILDING PERMIT AND BUILDING INSPECTION

No large scale solar photovoltaic installation shall be constructed, installed or modified as provided in this section without first obtaining a building permit.

10.2.1 EXPEDITED PERMITTING

A Large-Scale Ground Mounted Solar Photovoltaic Installation shall be subject to expedited permitting, as follows: All Town permits – including formal or informal determinations, orders of conditions, licenses, certificates, authorizations, registrations, plan approvals, or other approvals or determinations with respect to the use, development or redevelopment of land, buildings, or structures required by any issuing authority – applicable to the siting and construction of the Large-Scale Ground-Mounted Solar Photovoltaic Installation within the C2 zoning district shall issue within 1 year of submission of a completed application.

10.3 FEES

The application for a building permit for a large scale solar photovoltaic installation must be accompanied by the fee required for a building permit.

10.4 SITE PLAN REVIEW

Ground-mounted large scale solar photovoltaic installations with 250 kW or larger of rated nameplate capacity shall require site plan review by the Planning Board prior to issuance of a building permit to authorize construction, installation or modification as further provided in this section. Reviews shall be conducted to assure compliance with all applicable law, and in particular, the C-2 District Objectives contained in §3.2.

10.4.1 GENERAL

All plans and maps shall be prepared, stamped and signed by a Professional Engineer licensed to practice in Massachusetts.

10.4.2 REQUIRED DOCUMENTS

An application for site plan approval shall include the following documents:

- (a) A site plan showing:
 - **i.** Property lines and physical features, including roads, and pre- and post-construction topography for the project site;
 - **ii.** Proposed changes to the natural vegetation and landscaping present at the site, as well as proposed grading, vegetation clearing and planting, exterior lighting, screening vegetation or structures;
 - iii. Blueprints or drawings of the solar photovoltaic installation signed by a Professional Engineer licensed to practice in the Commonwealth of Massachusetts showing the proposed layout of the system and any potential shading from nearby structures;

- **iv.** One- or three-line electrical diagram detailing the solar photovoltaic installation, associated components, and electrical interconnection methods, with all National Electrical Code compliant disconnects and overcurrent devices;
- v. Documentation of the major system components to be used, including the PV panels, mounting system, and inverter;
- vi. Name and address of and contact information for proposed system installer;
- vii. Name, address, phone number and signature of the project applicant, as well as all any property owners, if not the same as applicant;
- viii. The name, contact information and signature of any agents representing the project proponent; and
- (b) Documentation of actual or prospective access and control of the project site (see also Section 1.5);
- (c) An operation and maintenance plan (see also Section 1.6);
- (d) Zoning district designation for the parcel(s) of land comprising the project site (submission of a copy of a zoning map with the parcel(s) identified is suitable for this purpose);
- (e) Proof of proposed liability insurance; and
- (f) Description of financial surety proposed to satisfy the requirements of Section 10.12.3.

The Planning Board may waive any one or more of the above-listed documentary requirements as it deems consistent with the purposes of this section.

10.5 SITE CONTROL

The project applicant shall submit documentation of actual or prospective access and control of the project site sufficient to allow for construction and operation of the proposed solar photovoltaic installation.

10.6 OPERATION AND MAINTENANCE PLAN

The project applicant shall submit a plan for the operation and maintenance of the largescale ground-mounted solar photovoltaic installation, which shall include measures for maintaining safe access to the installation and accessory structures, including but not limited to storm water controls at the site, as shall provide details as to the proposed general procedures for operation and maintenance of the installation.

10.7 UTILITY NOTIFICATION

No Site Plan Approval of a large-scale ground-mounted solar photovoltaic installation shall be issued and no such facility shall be constructed until evidence has been submitted to the Planning Board satisfactory to demonstrate that the utility company that operates the electrical grid where the installation is to be located has been informed of the solar photovoltaic installation owner or operator's intent to install an interconnected customerowned generator. Off-grid systems shall be exempt from this requirement.

10.8 DIMENSIONAL AND DENSITY REQUIREMENTS

10.8.1 SETBACKS

For large-scale ground-mounted solar photovoltaic installations, the front, side and rear setbacks applicable in zoning District C-2 shall apply, except that where the lot abuts a Conservation-Recreation or Residential district, the side yard and rear yards shall not be less than 50 feet.

