**Joshua A. Siegel 2003 Revocable Trust
17 Stephenson Lane
Special Use Permit
Tax Map #244-19**

The applicant proposes to construct a workshop, modify an existing driveway location and temporary impact of ground surface during construction within the wetlands buffer and setback.

Referencing the Joshua A. Siegel 2003 Revocable Trust Special Use Permit application, Tax Map #244-19, the Wolfeboro Conservation Commission reviewed the application and plans and noted that nothing on the application shows methods to control runoff from the driveways, roofs or other impervious surfaces. In addition, there was no indication that the stormwater management would result in no increase in flow from the site, into the abutting properties, to the intermittent stream or the downslope wetland.

Respectfully Submitted,
Lee Ann Keathley
