

**Wolfeboro Conservation Commission  
Dredge & Fill Meeting  
February 25, 2009**

**Members Present:** Randy Tetreault, Dave Wheeler, Members, Sarah Silk, Mike Hodder, Alternates.

**Town of Wolfeboro  
North Line Road  
Standard Dredge & Fill**

The applicant proposes 300 lf of bank stabilization of North Line Road, roadway improvements and lengthening the existing concrete box culvert where Fernald Brook crosses North Line Road.

**The Wolfeboro Conservation Commission cited no objection to the Town of Wolfeboro, Standard Dredge & Fill application however, questioned how the Town proposes to monitor siltation while the work is ongoing and prevent sedimentation from flowing downstream toward the sandy beach on Lake Wentworth. The Commission recommended the following; work to be done during lowest seasonal flow of Fernald Brook and attempt vegetative stabilization wherever possible.**