10.8.2 ACCESSORY STRUCTURES

All accessory structures to large-scale ground-mounted solar photovoltaic installations shall be subject to reasonable regulations concerning the bulk and height of structures, lot area, setbacks, and open space, parking and building coverage requirements. All such appurtenant structures, including but not limited to, equipment shelters, storage facilities, transformers, and substations, shall be architecturally compatible with each other. Whenever reasonable, structures should be screened from view by vegetation and/or joined or clustered to minimize visibility when viewed from adjoining Residential or Conservation-Recreation property.

10.9 DESIGN STANDARDS

10.9.1 LIGHTING

Lighting of solar photovoltaic installations shall comply with local, state and federal law. Lighting of accessory elements or structures shall be limited to that required for safety and operational purposes, and shall be shielded to avoid unnecessary visibility from abutting properties. Where feasible, lighting of the solar photovoltaic installation shall be directed downward and shall incorporate full cut-off fixtures to reduce light pollution.

10.9.2 SIGNAGE

Signs on large-scale ground-mounted solar photovoltaic installations shall comply with Section VII of this Bylaw and shall identify the owner and provide a 24-hour emergency contact phone number.

10.9.3 UTILITY CONNECTIONS

To the extent practical, as determined by the Planning Board, in consideration of soil conditions, shape and topography of the site and requirements of the utility provider, all utility connections from or to the solar photovoltaic installation shall be installed underground; however, electrical transformers for utility interconnections may be above ground if required by the utility provider.

10.10 SAFETY AND ENVIRONMENTAL STANDARDS

10.10.1 EMERGENCY SERVICES

The large scale solar photovoltaic installation owner or operator shall provide a copy of the project summary, electrical schematic, and site plan to the Fire Chief. The Planning Board or the Fire Chief may require the owner or operator to cooperate with designated Town or regional emergency service providers in developing an emergency response plan. All means of shutting down the solar photovoltaic installation shall be clearly marked. The owner and operator, if not the owner, shall identify a responsible person and contact information for providing response to public inquiries throughout the presence of the installation at the site, whether or not operational.

10.10.2 LAND CLEARING, SOIL EROSION AND HABITAT IMPACTS

Clearing of natural vegetation shall be limited to that necessary for the construction, operation and maintenance of the large–scale ground-mounted solar photovoltaic installation or otherwise required by applicable laws, regulations, and by-laws.

10.11 MONITORING AND MAINTENANCE

10.11.1 SOLAR PHOTOVOLTAIC INSTALLATION CONDITIONS

The large-scale ground-mounted solar photovoltaic installation owner and operator shall maintain the facility in good condition. Maintenance shall include, but not be limited to, painting, structural repairs, and integrity of security measures. Site access shall be maintained to a level acceptable to the local Fire Chief. The owner and operator shall be

responsible for the cost of maintaining the solar photovoltaic installation and any access road(s), other than public ways.

10.11.2 MODIFICATIONS

All material modifications to a solar photovoltaic installation made after issuance of the required building permit shall require approval by the Site Plan Review Authority.

10.12 ABANDONMENT OR DECOMMISSIONING

10.12.1 REMOVAL REQUIREMENTS

Any large- scale ground-mounted solar photovoltaic installation which has reached the end of its useful life or has been abandoned consistent with Section 10.12.2 of this by-law shall be removed. The owner or operator shall physically remove the installation no more than 150 days after the date of discontinued operations. The owner or operator shall notify the Site Plan Review Authority by certified mail of the proposed date of discontinued operations and plans for removal. Decommissioning shall consist of:

- (a) Physical removal of all large- scale ground-mounted solar photovoltaic installations, structures, equipment, security barriers and transmission lines from the site;
- (b) Disposal of all solid and hazardous waste in accordance with local, state, and federal waste disposal regulations; and
- (c) Stabilization or re-vegetation of the site as necessary to minimize erosion. The Site Plan Review Authority may allow the owner or operator to leave landscaping or designated below-grade foundations in order to minimize erosion and disruption to vegetation.

10.12.2 ABANDONMENT

Absent notice of a proposed date of decommissioning or written notice of extenuating circumstances, the solar photovoltaic installation shall be abandoned within the meaning of this section when it fails to operate for more than one year without the written consent of the Planning Board. If the owner or operator of the large-scale ground-mounted solar photovoltaic installation fails to remove the installation in accordance with the requirements of this section within 150 days of abandonment or the proposed date of decommissioning, the grant of site plan approval for the facility shall be deemed to be the consent of the owner and operator for the Town to enter the property and physically remove the installation.

