The Conservation Officer will provide a draft of his Goals for the Commission's review for 2013.

#### **Conservation Officer Updates:**

The Cumberland Farms site walk went well and Members Lundberg and Koenigsberg were able to attend with DEP, Site Engineer and the Conservation Officer. Cumberland Farms will be on February's Agenda and will be submitting an NOI and ANRAD for Flanders Road for work related to the storage addition and access driveway changes

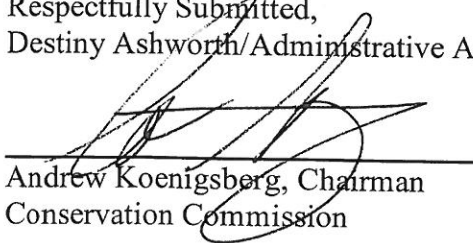

Joseph Jammallo will be on the February Agenda to discuss Landfills 4 & 5, located off Brigham Street.

WCLT would like to speak to the Commission regarding alternatives to Bog Bridges and trail maintenance. A second February meeting will be scheduled.

The Conservation officer was contacted by Nathan Jones, LSP and was informed his firm is no longer representing Exxon Mobil. This is quite a common occurrence with large companies, the Conservation Officer has reached out expressing his interest in trying to get through the testing phase of these areas with the current LSP's before the switch occurs.

Member Cushing made a motion to adjourn the meeting at 7:53, Member Lundberg seconded , unanimously voted.

Respectfully Submitted,
