licensing board

##### Gorman School Update

Handicapped spot still blocked by chain still unable to be used  
AAB meeting to be held in Boston at AAB office on Monday, September 13th, 3:00pm

#### **Anniversary Celebration:**

20th Year Anniversary is being held on the Boston Common to celebrate ADA. This all day event is being put on  
by the Disability Policy Consortium.

### **Winthrop Short Beach Project:**

The concern over a handicapped parking spot being too far away from the ramp(s) to get onto the beach has been

rectified. There will be one spot in the beach parking lot and the original spot in concerned will be moved back toward Winthrop and closer to the down ramp. This was verbally agreed to.

### **Winthrop Yacht Club:**

No contact has been made by Winthrop Yacht Club concerning their committee for handicapped access to their club.

No request for assistance has been made to the town or the Disability Commission. A letter was written to the chair

of their committee, Mike DeSanctis, advising him of the Winthrop Commission and stating that we would be willing to

assist them in their endeavours to make Winthrop Yacht Club compliant. To date there has been no response to the commission.

### **List of Commissions:**

Our commission is looking for an up to date list with the cities and towns noted from our state that have Disability

Commissions in place. There is currently a list but is at least five years old. We are looking for an up to date

version that would contain the names, addresses, telephone numbers, email addresses etc..

### **Guest Speaker:**

Next month, August, the commission will be having a guest speaker from the Massachusetts Office of Disabilities.

### **Winthrop Handicapped Residential Parking Locations:**

Charlotte Foberg of the town hall and Lee have been going through and updating all the personal handicap parking sites

in the town. Letters were sent to each person(s) who have/had a handicapped sign and parking spot. Most residents

have responded with their most current information, some have been removed because the party has passed away or

have moved. The update/record keeping should be completed by the end of the summer.

### **Visit by Consortium Head:**

Robin Powell of the Disability Policy Consortium is taking time to visit different commissions in the Boston area. We are

hoping that she has Winthrop on her schedule so the commission members will be able to catch up on current events

and new information for the disabled.

### **New Type Wheelchair:**

Nova has come out with a new wheelchair. It is lightweight, easy to maneuver and manageable, and can be a one

man/woman/child operation with little or no assistance. The cost is \$189.00. The commission will see if it

can obtain additional information plus flyers and where to go to request information or purchase.

### **August Meeting:**

Our August meeting will not only have a guest speaker but the commission will begin its brainstorming session to address the possibility of having a "disability health faire" sometime in the near future. The commission feels strongly that this would be a benefit to all in our town that have handicapped or disability issues. It will give persons who have issues and need assistance in one manner or another to know where to go, how to get assistance and address any concerns.  
More to follow.....

**Next Meeting Date:**

Thursday, August 19, 2010

**Meeting Adjourned:** 8:59P

Respectfully Submitted by  
Linda McGeorge Acting Secretary for Gloria Evans