10.12.3 FINANCIAL SURETY

Applicants for large-scale ground-mounted solar photovoltaic projects shall provide a form of surety, either through escrow account, bond or otherwise, to cover the cost of removal in the event the Town must remove the installation and remediate the landscape, in an amount and form determined to be reasonable by the Planning Board, in an amount not to exceed 125 percent of the projected cost of removal and compliance with the additional requirements set forth herein, as determined by the project proponent. Such surety will not be required for municipally- or state-owned facilities. The project proponent shall submit a fully inclusive estimate of the costs associated with removal, prepared by a qualified engineer. The amount shall include a mechanism for calculating increased removal costs due to inflation.

Planning Board report given

Voice vote to refer back to the Planning Board for further study Motion to amend by changing the words "Planning Board" to Zoning Board of Appeals" loses. Motion to call the question passes by a 2/3 voice vote. **ARTICLE 25:** To see if the Town will vote to amend the Town of Wellfleet Zoning Bylaws, as follows:

- amend Section 8.4.2, which presently reads:

8.4.2 <u>Special Permits</u> - Except as provided in Section 6.6 and Section 6.18, the Board of Appeals shall have the authority to hear and decide all applications for special permits. Granting of a special permit for an adult entertainment use shall be pursuant to the requirements of Section 6.20, Adult Entertainment Uses, in addition to all other special permit requirements hereunder. The Board of Appeals, or the Planning Board under Section 6.18, shall not grant a special permit unless it finds that the benefits of the proposal to the Town will outweigh any adverse effects on the Town of the vicinity, taking into consideration the stated district objectives (Section 3.2) and, where germane, the following matters

- so that it reads:

8.4.2 <u>Special Permits</u> - The Board of Appeals shall be the Special Permit Granting Authority (SPGA) with authority to hear and decide all applications for special permits, except for those special permits where the Planning Board is expressly designated as the SPGA. Granting of a special permit for an adult entertainment use shall be pursuant to the requirements of Section 6.20, Adult Entertainment Uses, in addition to all other special permit requirements hereunder. The Board of Appeals, or the Planning Board acting as the SPGA, shall not grant a special permit unless it finds that the benefits of the proposal to the Town will outweigh any adverse effects on the Town or the vicinity, taking into consideration the stated district objectives (Section 3.2) and, where germane, the following matters. . . .

- and further, amend the first sentence of Section 8.4.2.4, which presently reads:

Section 8.4.2.4 Special permits shall be issued only following public hearings held within sixty-five days after filing of an application with the Board of Appeals, a copy of which shall forthwith be given to the Town Clerk by the applicant.

- so that it reads:

Section 8.4.2.4 Each application for a special permit shall be filed by the petitioner with the Town Clerk and a copy of said application, including the date and time of filing certified by the Town Clerk, shall be filed forthwith by the petitioner with the Special Permit Granting Authority (SPGA). Special permits shall be issued only following a public hearing to be held within sixty-five days of the date of filing as certified by the Town Clerk.

- and amend the heading and text of, Section 8.5, which presently reads:

Section 8.5 APPEALS OF BOARD OF APPEALS DECISIONS – Any person aggrieved by a decision of the Board of Appeals must appeal within 20 days after filing of the Board's decision with the Town Clerk to either the District Court, the Land Court or the Superior Court, in accordance with the provisions of M.G.L. Ch. 40A.

- so that it reads:

8.5 APPEALS - Any person aggrieved by a decision of the Board of Appeals or the Planning Board acting as Special Permit Granting Authority (SPGA) must appeal within 20 days after filing of the Board's decision with the Town Clerk to either the District Court, the Land Court or the Superior Court, in accordance with the provisions of G .L. c. 40A, §17.

Voice vote to transfer from the Board of Selectmen for general municipal purposes to the Conservation Commission for conservation purposes pursuant to Massachusetts General Laws, Chapter 40, Section 8C, the Hamblen Park consisting of parcels 150 and 151 on Assessor's Map 15. **ARTICLE 29.** To see if the Town will vote to authorize the Wellfleet Conservation Commission to grant an easement upon the property at 50 Beach Street, identified as Wellfleet Assessors Map 35, Parcel 26, and/or that portion of Water Street abutting said parcel, appurtenant to the property at 40 Beach Street, identified as Wellfleet Assessors Map 35, Parcel 9, for the installation, use, repair and maintenance of septage disposal system components, upon such terms and conditions as the Conservation Commission shall establish, and to authorize and direct the Conservation Commission to take any and all actions necessary or convenient therewith.

