The resident making the request was not in attendance. A number of residents from the area in question were and they expressed a number of concerns with the requested changes.

Recommendation:

The TSAC voted unanimously not to change the parking in the areas in question.

Resident request – discuss the possibility of installing a sign that states “No Ballpark Parking” at the end of Crescent Street.

The TSAC voted unanimously to recommend the addition of “Privacy Slats” to the chain link fence as opposed to placing a “No Parking” sign as requested.

During the open session of the meeting, a resident requested that the “No Parking Here to Corner” sign located at the intersection of Revere Street and Deane Avenue be moved from its present position to the legally defined distance from the corner.

Recommendation:

The TSAC voted unanimously that the sign be moved to its legally defined position.
