

**TOWN OF WOLFEBORO
CONSERVATION COMMISSION
DREDGE & FILL MEETING
October 2, 2015**

Members Present: Dan Coons, Chairman, Ed Roundy, Art Slocum, Jeff Marchand, Members, Luke Freudenberg, BOS Representative and Alternate.

**Steven Defossez
Lot 60 Christian Ridge Road
Crescent Lake
Standard Dredge & Fill
Tax Map #218-60**

The applicant proposes to install a seasonal U-shaped dock with a canopy over the center slip (24'x10' bay). No footing concrete pad, no winch and 15'x6' landing stairs over rocks at shore.

The Wolfeboro Conservation Commission noted no objection to the Steven Defossez Standard Dredge & Fill application, Tax Map #218-60.

**Lakeside Trust
144 Springfield Road
Lake Winnepesaukee
Standard Dredge & Fill
Tax Map #266-4**

The applicant proposes to relocate one boulder that is a hazard to the boathouse approach and relocate five rocks which are both a swimming and navigation hazard.

Referencing the Lakeside Trust Standard Dredge & Fill application, Tax Map #266-4, the Wolfeboro Conservation Commission is not in favor of the application as submitted. The Commission notes that the rocks and boulders in question, are located more than 36" below the reference lake level for Winnepesaukee. In addition, there is no indication as to whether the materials are to be removed from the lake, or relocated. The Commission also notes that the location is in the same general area as the loon sanctuary and we are not in favor of creating disturbance to the lake bottom.

Respectfully Submitted,
Lee Ann Keathley
