

**WOLFEBORO CONSERVATION COMMISSION  
DREDGE & FILL MEETING  
May 11, 2009**

**Members Present:** Dan Coons, Chairman, Mike Hodder, Vice-Chairman, Bob Gilbert, Lenore Clark, Dave Wheeler, Members, Sarah Silk, Alternate.

**Gerald & Susan Maus  
7 Delings Cove Road  
Lake Winnepesaukee  
TM #259-29  
Special Use Permit**

The applicant has requested to construct a driveway and boathouse creating temporary and permanent impacts within the wetlands buffer.

**Referencing the Gerald & Susan Maus Special Use Permit application, TM #259-29, the Wolfeboro Conservation Commission determined a site inspection is necessary prior to any comment to the Wolfeboro Planning Board.**

**LLK Trust  
134 Stoneyfield Farm Road  
Crescent Lake  
TM #224-13  
Standard Dredge & Fill**

The applicant has requested to install 2 seasonal docks with a connecting walkway in a U-shaped configuration, install a seasonal canopy, install 2 seasonal boat lifts and 2 seasonal PWC lifts.

**The Wolfeboro Conservation Commission noted the following in regard to the LLK Trust Standard Dredge & Fill application, TM #224-13; no objection to a dock however, given the 1130' of shore frontage, the Commission questioned an alternate location to allow for the construction of a shorter dock and noted a more accurate survey of the water depth could have determined such.**

**Town of Wolfeboro  
Bryant Road Right-of-Way  
Standard Dredge & Fill**

The applicant proposes approximately 75 linear feet of bank stabilization and road improvements on Bryant Road to include the installation of riprap along the embankment.

**The Wolfeboro Conservation Commission cited no objection to the Town of Wolfeboro Standard Dredge & Fill application.**