Board of Selectmen recommends 5-0 Finance Committee recommends 7-1-0 Open Space Committee has no recommendation 5-0-1 Conservation Commission recommends 6-0 Planning Board recommends 4-0

2/3 voice vote as amended that the Board of Selectmen or the Conservation Commission be authorized to grant an easement over land shown as Parcel 26 on Assessors Map 35, for the installation, use, repair and maintenance of septage disposal system components, for such consideration and on such other terms and conditions as the Board of Selectmen deem in the best interest of the Town.

Motion to add the words "or Conservation Commission" passes by a voice vote.

ARTICLE 30: To see if the Town will vote to amend the General Bylaws by deleting in its entirety the Council on Aging Bylaw adopted October 15, 1973.

Board of Selectmen recommends 5-0 Council on Aging recommends 3-0

Voice vote to accept and adopt Article 30 as printed in the warrant

ARTICLE 31: To see if the Town will vote pursuant to the provisions of G. L. c. 43B, §10 to amend the Wellfleet Home Rule Town Charter to change the position of Town Clerk-Town Treasurer from elected to appointed as set forth below:

- (1) Amend Section 4-2 Elected Officers, Subsection 4-2-1, listing those officers to be elected, by deleting paragraph (b) Town Clerk-Town Treasurer, and re-lettering the remaining paragraphs accordingly;
- (2) Amend Section 3-6 <u>Powers of Appointment</u>, Subsection 3-6-1, authorizing appointment by the Board of Selectmen, by inserting in said list (h) Town Clerk and (i) Town Treasurer respectively; and
- (3) Insert a new Chapter as follows: Chapter 9 TRANSITIONAL PROVISIONS

Section 9-1 Appointed Town Clerk and Town Treasurer

9-1-1 The vote of the 2012 Annual Town Meeting to amend the Charter to change the elected position of Town Clerk-Town Treasurer to the appointed positions of Town Clerk and Town Treasurer, shall take effect immediately upon approval by the voters at the 2013 Annual Town Election. At that time, the elected office of Town Clerk-Town Treasurer shall be abolished and the term of the elected incumbent terminated; provided, however, that the elected incumbent holding office as of the effective date of said Charter amendment shall be the first appointee to the newly created appointed positions, and, notwithstanding the provisions of Section 3-6-1 of the Town Charter, shall remain in said positions until the Board of Selectmen appoints a fully qualified person or persons to fill the offices. Thereafter, appointments to the positions shall be made in accordance with Section 3-6-1, and notwithstanding any provision of this Charter, or general or special law to the contrary, one person may be appointed to serve in both capacities, and, in such instances, such capacities shall be deemed a single position.

Board of Selectmen recommends 3-2 Finance Committee recommends 7-0

ARTICLE 32: To see if the Town will vote to adopt the following Organic Land Management Bylaw or act on anything related thereto.

6.31 ORGANIC LAND MANAGEMENT – TOWN LANDS & WATERWAYS

6.31.1 FINDINGS

All pesticides are toxic to some degree. The commonplace, widespread use of pesticides is both an environmental problem and a public health issue. All citizens, and in particular children, as well as other inhabitants of our natural environment, have a right to protection from exposure to hazardous chemicals and pesticides.

It is in the best interest of public health and the environment to eliminate the use of toxic pesticides on Town- owned land, ponds and waterways; to encourage the reduction and elimination of the use of toxic pesticide on private property; and to introduce and promote natural, organic cultural and management practices to prevent and, when necessary, control pest problems on Town-owned land.

6.31.2 PURPOSE

The purposes of these Organic Land Management Regulations are (1) to protect the public health by restricting the use of hazardous chemicals and pesticides on Town-owned land (2) to protect ground water, bays and estuaries, and drinking water supplies from damage caused by synthetic water-soluble fertilizers (3) to guarantee the right of the residents of Town the safe use of public land, (4) to encourage the reduction and elimination of the use of toxic pesticides and synthetic chemical fertilizers on private property.

6.31.3 DEFINITIONS

<u>Organic Land Management (OLM)</u> eliminates the use of toxic pesticides and synthetic chemical fertilizers. OLM practices include, but are not limited to:

- soil testing;
- addition of approved soil amendments and organic fertilizers as necessitated by soil test results, following, but not limited to the guidelines set forth by the Organic Land Care Program of the Northeast Organic Farmers' Association (NOFA) and/or the Organic Material Review Institute of Eugene, OR (OMRI), and/or The National Organic Program (NOP) or the equivalent;
- modification of outdoor management practices to comply with organic horticultural science, including scouting, monitoring, watering, mowing, pruning, proper spacing, and mulching;
- the use of physical controls, including hand-weeding and over-seeding;
- the use of biological controls, including the introduction of natural predators, and enhancement of the environment of a pest's natural enemies;
- eliminating pest habitats and conditions supportive of pest population increases.

