

**WOLFEBORO CONSERVATION COMMISSION
DREDGE & FILL MEETING
September 21, 2013**

Members Present: Dan Coons, Chairman, Randy Tetreault, Vice-Chairman, Gail Antonucci, Dave Wheeler, Ed Roundy, Lenore Clark, Art Slocum, Members.

**John O'Connell
2 Fern Avenue
Lake Wentworth
Permit By Notification
TM #149-9**

The applicant proposes to repair rip-rap stone retaining wall along 100' shoreline due to ice damage (repaired in 2008, NHDES file #2008-00996).

Referencing the John O'Connell Permit By Notification application, Tax Map #149-9, the Wolfeboro Conservation Commission has no objection with allowing the applicant to complete the repairs. However, the Commission notes that repairs were permitted in 2008 and would like to ensure that the plans will obviate the need for having the repairs done during the next drawdown period.

**Pauline Fournier and Barbara Passalacqua
53 Fernald Crossing
Lake Wentworth
Permit By Notification
TM #149-10**

The applicant proposes to repair stone retaining wall due to ice damage to combat erosion that was restored during the last drawdown of Lake Wentworth (repaired in 2008, NHDES file #2008-001179).

Referencing the Pauline Fournier and Barbara Passalacqua Permit By Notification application, Tax Map #149-9, the Wolfeboro Conservation Commission has no objection with allowing the applicant to complete the repairs. However, the Commission notes that repairs were permitted in 2008 and would like to ensure that the plans will obviate the need for having the repairs done during the next drawdown period.