<u>Pesticides</u> are defined by the Massachusetts Department of Food and Agriculture Pesticide Bureau as: "substances or mixtures of substances that prevent, destroy, repel, or mitigate pests, or defoliate, desiccate, or regulate plants." Pesticides are poisonous and include herbicides, mildewcides, fungicides, and insecticides.

<u>Pests</u> are undesirable plants, insects, fungi, bacteria, and rodents, birds and other animals. Common examples include crabgrass, knotweed, poison ivy, chinch bugs, grubs, and a variety of plant pathogens.

<u>Fertilizer</u> is any organic or inorganic material of natural or synthetic origin that is added to a soil to supply one or more plant nutrients essential to the growth of plants. Fertilizers are broadly divided into organic fertilizers (composed of enriched organic matter—plant or animal), or inorganic fertilizers (composed of synthetic chemicals and/or minerals).

<u>Organic fertilizer</u> includes naturally occurring organic materials, or naturally occurring mineral deposits typically composed of material produced through the decomposition process, animal by-products, or grains. Organic fertilizers improve biodiversity and long-term productivity of soils.

<u>Synthetic fertilizer</u> is any ammonia based nitrogen fertilizer, such as anhydrous ammonium nitrate and urea or any artificial nitrogen fertilizer.

Biosolids are the organic materials resulting from the treatment of sewage sludge

6.31.4 PROHIBITION

The use of pesticides, synthetic fertilizers and biosolids (as defined) by Town employees and/or by private contractors, for managing lawns, turf, ornamental beds, and trees is prohibited on all Town-owned lands and waterways.

6.31.5 APPROVED PEST PRODUCTS

Products on the approved list of Organic Land Care Program of the Northeast Organic Farmers' Association (NOFA) and/or the Organic Material Review Institute of Eugene, OR (OMRI), and/or; The National Organic Program (NOP), and/or the equivalent as determined by the Town Health and Conservation Agent. All pesticides except those that appear on the EPA 25(b) exempted list are subject to these Regulations. Pesticides considered minimum risk products that appear on the EPA Toxicity Category III & IV lists may be considered for an exempted use by the Town Health and Conservation Agent. Those products that meet the criteria for inclusion on the EPA Toxicity Category 1 & II lists are permanently prohibited.

6.31.6 INVENTORY OF PESTICIDES, SYNTHETIC FERTILIZERS, and BIOSOLIDS A registry of all pesticides, synthetic fertilizers, and biosolids currently stored in or on Townowned premises shall be compiled by the DPW Director who shall have authority to order the disposal of any such products through the Town's Hazardous Wastes Collection program.

6.31.7 EXEMPTIONS

All outdoor pest management activities taking place on Town-owned land shall be subject to Organic Land Management, except as follows:

- Pesticides otherwise lawfully used for the purpose of maintaining a safe drinking water supply at drinking water treatment plants and at wastewater treatment plants and related collection, distribution, and treatment facilities.
- Pesticides in contained baits or traps for the purpose of rodent control.
- Pesticides classified by the United States Environmental Protection Agency as exempt materials under 40CRF 152.25, or those pesticides of a character not requiring FIFRA regulation.

If pest situations pose a threat to human and animal health or the environmental quality and reasonable OLM efforts have been attempted without success, the Town Health and Conservation Agent may grant a waiver for the use of a specific pesticide on Town owned lands and waterways. The Agent must notify the Board of Health of this waiver in writing [by petition].

Board of Selectmen does not recommend 4-0 Board of Health does not recommend3-0 Local Comprehensive Plan Implementation Committee recommends 4-0 *as consistent with the Local Comprehensive Plan (LCP)* Bylaw Revision Committee does not recommend 3-0

Voice vote to Indefinitely Postpone

ARTICLE 33: To see if the Town will vote to enact Chapter _____ of the Town of Wellfleet General Bylaw, entitled "Stretch Energy Code" for the purpose of regulating the design and construction of buildings for the effective use of energy, pursuant to Appendix 115.AA of the Massachusetts Building Code, 780 CMR, the "Stretch Energy Code", including future editions, amendments or modifications thereto, a copy of which is on file with the Town Clerk, or take any other action relative thereto [by petition].
